

EXPORTS OF GOLD ARE HELD TO LIMIT

Regulations Permit Only Shipments Abroad in Quantity to Pay Trade Balances.

CURB PUT ON TRAVELERS

Coin or Currency Which Appears to Be or Is Suspected of Being for Enemy Accounts Will Not Be Permitted to Go.

WASHINGTON, Sept. 25.—Regulations governing the exportation of gold, silver and currency announced today by the Federal Reserve Board, indicate that the Government will restrict such exports to the maximum degree except where they cannot be avoided in settling trade balances.

The Board announced as its general policy that it would not authorize the exportation of gold unless it could be shown that the gold was to pay for a corresponding importation of merchandise for consumption in this country.

"In any case," the announcement says, "authorization will be granted only where the exportation of gold in payment for such merchandise is found to be compatible with the public interests."

The amount of gold which persons leaving the country may take with them was fixed at \$200 for each adult. Five thousand dollars in addition may be taken out in currency and \$200 in silver or silver certificates without license.

Board Makes Statement. The Board's announcement, after stating the general policy, is in part as follows:

"Until further notice the Board will approve all applications for the exportation of Canadian silver coin and currency without limitation. The Treasury Department has instructed collectors of customs to pass such shipments into Canada when approved by the Federal reserve bank of the district from which shipments are made.

"Continuous permits for shipment of Canadian coin and currency without requiring an application in each case may be granted by Federal reserve banks upon condition that each transaction will be reported to it without delay.

Recommendations Are Necessary.

"Applications for the exportation of silver bullion and silver coin of foreign mintage will in general be approved by the Federal reserve board upon recommendation of the Federal Reserve bank at which the application is filed.

"Applications for the exportation of United States notes, National bank notes and Federal reserve notes will as a rule be approved by the Federal Reserve Board, but each application must come before the Board for its determination before shipment is made.

"Shipments of coin or currency which appear to be or are suspected of being for enemy accounts or for the benefit of the enemy will not be permitted. These regulations are issued subject to change without notice and no application granted will be regarded as constituting a precedent."

OIL TANKER BLOWS UP

TWO KILLED IN EXPLOSION ON J. A. MOFFETT AT RICHMOND.

City Rocked as if by Earthquake, but 60,000 Gallons of Oil on Board Escapes Destruction.

RICHMOND, Cal., Sept. 25.—Two men were killed here early today in an explosion which tore out the forward works and superstructure of the Standard Oil tanker J. A. Moffett as she lay at her pier here.

The explosion, according to J. P. Brooks, superintendent at Richmond for the Standard Oil Company, was probably caused by ignition of gas while the men were cleaning the hold. More than 60,000 gallons of oil, which had been pumped aboard, escaped destruction.

"It is one of those things that happen in the oil business," said Superintendent Brooks. "I am assured that the explosion was an accident. It may have occurred when some one lit a match."

The town of Richmond was shaken by the explosion as by a violent earthquake. Windows were broken and houses rocked on their foundations. While plaster fell in showers and dishes rattled.

The men killed were Ernest Rutter, quartermaster, and A. R. Jullierat, a sailor.

BEND GROWING RAPIDLY

Despite Special Preparation, Schools Are Greatly Overcrowded.

BEND, Or., Sept. 25.—(Special.)—Although special preparation has been made by the local school board to care for a considerable increase in the school population this year, the schools are already greatly overcrowded and the district again faces the problem of supplying temporary quarters.

In the first week of school 122 more pupils than attended school last year appeared and today 29 more have sought entrance to classes. Because of lack of seating facilities most of the new pupils had to be sent home today and a special meeting of the school board called to provide other rooms. It is expected that one or more new teachers must also be engaged.

LIBERTY LOAN WORK PLAN

New Yorker Surrenders Activities as President of National City Bank and Other Corporations—Will Work for \$1 Annually.

WASHINGTON, Sept. 25.—Frank A. Vanderlip, who as president of the National City Bank of New York heads the largest National bank in the United States, has put aside his active work with that institution and all other organizations with which he is identified, for the period of the war, to assist Secretary McAdoo in liberty loan finance.

Mr. Vanderlip has started in, on a ten-hour a day schedule, with his duties as chairman of the war saving certificate commission, which virtually will handle the details of floating the \$2,000,000,000 war saving certificate issue recently authorized by Congress.

In answering Secretary McAdoo's request for his aid, Mr. Vanderlip surrendered for the period of the war, not only his office as president of the National City Bank, but his connections with the American International Corporation and the International Mercantile Marine Company, in both of which he was an influential factor. As chairman of the war savings certificate commission, he will receive a salary from the Government of \$1 a year.

Mr. Vanderlip's duties as president of the National City Bank will be resumed during his absence by four of the bank's managers.

Upon the completion of his work here, it is his plan to return to New York and resume his former connections. Mr. Vanderlip 15 years ago was an assistant Secretary of the Treasury and formerly was a reporter on a Chicago paper.

Wonder What She Looks Like?

"I got the best of results, thank you," is quoted from a letter signed by Charles McHoney, of Canby, who ran a little ad in the Oregonian under the heading, "Help Wanted—Female."

It probably is nobody's business outside of the McHoney family, but the manager of the want ad department is just a little curious as to which one of his women readers grabbed this opportunity to embrace the simple life. He has them in all shapes and sizes, but unanimous as to complexion. This summer in Oregon has put a bronze on every cheek.

That letter also shows this man McHoney to be an appreciative chap, and life around the mouth of the "folalio" is a pleasant chapter. So congratulations to Mabel, or Maude, or Mary, or whoever it was who went where Hooverizing is a real war issue.

It makes Mr. Want Ad Man feel real good behind his vest buttons to know that his page is read by thousands of Portlanders each day, and that he is daily bringing happiness and satisfaction to his people.

It has been the avowed intent of the men to adjust the situation peacefully.

JUST EAT, SLEEP AND WORK

That is all that some people do. They are deprived of all the higher things in life, all the pleasures and joys of existence because ill health has robbed them of their efficiency and ordinary duties now take so much time that there is no opportunity for relaxation and social pleasures.

Are you like that? If you are, look into your own case and see if worry is not responsible for much of your trouble. See if you do not fret over little things and scold when you could just as well be pleasant.

The disorder which causes its victims to worry whether they have anything to worry about or not is neurasthenia. It is the great American disease.

The patient is usually pale, showing that the blood is thin, and the first thing to do is to build up the blood because anything that builds up the general health helps to correct the neurasthenic condition. Dr. Williams' Pink Pills are an ideal tonic for this condition because they are non-alcoholic and non-narcotic patients should avoid alcoholic stimulants. Write today to the Dr. Williams' Medicine Co., Schenectady, N. Y., for booklets on the nerves and diet. Your own druggist sells Dr. Williams' Pink Pills.—Adv.
