CLAMOR TO OPEN 'PATRIOTIC WEEK'

Streetcars to Stand Still and Bells, Whistles, Sirens to Sound at 12:15.

WOMEN ENTER RACE TODAY

Chamber to Raise Loan Flag to New Notch, Band to Play, Actor to Speak and Committee to Meet at Noon.

At 12:15 P. M. every streetcar on Portland's tracks will halt for the space of a minute. As at one signal there will arise a clamor of bells, whistles and automobile sirens in all parts of the city. Fortland will pause in contemplation of its plain duty toward the

second liberty loan.

Today is the first workday of "Patriotic week," recently proclaimed by Governor Withycombe. A proclamation, issued Saturday by Mayor Baker, directs that the novel noonday observance be held "for the purpose of the strain when the series." of focusing attention upon the seri-ousness of the struggle of democracy against Kaiserism."

against Kaiserism."
At the neonday signal the women of Portland, enlisted enthusiasts for the liberty loan issue, will take up their own burden of bond selling and race with the teams already in the field for Oregon's quota and an over-sub-scription of the allotment.

More Than \$1,000,000 a Day Needed. The work of the Oregon women's committee is being directed by Mrs. Sarah Evans, state chairman, and by Mrs. Thomas Carrick Burke, state president of the committee.

The state, and Portland, will welcome with corresponding zeal the unselfish with corresponding zear the unsertism service of Oregon's mothers and daughters in the liberty loan cause—for Oregon, with but 12 days of campaign remaining, must subscribe far more than \$1,000,000 each day if the state's quota is to be returned in full. This forenoon, at 11:15 o'clock, members of the Portland Chamber of Commerce, to which organization has been entrusted the honor of raising the liberty loan flag to its new notch in the quota, as announced at noon, will march to the indicator at Fifth and Morrison streets. The Washington High School Band will play patriotic airs, the flag will be raised, and mem-bers of the organization will deliver patriotic talks.

Sub-Committees to Meet, George Lovett, now appearing in vaudeville at the Hippodrome, has volunteered to solicit liberty loan sub-ecriptions at the flag-raising and will speak at the conclusion of the regular programme. Rumor does not specify the nature of Lovett's oratorical spell, but it is reported that he enlisted \$10,000 in the liberty bond issue during a recent meeting in Seaftle.

At noon all chairmen and members of sub-committees of the liberty loan.

At noon all chairmen and members of sub-committees of the liberty loan distribution committee for Portland will assemble at luncheon at the Hotel Portland, where the progress of the committees in bond selling will be announced. Experiences will be exchanged by the workers, who are thoroughly oughly canvassing the business and professional field of Portland, and the hints received by this interchange of ideas is expected to lend new vigor and ammunition to the campaigners.

WHAT THIS WAR MEANS TO YOU

Read this clear, simple statement of your duty, as a loyal citizen, in the war in which this country is now engaged.

It appeared in the "Police Bulletin" of the City of New York.

The United States is at war with Germany.

That means that every person, whether native or foreign born, who claims the protection of the American flag is at war with Germany.

War is more than fighting. War is service. War is sacrifice. War is the elimination of self. War is country first, and the individual last.

This war will directly or indirectly affect every person living in the United

This war will not be won unless every person does his or her part, gives his or her service, makes his or her sacrifice, places self behind the need of the Nation.

The flag means freedom for us all, but the flag, in the time of war, does not mean freedom of action for the individual.

The flag means restraint, co-operation, obedience, recognition of authority, preservation of law and order.

Most of all it means economy.

It means loyalty in little daily things as well as loyalty to the great principles of our Government.

It means the conduct of our lives so that the Nation may be hourly strengthened. It means the giving of our best effort for the universal good.

it means careful living. It means stopping of waste. It means the uttermost use of our resources, our abilities and our strength for the Great Cause.

It means guarding our talk and avoiding useless discussion.

It means that the United States is first, paramount, supreme, and that the want or pleasure of action of each individual must be subordinated to that fact.

Three cheers for the red. white and blue!

This is the truth. It applies to you. Your country calls upon you for "Service and Sacrifice." The call must be answered if the war is to be won.

The service which lies nearest to your hand, the service which will count most in winning the war, is this:

Subscribe to United States Government Bonds of the Second Liberty Loan. Your money will be used to buy food, clothing, arms and ammunition for the American boys who are going abroad to fight for their homes, their flag, their country, and the preservation of human liberty throughout the world.

Buy Liberty Bonds. Buy all you can. Any bank will take your subscription.
