FEELERS ARE PUT OUT

Holders Preparing for Active Market for Clips Stored in This City-Government Is Steady Buyer in Eastern Market.

Inquiries are beginning to come on the wool market in the way of feelers and there tors and high prices are demanded, are other indications that buying may be resumed here before long. Local holders have been expecting for some time that a Local Buying Prices Will Be Two Cents demand would develop and are encouraged to hope now that an active market is not far distant.

STOCK CONDITIONS ABOUT NORMAL No Serious Results Anticipated by Assistant

Forester Barnes.
PENDLETON, Or., Sept. 18.—(Special)-Stock conditions in Oregon are perhaps a little below normal, but no serious results are to be anticipated, said Will O. Barnes. ansistant forester of the United States, who is here on an inspection trip over the Government reserves. He believes the stockmen will be compelled to sell off a part of their herds to avoid the loases they suffered last year, but does not look for a large sale for the reason that, with prices so high. the stockman will find it to his advantage to hold all the stock he can possibly care

While the ranges are not in good shape this year, Mr. Barnes finds that there is plenty of feed in the country. It is, how-ever, held largely in the hands of specula-

CHICAGO, Sept. 14.—General selling of corn resulted today from assertions that Germany's peacy terms had been handed to the Pope. The market, which for the most the Pope. The market, which for the most part had been advancing until the peace part had been sharply talk became current, turned then sharply talk became current, turned then sharply downgrade. Closing quotations were heavy, % to 1% not lower, at \$1.18% to \$1.18% for December. In provisions the outcome ranged from 80c decline to a raise of 35c. Except during a brief time at the opening, corn showed decided strength throughout the first half of the session. The fact that the peace reports included specific references to absolute independence for Beigium tended further to handleap the buils, and there was no important reaction from the break in values as the market came to an end.

an end.

Export purchases amounting to 800,000 bushels failed to prevent outs from sagging with corn in the late trading.

Supplies of wheat gained a little volume, but not sufficiently so to overtake the demand. Latist estimates of the Spring crop in the Dakotas and Minnesota put the aggregate at 6,000,000 bushels less than was suggested by the Government September report. Active buying of October lard gave rovision market a lift. The close was

TRADE PROSPECTS ENCOURAGING Industrial Outputs Only Limited by Lack of Labor. NEW YORK, Sept. 14.—Bradstreet's to-

NEW YORK, Sept. 14.—Bradstreet's tomorrow will say:
Trade grows, prospects for Fall are encouraging and industrial outputs generally
are only limited by lack of labor, but depression is created in some channels by past
or possible future price fixing, by uncertainty over taxation on excess profits, by
the hardening of rates for money and by
the husbanding of resources to take cars of
the forthcoming Government loan. Still the
wants of a very numerous well-employed
people plus the enormous needs of a wealthy
nation at war has made for a forward
movement, and, while Government buying
looms largest, the more important markets
have been visited by numerous merchants
who have taken staple articles rather freely.
It is undeniable, however, that high prices who have taken staple articles rather freely.

It is undeniable, however, that high prices tend to deter free buying, and, moreover, those who control credit reins are disposed to discourage the locking up of too much capital in high-priced merchandise, especially as it is a foregone conclusion that the Government's needs for money must receive precedence.

Aside from the uplift in house trade. Which is manifest in demand for drygoods and kindred lines, cool, indeed frosty weather in parts of the country the fore part of the week greatly stimulated retailing, but on the other fished hurt the quality and to some extent the quantities of late unmatured crops.

Bank clearings were \$5.751,153,000 for the week. Sovernment's needs for money must receive

BETTER TONE IN GOODS MARKET Demand for Wool on Private Trading Im-

proves at Boston. BOSTON, Sept. 14.-The Commercial Bul-BOSTON, Sept. 14.—The Commercial Bulletin will say tomorrow:

The demand for wool on private trading has been decidedly better this week, several million pounds of territory original and graded wools alone having been sold at fully recent rates. The Government has continued to purchase wool, but just how much is not revealed. A little more interest is reported in goods by the mills and the purchases during the week would seem to reflect a better tone to the goods market.

Fine of \$350 Imposed at North Bend on Compromise Verdict.

NORTH BEND, Or., Sept. 14 .- (Spe cial.)—Chief Engineer Hilmar Ingebrit-sen, of the steam schooner G. C. Lin-dauer, was found guilty of seiling a case of liquor to R. M. Kyle and L. N. Evans, two of Sheriff Gage's deputies, by a jury which argued the evidence for several hours. The Jury recommended that a fine be imposed but no jail sentence attached. The verdict was a compromise finding, three of the jurymen standing against fail sentences. Justice of the Peace Shuster imposed a fine of \$350.

William T. Quinn, who was arrested on a similar charge, was dismissed. Pioneer Boy Volunteers.
