100,100 bushels on the same day last year The United States Grain Corporation has not yet begun buying wheat, but Mr. Houser hopes to start operations in a fev days. There are a number of details yet to be arranged before the Government will be ready to take over the farmers' grain. Milling operations are enlarging and the effect is seen in an easier feeling in the

millifeed market. Prices at the mills are unchanged, but dealers on the exchange low red their bids. Offers for local oats were raised at the exchange. The tone of the barley market was weaker. Bids for Eastern corn were advanced \$1 to \$1.75 a ton. Two hundred ton of No. 3 yellow corn were sold at \$55 fo

IDAHO RANGES ARE IMPROVED Good Rainfall Makes Fall Plowing Now

The monthly news letter of the Caldwell Idaho, Commercial Bank says of weather and crop conditions: The warm, dry weather that has char

acterized the entire Summer was interrupt-ad by slight showers on the night of Sep-sember 10 and 12, and a slight frost, doing no damage, on the morning of the 14th. The real change came on the 22d, when a rain commenced, during which time nearly an inch of rain has fallen. This thorough scaking coming early in the Fall should bring up the Fall feed on the ranges and make Fall plowing possible. Some third-cutting alfalfa has been wet, but the damage is slight.

HOPS QUIET BUT NOT WEAKER Details of Recent Dollar Sale in New York

There has not been much doing in hops or several days, and this has caused the hears to proclaim a weaker market, but \$1.45 when dealers attempt to buy they find the market as strong as ever. No hops are to be found in the Northwest under the prices paid last week, and few growers are dis-posed to sell even at those prices. Steel and Other War Stocks Yield to Pressure in Later Dealings. Bonds Are Irregular, With Lighter Trading.

NEW YORK, Oct. 1 .- Recurrent liquida-

NEW YORK, Oct. L.—Recurrent liquidation of rails, generally attributed to the greater necessities of foreign helders, more than offset the firmer tendencies shown by other stock in the course of today's irregular market.

The market opened with an all-around demonstration of strength, leaders soon advancing 1 to 3 points under the favorable influence engendered by the second liberty money conditions.

Steels and other industrials, together with the bulk of the so-called war group, featured the market, but the movement soon yielded to pressure on such stocks, coalers, trunk lines and transcontinentals. Canadian Fertilics 3-point drop to 146% was the low-stone set level of the year and Baltimore & Ohio's loss of 3 points to 61% furnished the low-stone of the set of the set

United States bonds, old issues, were un-changed on call, Panama coupon 3s losing points on sales.

This company has secured throughout the southeastern part of Klickitat County hundreds of acres of limestone. Thousands of tens of the limestone are in sight.

There is a ready market for lime as an agricultural fertilizer, and in this county alone vast quantities will be used if the price is reasonable. The present market price on lime of this sort is \$14 per ton. This company expects to put their product on the market at a lower price, and have already made arrangements to supply certain localities in the Willamette Valley.

Ten to twenty million sheep will be placed

calities in the Willamette Valley.

Ten to twenty million sheep will be placed en the farms of this country if the plans of the wool men carry, according to Jonas Kuppenheimer, of the firm of B. Kuppenheimer & Co. Oregon will raise no objection. This state has grazing land enough for a goodly proportion of that number.

Lane County will have another sawmild of good-sized capacity in operation within a few weeks. The Commonwealth Lumber Company, of Portland, has started the erection of a mill at Nekoma, a station on the Eugene-Coos Bay branch of the Southern Pacific, a mile below Wise Villa and 12 miles east of Mapleton. The ground is now being cleared for the plant, which will have a capacity of 40,000 to 50,000 feet of lumber a day. The new company has acquired between 12,000,000 and 15,000,000 feet of soud Sinslaw timber from Major L. D. Forrest, Attorney E. O. Potter and other Eugene men in that locality, and has options on other large tracts.
