

ERIC HAUSER WILL WORK FOR NOTHING

Vice-President of Grant Smith Company Pledges All Profits to Government.

TWO SONS NOW IN ARMY

Walkout of Men From Shipyards When Work Is Exclusively for Nation Brings Statement From Mr. Hauser.

Though handling millions of dollars in ships, handaments and other Government contracts, Eric W. Hauser, vice-president of the Grant Smith Company, announced last night that from none of the work which his firm has done, is doing or will do on wartime contracts will he take one cent profit for himself.

He does not know what procedure he will take to turn back to the Government profits which may accrue through contracts he is handling, but has for some time thought that in this time of sacrifice for every man, woman and child he is not going to keep them. Mr. Hauser has mentioned his ideas to friends, but had made no public announcement, and his pledge last night was due to troubles in the local shipyards.

Government's Need Is Urgent.

"Our company is working exclusively for the United States Government, and it is most disappointing that the work can not progress with the greatest speed at this trying time, when the Government has such urgent need of production."

"And the labor of every man in the yards is just as important to the winning of this war as the dollars which another man gives, or the food which the mother saves in the kitchen. We have different ways of doing our part for the Government, but personal advancement should for once be pushed into the background."

Two Sons Are in Army.

When Colonel J. B. Cavanaugh, Corps of Engineers, was called upon to recruit a regiment for immediate service in France, his first appointment was Kenneth Douglas Hauser, as Captain. Mr. Hauser, Sr., placed at the services of Colonel Cavanaugh all funds needed to recruit this division.

"LOAN FILM" IS PREPARED

Epochal Events in American History Pictured to Sell Bonds.

NEW YORK, Sept. 17.—"The Liberty Loan film," "Three Billion Dollars in Four Weeks," produced by the Liberty loan committee of the Federal reserve district, will receive its first presentation here tomorrow.

Spectators will include Government and city officials and theatrical and moving-picture stars who played roles in the spectacle. The film, which portrays a series of epochal events in American history, will be shown in various cities as part of the next liberty bond campaign.

ALL TRADITION IS UPSET

(Continued From First Page.) License, nor democracy demagoguery. We all know that the world cannot be made safe for murder and arson and pillage and anarchy and everything for which the syndicalist and the I. W. W. may stand, and we know also that such things as these cannot be made safe for the world.

Criticism Not for War Time.

"Democracy means the rule of the people under whatever form of government they may choose to express it, but when once the rule of the people has been expressed, through their chosen representatives, then—and particularly in the hour of war—however much any of us may think that certain of the policies are mistaken policies, free speech, free press and liberty of conscience do not justify criticism, for criticism, however unintentional, invariably gives aid and comfort to the enemy."

CONSCRIPTION AS A PRINCIPLE MAY BE A SUBJECT OF DEBATE, BUT NOT NOW.

"I do not want entangling alliances with European nations. It is not necessary to have them. When we sit at the council table of the world, I trust we may do so as the representatives of a newer and better isolationist isolation of the spirit, free to say to the Germanic people, 'Have what government you please, but let us know that it is yours'; free to say to the oldest of constitutional governments, 'The British empire: we have made this fight with you as our ally in the cause of democracy, but we are not willing to change our systems. The Windsor tie does not harmonize with the cut of our democracy.'"

FARE INCREASE URGED

LOUISVILLE ATTORNEY SAYS WIDOWS AND ORPHANS SUFFER.

Politicians Blamed for Expensive Legislation and Pointing of Unfair Jitney Competition.

SALEM, Or., Sept. 17.—(Special)—M. S. Kohler, attorney of Louisville, Ky., stockholder in the Portland Railway, Light & Power Company, has written to the Public Service Commission urging that the increase to a 6-cent fare be granted on the street railway lines of that company.

He declares numerous widows and orphans are represented among the stockholders of the company, and that for more than three and one-half years they have received no dividends. He asserts that the stock for which they paid \$75 a share is unsalable now at \$10 a share.

Mr. Kohler says the condition of the company's finances is not due to bad management, but, rather, to the work of politicians, who caused the company's expensive litigation in fighting a 3-cent fare ordinance; who foisted the jitneys on the company, and who otherwise have hampered the company in its progress.

In contrast to Mr. Kohler's letter, a protest against the increase was received by the commission today from John P. Proctor, 1212 East Madison street, Portland.

ABLENE, Tex., Sept. 17.—Testifying at the trial today of 50 members of the Farmers and Laborers' Protective Association of America, charged with conspiracy against the Government, J. R. Hollis, of Delk, said R. W. Mills, of Abilene, one of defendants, speaking at a meeting of the Delk local, May 8 last, told how members could set fire to residences on outskirts of a town and then rob banks and supply houses while the populace was fighting the fires. In this way, Mills said, funds and munitions could be obtained to resist conscription, Hollis testified.

DEMURRER ANSWERS HEIRS

HABIT

COFFEE DRINKING IS A HABIT EASILY GIVEN UP WHEN ONE CHANGES TO INSTANT POSTUM

If Coffee Disagree Make the Change

While the heirs are seeking to escape the payment of any inheritance tax, it has been intimated they would consent to a tax based on the law of 1911, fixing 5 per cent, which would give the state about \$2,000,000. The state officials are seeking to collect on the 1915 law, taking 15 per cent and giving the estate claims of about \$4,000,000.

Many Errors Charged.

A second suit was then filed remedying this. The demurrer filed to the second suit today declares the Superior Court has no jurisdiction, that the suit does not state a cause for action, that it is uncertain and vague, does not declare under which act of the Legislature the action is brought and fails to state whether the state's claim is a lien on the estate of Miller & Lux or on the Las Animas and San Joaquin Land Company, and, finally, that it is ambiguous.

KELSO, Wash., Sept. 17.—(Special)—Big catches of salmon continue and the run gives every indication of being the heaviest in many years. The Seaside Packing Company has been handling many tons here since the opening of the season and W. A. Mable has also handled a large quantity.
