ored with Government contracts. As it is fully expected business will be placed with them, even a more extensive army of workers will be called on, for by Spring next year it is fore-cast every plant in the state will be operating to its maximum capacity.

Even more far reaching than is apparent here is the wooden vessel construction activity, for it stretches into

the timber along the Columbia River and the Willamette Valley, also inland from Tillamook and Coos Bay, where wooden ships are provided for, so it takes in logging camps and mills, some to the extent of almost depending on their canacity. their capacity. Milis are cutting such quantities of ship material that commercial orders have been sacrificed in some cases and in others it has required the co-opera-tion of several plants to get out one offshore cargo.

PHOENIX, Ariz., Sept. 14.—Discovery of \$400,000, cached in the hills of Gra-ham County, this state, is reported by H. R. Whitman, of Solomonville. The discovery was made by Joe Walsey, a cowboy, according to Whitman. While hunting stray cattle northwest of Solomonville, Walsey found a tree trunk from which the handle of a shovel prortruded. Digging disclosed an iren box containing old Spanish gold coins and gold vessels, the intricate working of which is said to bring the value of the find above the \$400,000 es-

timated as its worth in bullion. The gold has been taken to Stafford, seat of Graham County, and placed in security. Old residents say Walsey has discovered a hiding place of priests who left that section about 75 years ago, when it was a part of Mexico. It has always been thought that priests buried the church wealth before
