ROAD WORK DELAYED

S. Benson to Meet Aurora-Hubbard-Woodburn Folk.

CITIZENS ACCUSE RAILWAY

Southern Pacific Charged With Opposing Highway Improvement.

S. Benson, chairman of the State Highway Commission, said yesterday that he expected to have a conference today with several residents of the Aurora, Hubbard and Woodburn communities.

The Southern Pacific Railroad Company is unable to furnish a sufficient number of cars to haul the rock material required to pave the road, and the officials of the Oregon Haslam Paving Company, who have the contract for laying the pavement, say that they are helpless to proceed.

The matter has already been presented to the Public Service Commission, Mr. Benson said yesterday, but no relief has been forthcoming.

and go with State Highway Commission

"I have always assumed that the railroad company is in full sympathy with us in our road work, but from the people of the Aurora, Hubbard and Woodburn communities tell me it looks like the Southern Pacific Company might do more for us in the matter of supplying cars."

G. A. Newell, assistant superintendent of transportation in charge of the car shortage situation for the Southern Pacific Company, said last night that the railroad company will be glad to confer today with the complainants.

War Orders Have Preference. "There is a general shortage of gondolas, the type of car used in hauling rock," said Mr. Newell.

"If it were possible to get plenty of flatcars we could board them up and use them to haul rock for the road project, but we cannot take the flatcars away from the lumber shippers, particularly those who are sending lumber for use in building up Army camps. We most certainly would be glad to give the Oregon Haslam Company cars if we had them."

THREE MAKE CONFESSIONS

Revelations Surprise Authorities and Reveal Increase in Illicit Traffic From California.

An extensive and well-organized bootlegging system was uncovered yesterday in the arrest by Deputy Sheriffs of D. E. Stevens, Pullman car conductor; Charles Clemmons, proprietor of the Victoria Hotel; H. C. Schroeder, proprietor of the confectionery at the Vaughn-street park, and R. W. Winn, Pullman car porter.

Clemmons and Schroeder were arrested with two cases of liquor in their possession, while Stevens and Winn were placed under arrest later after confessions had been made by Clemmons and Schroeder. Stevens, in a confession later, laid bare a story of bootlegging operations which astounded District Attorney Evans and caused him to write to Governor Withycombe last night asking that the state take immediate steps to co-operate with city and county officials in an effort to stamp out this increasing traffic in liquor.

ARMY BUILDING GOES ON

"FEELING OUR WAY," SAYS BRIGADIER-GENERAL STYER.

Time When 1,000,000 Men Will Be Ready for Service Is Matter of Conjecture, Officer Says.

TACOMA, Wash., Aug. 24.--(Special).--"Feeling our way, that's what we are doing with this great new National Army, and the time when we will have 1,000,000 men ready to answer the Nation's call can only be a matter of conjecture. But we're going ahead as efficiently and speedily as possible."

Brigadier-General H. D. Styer, one of the men in command of the division which is to be trained at Camp Lewis for the front, paused a moment today, erect, soldierly, an American Army officer with all the traditions of the service, West Point and 37 years in the Army behind him, to discuss the military situation of the United States.

The officer confiscated a bottle partly filled with liquor, which was found in a refrigerator in the rear of the establishment. Hoover Inspects Food Survey. WASHINGTON, Aug. 24.--Herbert C. Hoover, the food administrator, will leave for Chicago today for a flying 12-hour visit, during which he will confer with the agents of the Federal Trade Commission who have been investigating the meat packing industry, with the packers themselves and with editors of farm papers.
