Increase in Pay of Workers in Government Service Is Decided On by Committee.

PUGET SOUND IS HIGHEST

Local Conditions Are Taken Into Account in Adjusting Scales and Parther Consideration Will Be Given Some Cases.

WASHINGTON, Sept. 16 .- Completion of new wage scales for all Navy-yards and arsenals was announced today by the special joint war-navy-labor com-mittee. The revision, which becomes efprepared, is said to make an average increase in maximum rates of nearly 10 per cent, and much greater advances in the scale for the lower fective as soon as new payrolls can be

in the scale for the lowest grades of in the scale for the lowest grades of skilled labor.

The committee examined local rates and was guided to a great extent by the aim to make the rates as nearly uniform in all sections of the country as circumstances would allow.

The County Auditor, who issues marriage licenses in this county, has received a number of letters from

Puget Sound Pay Highest.

The increases given in the maximum rates will be found to average nearly 10 per cent. In some cases the recommendations of the local Navy-yard, as in the case of some trades at Puget S. und, have been slightly reduced in view of the abnormal situation in that locality, which is out of line with the rest of the Nation; the scale given by the committee shows, nevertheless, an actual larger percentage of increases and a higher maximum of pay than in any other Navy-yard on either coast. any other Navy-yard on either coast.

In other cases, notably Mare Island and New York, the increases given are greater than the recommendations of the local authorities.

Adjusters to Be Sent Out. Adjusters to Be Sent Out.

The committee has approved the recommendations of the commanding officer at the arsenals. At certain of the arsenals in certain trades there remain appeals on which no decision has been reached. It is the intention of the committee to visit the arsenals in person or to send representatives to adjust all outstanding questions.
