The co-operative committee on canned foods of the committee on supplies of the War Industries Board has issued a bulletin

tailous - 6.50 There are many other points of interest to the circular besides the more matter of rice. For instance, the Government has decided not to take any of the No. 2s, which canners have been reserving for its needs, and such packers as have made reservation accordingly are likely to have such available for spot sale. The date of settlement of price in its finality has been set forward to October 15, owing to the inteness of the season and the unsettled conditions. The able for spot sale. The date of settlement of price in its finality has been set forward to October 15, owing to the inteness of the season and the unsettled conditions. The Government has agreed, where certain canners have been in the habit of turning their sales ever to commission houses wholly, to recognize such commission houses is its transactions.

The circular specially treats the matter of their pack. The circular recites that some anners are trying to shorten deliveries to lobbers by the amounts delivered to the Gov-reamont, and the circular fistly states that such scilon is not justified; that the Gev-ternment orders must be filled in full and that the balance must be prorated to jobbers. Another interesting feature is that since the last bulletin the Government has raised cification from 32 and 26 ounces s. 3 and 2% cans to 32 and 28 conces,
