

PORTLAND DAY SETS NEW FAIR RECORD

Salem Is Smiling Hostess to 45,000 Happy Visitors, Who Come From All Points.

CHILDREN'S AWARDS MADE

Only Sweepstakes Prize in State Is for Best Arrangement and Decorations and Is Captured by Clackamas County.

SALEM, Or., Sept. 27.—(Special).—Portland and the Elks turned a trick today which will long be remembered in State Fair history.

While it wasn't exactly a Portland crowd that did it, nevertheless it was Portland day that saw the attendance soar high above anything in history, and it is believed that between 40,000 and 45,000 people saw the monster State Fair here today.

From every direction of the compass they came in automobiles, wagons, on bicycles, in baby cabs and on foot. Yesterday was hailed as the banner day in history, but Miss Saitem day smilingly took off its hat to Portland today.

It is a mark that probably will hold for some time when it comes to attendance, and the main beauty of it was that everyone seemed to be satisfied.

Special Prizes 350.

No attempt has been made to estimate just how many Portland visitors came to the fair today. Up to noon trainload after trainload had been deposited by the two roads, and they were still coming. The Chamber of Commerce and Elks special brought 350 people, and that probably was the least among them as far as the crowded condition of the trains were concerned.

Final awards were made in the children's department today for the county. No sweepstakes prizes were offered for the state, save one for the best arrangement and decorations, this prize going to Clackamas County.

Marion Children Do Best.

In the general judging of children's exhibits by counties the awards went as follows:

First or Western District—Marion, 87.5; Polk, 83; second; Jackson, 78; third; Douglas, 68; fourth, and Clackamas, 67.5.

Second or Eastern Oregon District—Wasco, 78; first; Malheur, 61; second; Morrow, 58; third.

Judging of these exhibits was based on field products, garden products, domestic science and arrangements. Low percentage of the Eastern Oregon counties must not tell against the value of their exhibits, judges declared, as the long shipments militated against them in the number of products.

The blue ribbon that went to Miss Beatrice Angus, of Hood River County, for the best canning display among the children, was regarded as one of the most merited awards at the fair. Miss Angus, a 16-year-old girl, had 750 quarts of vegetables and fruits of her own canning in one display, which is causing as much comment as any individual exhibit shown at the fair.

The judges say the children's exhibits score higher at the fair this year than last, when they were several degrees higher than before.

Gov. Moser Is Speaker.

The afternoon exercises were addressed by Senator Gus C. Moser, of Portland. Senator Moser's address was patriotic and in concluding he declared: "And so in this greatest of wars in which we are engaged we are still fighting for the protection of the lives, liberty and the pursuit of happiness of our own people as well as all the people of the world. We do not know when the end shall come. God speed the day—but may it not be so until liberty shall have enshrined itself in the homes and fire-sides of every civilized nation, and Old Glory shall come untarnished and unsullied from the battle, and a new civilization shall be born into the world, the proud child of a noble ancestry, Uncle Sam."

Mrs. Jane Burns Albert, of Portland, sang solos today, both afternoon and evening, singing at the banquet of the livestock men at night. Mrs. George McMath, of Portland, spoke today on conservation.

The livestock parade, which was to have been held today, was postponed until tomorrow at 2 o'clock, owing to the magnificent display of stock which has held up the judges from finishing as soon as they expected.

Gambling Charges Rejected.

Reports made by members of the Purobred Livestock Association to the effect that there was gambling on the grounds were denied by Secretary Lea and Chief of Police Carpenter today. "If there is gambling at the State Fair I know nothing of it and can find nothing of it," declared Chief Carpenter.

Attention was directed to a number of concessions with fortune wheels and other paraphernalia in which chances are taken for prizes, but in each of these it is required by the management that a prize be given for every chance taken, which removes all elements of chance, Mr. Lea and Mr. Carpenter assert.

Awards in the swine department were completed today and most of the awards in the children's industrial club department.

ing a uniform classification for livestock at the Oregon State Fair, at fairs throughout the country, declared in favor of a rule making entries from boy and girl pig clubs and futurities eligible to compete against the regular classes, and decided to continue the association's efforts to secure a coliseum for stock judging at the fair. The association also condemned any forms of gambling among the fair's concessionaires.

Governor Withycombe and a number of others spoke at the banquet. Music was furnished by Campbell's American Band, of Portland, and a number of exceptionally excellent songs were sung by Mrs. Jane Burns Albert, of Portland, who was warmly received.

District Attorney Gebhar closed about 29 of the concessions at the fair tonight, alleging they were conducting the association's efforts to secure a coliseum for stock judging at the fair. The concession had agreed to give value for all money expended, but that an investigation today disclosed that they were not doing it, so the lid was clamped down.

Navy Lad Gets Diploma. EUGENE, Or., Sept. 27.—(Special).—Ralph Whittlesly, serving in the United States Navy, has been granted a diploma from the Eugene High School, although absent virtually his entire senior year.

After leaving this city Whittlesly did some work in Pacific College before enlisting. The School Board took credit received at the college and his war service into consideration in issuing the diploma.

SEATTLE, Wash., Sept. 27.—Gustav Laino, native of Finland, and naturalized American citizen, a deserter from the United States Navy for 17 years, is under arrest here as a result of instructions received from Washington.

Laino is a timber-worker and is held pending an investigation of I. W. W. activities in the Northwest, which he listed in San Francisco in 1909, deserting after a few months.

Clatsop District Attorney Named. SALEM, Or., Sept. 27.—(Special).—Edward C. Judd, of Astoria, today was appointed District Attorney of Clatsop County by Governor Withycombe to succeed J. O. Erickson, who has resigned. Enter the service.

AIMS TO BOOST

Chamber of Commerce Calls Attention to Work.

MANY INTERESTS SERVED

Organization Has Been Instrumental in Securing Shipbuilding and Other Contracts Involving Millions.

A summary of the work of the Chamber of Commerce was mimeographed yesterday to send out to members so that all will be informed of the work being carried on for the good of the city and state by this body.

In the statement W. D. B. Dodson, executive secretary, calls attention to the activities that might be overlooked by the community generally if not brought to attention in this way.

Secretary Dodson says in his report that the Chamber is an organization of business men, working to help business, commerce, industry and state development. In this work the co-operation of every man and woman who believes in business is needed. Less destructive criticism and more loyalty to community interests, it is declared, will make for more rapid progress in the Chamber's work and state progress.

Secretary Dodson points out that Oregon firms have today ship construction contracts aggregating \$100,000,000. More than half this total is for wooden ships and nearly all of the wooden ship contracts are for the Government. Private firms also are bidding on from \$12,000,000 to \$14,000,000 in added contracts.

Ship Construction Boosted.

In securing steel contracts the Chamber renders help wherever opportunity presented. In addition to pushing the general programme of ship construction, the Chamber is instrumental in bringing to Portland one or two of the largest companies, brought the investors and management of another together for successful work, has directly aided in securing several contracts for firms and could fairly be credited with having secured two contracts single-handed.

Secretary Dodson's report continues: "One of the greatest works of the Chamber is for a larger industrial base through shipbuilding which has already brought to the state about 14,000 laborers and will need from 7000 to 10,000 more by the close of the year, the Chamber is struggling to help every factory enterprise."

Factories Are Canvassed.

"For guidance of the Shipping Board in placing contracts for ship parts here and to stimulate local companies in bidding on the same, a careful canvass was made of the capacity of local factories. This work has resulted in helping to secure for home plants several hundred thousand dollars of business."

"The current month the Chamber, working with local public-spirited citizens, placed here one of the largest soap companies of the country, the Portland factory being for manufacturing coccoanut oil. This plant will have an initial capacity as enlarged of 1500 tons per month of copra, and will probably be increased to 2000 or 4000 tons per month. This is one of the all-important industries for the city, as it takes return cargo for ships conveying local products outboard."

"The Chamber has hired a special representative for the city and state at Washington, D. C., salary and expense account aggregating about \$7500 a year. This man's sole duties will be to work in the Government departments, aid the Congressional delegation in presenting state problems, seek new industries and shipping in Eastern centers and in general become an alert, aggressive business force for the community."

"About a year ago the Chamber was in debt above \$30,000 on current liabilities, was a month behind in payments of its bills and faced serious financial difficulties. All these obligations have been paid off."

JAPANESE IN NEW YORK

ISHII AND HIS ASSOCIATES ARE WELCOMED.

Official Greeting Is Clothed in All Dignity Due to Envoys of Great Nation.

NEW YORK, Sept. 27.—Japan's imperial mission to the United States was welcomed today to the metropolis of the Western world. The official greeting given Viscount Ishii and his associates was clothed in all the dignity which they were entitled as the envoys of a great nation.

The Japanese were met at the Battery by a committee of distinguished citizens who escorted them to the City Hall, where they were formally welcomed to New York by Mayor Mitchell and Elbert H. Gary.

Responding to Mayor Mitchell's welcoming address, Viscount Ishii said: "Your great Goddess of Liberty has given us the challenge and has passed us as friends. And now the city of our dreams, which has trained our youngsters into students and scientists and taught our men the wonders of science and trade, has paused for a precious hour to welcome us and do us honor."

"We are deeply conscious of the meaning of this welcome. We shall use the freedom you have given us with care and shall hope to hold its rights and privileges always to commemorate our day of vast importance in the history of our two nations."

If You Had Eyes Like a Microscope

If your eyes magnified objects a thousand times, the way microscopes do, you would see in your own home the constant menace of disease in the form of minute germs. You would see these germs in many places—sinks where grease has collected, drain-pipes, defective plumbing, toilets, garbage cans, and the cracks and crevices of floors and woodwork.

You would also see how a small cluster of germs breed into thousands, and even millions, in an incredibly short time. Then you would be able to picture the beginning of a terrible epidemic, starting from one little germ-group, and striking down whole families and communities.

If, while watching a wriggling mass of germs under the microscope, you should touch them with a drop of Lysol, you would see all movement stop immediately, each germ become motionless, dead. Then you would know, as doctors know, how the spread of contagion is stopped, how homes are safeguarded from the ravages of disease, by the use of Lysol.

It takes only a 25c bottle of Lysol to make two gallons of reliable disinfectant which will clear the whole home of disease germs; a 50c bottle makes five gallons.

Three sizes: 25c, 50c and \$1.00. Sold everywhere.

Lysol Toilet Soap Lysol Toilet Soap contains Lysol, and therefore protects the skin from germ infection. It is refreshingly soothing and healing and helpful for improving the skin. Ask your dealer. If he has none, ask him to order it for you.

Lysol Shaving Cream Lysol Shaving Cream also contains Lysol, and kills germs on razor and shaving-brush (where germs abound), guards the tiny cuts from infection, and gives the antiseptic shave. If your dealer has none, ask him to order a supply for you.

GERMAN ASKS FREEDOM

FRANZ VON RINTELEN INVOKES HABEAS CORPUS.

Application Declares His Offense Purely Political and His Return From England Illegal.

NEW YORK, Sept. 27.—Attorneys for Franz von Rintelen, a Captain in the German navy, who is serving a sentence in the Federal prison at Atlanta, Ga., for conspiracy to obstruct shipments of munitions to the entente allies, filed in the United States District Court here today a petition for a writ of habeas corpus. Arguments will be heard October 5.

Rintelen's lawyers alleged that the tariff are a discrimination against Pacific Northwest shippers and that they were tantamount to an increase in rates, rather than a conservation of cars, as represented by the railroad companies.

LID CLAMPED ON GAMBLING

Church Bazaars in Alameda Notified to Stop All Raffleing.

ALAMEDA, Cal., Sept. 27.—(Special).—The lid went down in Alameda today on all kinds of church bazaar gambling. The wheel of fortune, raffleing and the various games must be relegated to the scrap heap. These are the orders of Chief of Police E. O. Hainrich, who has sent forth warning that his department will not stop at Chinese and other lotteries without also extending the arm of the law to the other places where custom has long winked at infractions.

FLOYD RAMP GIVES BAIL

Socialist Accused of Urging Soldiers Not to Go to War.

EUGENE, Or., Sept. 27.—Floyd Ramp, of Roseburg, Socialist candidate for Congress at several elections, today gave \$2000 cash bail to insure his appearance for trial on a charge of violating the espionage act of June 17. Ramp is alleged to have addressed a crowd of soldiers at Roseburg urging them not to go to war.

STATE COMMITTEE MEETS

Procedure in Arranging for Consolidations Is Discussed.

SALEM, Or., Sept. 27.—(Special).—The consolidation committee created by the last Legislature and appointed by the Governor to investigate the possibility of consolidating boards and commissions of the state and eliminating duplications in the work of the state, met here today with a full committee.
