Levantine Now in Prison Said to Have Handled \$1,600,000.

POLICE HERE HAVE NAMES

Money Received From Germany Was Divided as It Passed On Until Finally Origin Was Lost.

PARIS, Sept. 30.—Captain Bouchardon, examining magistrate for the court-martial of Bolo Pasha, charged with having relations with the enemy, after examining the Levantine suspect for two hours decided that although he had been ill his condition would permit his transfer to prison. A private ambulance conveyed him to Fresne jail, where he was placed in a hospital cell.

Sonata in G Major." Saint-Saens' familiar and loved selection, "The Swan," was played softly, with manifest appreciation of its many harmonious excellencies.

Mr. Whipp was in first-class voice, and sang with true oratorio style and superb diction, the aria "O God Have Mercy," from Mendelssohn's "St. Paul." He was warmly recalled, and he responded with "The Lord Is My Light," by Allixen, in which his breath control and mastery of tone placement were remarkable.

The programme yesterday was so well balanced and so varied that the hope was expressed by many in the audience that at future, in some pipe organ recitals in the Auditorium, there will be an organist and a singer on the programme.

The pipe organ again "acted up" yesterday, but was subdued after a little while. The organ was affected by newness of the building and insufficiency of heating, it was explained.

MR. AIRHEART LEAVES

ASSISTANT PASTOR OF FIRST M. E. CHURCH GETS PULPIT.

Rev. W. W. Switzer, Former Pastor at Coupeville, Wash., Is Transferred to First Church, Hoquiam.

Having been transferred by Bishop Matthew Simpson Hughes from the Oregon to the Puget Sound Conference, Rev. Walter L. Airheart, 18 months assistant pastor of the First Methodist Episcopal Church, Portland, is in the city, bound for Coupeville, Wash., his new charge. He is happy and enthusiastic at the prospect of having charge in this growing community, but naturally dislikes to leave Portland, where he has made so many friends.

With Mrs. Airheart and their boy and girls, Rev. Mr. Airheart will leave for Coupeville in a day or so, relieving Rev. W. W. Switzer, who, after four years' continuous service has been assigned by Bishop Hughes to First Church, Hoquiam, assuming immediate charge.

It is understood that with the departure of Rev. Mr. Airheart, First Church here will have no assistant pastor. Dr. Joshua Stanfield, the pastor, will be assisted in the various fields of work by a deacon and perhaps by a layman, who will be secretary to him.

MIRTH GALORE AT LYRIC

"TWO OLD SPORTS" IS VEHICLE FOR HIGH-CLASS COMEDY.

Aside From Amusing Situations, "Portland Rosebuds" Offer Good Songs and Dances.

Ben Dillon, comedian of the Keating & Musical Comedy Company, has uncocked a genuine laugh hit this week at the Lyric Theater. It is called "Two Old Sports," and there is as much fun about it as the name implies. It is the company's best offering in musical comedy.

The scene is a fashionable hotel and club, with Dillon as one of the two old sports. And he is "some" old sport until he gets in a tiff with the management. Then amusing situations fall all over each other. He drops from the blue-veined class to the position of waiter in order that he may settle a bill that piles up higher than his bank roll. It doesn't take long to see that the house might better have forgotten the bill. It doesn't take much imagination to see the opportunity there is for fun in such a layout, and Dillon is the sort who overlooks no chance in this line.

BALLSTON ROUTE UPHELD

ROAD MEETING AT SHERIDAN ADOPTS RESOLUTION.

Oscar Hayter, Proponent of Resolution, Expresses Opinion Routing Will Not Be Changed.

SHERIDAN, Or., Sept. 30.—(Special.)—Emphatic approval of the Ballston route of the Pacific Highway from McMinnville to Dallas marked a meeting here last night of the Sheridan Good Roads Association, which was attended by prominent advocates of good roads from Yamhill and Polk counties.

The feature of the meeting was the first reading in public of the report made by Commissioner Adams of the State Highway Commission of his hearings in McMinnville and Dallas, Sept. 19 and 21. This report was read by Oscar Hayter, an attorney of Dallas, who expressed the opinion that no change would be made in the commission's adoption of the Ballston route.

E. L. Schriest, of Dallas, appearing for Ballston, declared that the attitude of S. Benson, who has been reported as opposed to the Ballston route, was generally misunderstood. Mr. Schriest said that, from an interview with Mr. Benson, he gathered that the chairman of the board was not definitely against the Ballston route, but would vote with the majority on the question. He did say, however, that he favored the first work on the most direct route, which would be on the east side of the river, with the consequence that a controversy would be started.

After the reading of Mr. Adams' report a resolution commending the decision of the Highway Commission was adopted by Mr. Hayter and adopted, as follows: "Resolved, That we heartily commend and approve the action of the State Highway Commission in locating the West Side Highway from McMinnville to Dallas by way of Bellevue and Ballston, for the reason that such location is in accord with the spirit of the law and will serve best the people of the counties affected.

ALLEN EATON WILL MEET HIS STUDENTS

Dismissal From Faculty of University of Oregon Will Not Be Immediate.

LOYALTY NOW ASSERTED

President Campbell Receives Explanation and Says Full Statement Will Be Made to Eugene Chamber of Commerce.

UNIVERSITY OF OREGON, Eugene, Sept. 30.—(Special.)—Allen Eaton, whose dismissal from the faculty of the university is demanded in a resolution adopted by the Eugene Chamber of Commerce because he attended the Chicago meeting of the People's Council for Democracy and Terms of Peace, will be in his office on the campus Monday to confer with students desiring to register in his courses, in the announcement made tonight by President Campbell, following a conference with Mr. Eaton.

President Campbell also gave out the following statement: "Mr. Eaton, in his statement to me, makes it clear that he is absolutely loyal to the Government and is in full sympathy with the President's purposes in prosecuting the war.

Explanation is made. "It was only after making his position in this respect perfectly clear, that he acceded to a request of a group of citizens at Wyoming, N. Y., where he has spent the last two Summers, to attend a Minneapolis meeting of the People's Council for Democracy and Terms of Peace.

Mr. Eaton has offered to present all of the facts in the case to the Eugene Chamber of Commerce or to the board of regents at the University, but prefers to make a statement first to the Chamber of Commerce, since the resolution calling for his resignation came from the Chamber. He will present a signed statement at once. In the meantime, taking into account Mr. Eaton's long record of absolute loyalty to everything American, it does not seem fair that his work should be interrupted before he has had opportunity of stating his case in full."

Work would be hindered. President Campbell, in explaining his announcement that Mr. Eaton would continue his connection with the University for the present, pointed out that the complete abandonment of tomorrow the work of his department would be hindered throughout the year and his absence might necessitate the complete abandonment of those courses for the year. Mr. Eaton is expected to present his statement to the Chamber of Commerce not later than Monday evening.

JEWISH RITE OBSERVED

FEAST OF SUKKOTH OPENS IN PORTLAND SYNAGOGUES.

In Addition to Week's Thanksgiving for Harvest Prayers for Peace Will Be Offered Up.

With elaborate formality the feast of Sukkoth, a Jewish rite symbolizing spiritual thanksgiving, opened yesterday in Portland synagogues. The feast will continue until next Sunday night, when it will close with the Sheemin Hazereth, the reading of the last chapter of the Pentateuch.

At the synagogues booths were draped in Fall splendor with fruits, vegetables and grains and prayers of thanksgiving were offered for the abundance of the crops. A particular feature of the ceremony this year was prayers for peace.

During the entire week the Jewish people will continue to celebrate the Sukkoth, offering prayers of thanks and pleas for peace. During the first two days work is prohibited.

The annual election of officers of the Sixth-Street Synagogue was held yesterday, the following being chosen: President, D. Nemerovsky; vice-president, H. Progress of the War.

The veil of secrecy which has hung over the operations along the British front in Belgium and Northern France since the latter part of the week still remains impenetrable so far as the news offerings of the British War Office are concerned. Since Friday

nothing except brief statements have reached the outside world from Field Marshal Haig's headquarters.

Sunday night's report chronicles the repulse of three German attacks in the Ypres sector, with losses to the attackers, including a number of prisoners and several machine guns. The Germans, the British statement says, after heavily bombarding their objectives, employed a thick smoke barrage to cloak their advance and also used flame-throwing apparatus. The artillery activity continues between the Ypres-Comines canal and Zonnebeke, and in the Nieupoort sector.

The Berlin official communication of Sunday characterizes the artillery duel along the Belgian Coast and southward to the Ypres-Comines Canal as "severe." Berlin also indicates that the British troops are keeping the enemy on the alert by stabs at various points from reconnoitering parties.

Meanwhile, the Italians have started another big offensive against the Austrians on the Isonzo front. On the Bainsizza plateau height positions have been stormed and taken by General Cadorna's forces and 4,000 prisoners captured. By their new successes the Italians have brought their line almost to the bridgehead of the Chiapovano River, near Padua and Madoni, which also gives them possession of nearly all of the southwestern portion of the plateau.

The Austrians, realizing the strategic value of the Italian gain, have delivered extremely heavy counter-attacks, but to no purpose.

Daily the Italians continue their aerial bombardments of Austrian positions with large quantities of explosives. The great fortress of Pola has again received a visitation and enemy depots at Berle, near Nabresina, north-east of Trieste, on the Gulf of Trieste, have been bombed.

Keeping up their almost nightly attacks by air during the last week, German air raiders again visited the London district and the Kent and Essex coasts Sunday night. Everywhere the raiders dropped bombs. It is reported that three of them were brought down.

RUSSIAN MOBS PILLAGED

RELEASED EXILES BURN GRAIN AND OTHER PROPERTY.

Premier Kerensky Points to Coastal Danger and Papers Comment on Navy's Strength.

PETROGRAD, Sept. 30.—Disorders are reported at Tambov, 300 miles southeast of Moscow, and at Kozlov, in Crimea, where mobs led by former criminal exiles to Siberia burned and destroyed much grain and other property.

Rioting also is reported in Turkestan, whither troops have been dispatched.

Commenting on the statement made by Premier Kerensky in his speech to the Democratic Congress that a Ger-

man fleet was menacing Petrograd from the Gulf of Finland, the newspapers say every means of repulsing the enemy is at hand, but that it remains to be seen whether the revolution has hampered the fighting power of the Russian fleet.

Prompt Balances—Statements Out On Time

BOOKKEEPING by the old style pen-and-ink method means duplicate effort on the part of the bookkeeper. Modern efficiency cuts out useless operations in all branches of industry, speeds up work, cuts down cost and increases the returns.

With hand bookkeeping several distinct operations are necessary entering charges, posting ledger, distributing sales, making out statements and securing Trial Balances.

With Elliott-Fisher The Bookkeeping Machine, all necessary records are made at one operation. This involves less labor, less time, practically eliminates the possibility of error in posting and assures the correctness of each day's work.

The Proof Sheet (made at the same time as posting the ledger and making the statement) makes it possible to keep each day's work complete and up-to-date. There is no end-of-the-month rush, worry or congestion. There is nothing-to-do-at-the-end-of-the-month-but-mail-the-statement.

J. W. Carter & Company of Nashville, Tenn. are manufacturers of men's medium welt shoes. Finding their bookkeeping department taxed beyond its limit, they sought relief. Elliott-Fisher Bookkeeping Machines were installed after a thorough investigation and this is what they say of results: "At the time we put in Elliott-Fisher The Bookkeeping Machine we were having a great deal of trouble in keeping up the work of the office as well as getting our balance at the end of the month. But since putting in this machine we have increased our business fifty per cent., and are able to take care of the business with greater ease. Our books are now kept by two young men who practically were without experience when we gave them charge of the books. We never fail to get our balance on the second day of the month. If we could not secure another one of these machines we would not take five thousand dollars for the one we have."

The Proof Sheet is proof of the accuracy of Elliott-Fisher Machine Bookkeeping. It affords the executive as well as the bookkeeper evidence of where every account stands. It means prompt trial balances, statements out on time the first of the month—and, naturally, quicker collections.

Investigate Elliott-Fisher Bookkeeping Machine. It will pay. We will gladly answer any questions. Write us or, better still, phone our nearest office (one in all principal cities). Address, Elliott-Fisher Company 305-307 Oregon Bldg., Fifth and Oak Sts.
