

ATROCITIES STIR AMERICAN HEARTS

Rev. Newell Dwight Hillis Tells Chicago Audience of German Barbarity.

CASES ARE AUTHENTICATED

Soldier's Diary Recounts Villages Plundered and Burned, Inhabitants Slaughtered, Sporting None; Called "Real Sport."

CHICAGO, Oct. 14.—(Special.)—Dr. Newell Dwight Hillis, of Brooklyn, today poured out a list of German atrocities that made a Chicago audience at the Auditorium Theater turn pale. What he told he personally had gathered from the official archives in Paris or had witnessed in the war-scarred battle zones of France.

The noted minister in beginning his indictment of the German authors of "terrorism" did not overlook the fact that a Chicago citizen of German origin had offered to pay \$1000 for each case of proved cruelty by a German soldier. But Albert Fuchs, owner of the Chateau Apartments, who made the water, at the same time declaring himself a "patriotic American," was the first to attend after being specially invited.

Black Hand Letter Received. Just before Dr. Hillis started for Chicago he received a "blackhand" letter, threatening to blow his head off when he appeared on the platform here, he said. He showed no signs of fear, however.

"I am told," he said, "that a German here in Chicago has announced that he will give through the Red Cross to the family of the victims of German inhumanity from \$1000 to \$2000 for each accredited case. Upon the terms that he has himself announced I would like to submit the following cases, which could be increased by thousands."

Then Mr. Hillis gave this list: "Habe Skewered on Bayonet.—Eight drunken soldiers entered the suburb singing and carrying, not a German flag, but a Belgian babe, skewered upon the bayonet, with the little head, hands and legs dangling as the soldiers marched.

"Affidavits D 1 to 25.—Digest of the affidavits by the attorney in charge. A boy was found kneeling as if in an attitude of supplication. Both hands had been cut off, one was on the ground, the other hand hung by a little skin.

"At Haecht.—Affidavits D 100 to 105.—A child with its stomach slashed out with a bayonet upon the ground and another child 2 or 3 years old nailed to a door by its arms and feet.

Soldier's Diary Horrifics.—"Diary of Eitel Anders." Photograph of the journal found upon the soldier's dead body, now in possession of the Attorney-General, Department of Justice: "We burned the houses and some of them shot. Not one of the hundreds of houses were spared. Everything was plundered and burned. A few rats were left without exception, were brought out and shot. This shooting was heart-breaking, as they all knelt down and prayed. A few rats were left when they fell back into the green grass and slept forever. It is real sport. In happy mood and high spirits we pursued the rats until the next morning. Here many heart-breaking scenes occurred. It was really terrible to watch.

Red Cross Man Murdered.—"Affidavits 310 to 318, covering the murder of a Red Cross representative, upon whose head petrol was poured and a match struck, burning him to death with the daily ringing of the bells of the town.

"Affidavits 119 A.—German soldiers roped boys and girls together and used them as a military screen against the French, who were defending their own homes.

Dr. Hillis at no time minced words. He produced his evidence, consisting of official records, affidavits and photographs.

ANGELUS ORDERED STILLED California Church Not to Give, Up Custom Without Struggle.

CALEXICO, Cal., Oct. 14.—A suit recently brought in the Superior Court here by City Attorney Butcher against the Church of Our Lady of Guadalupe is expected to come up tomorrow before Judge Franklin J. Cole, on a hearing to determine whether a temporary injunction against the daily ringing of the "Angelus" shall be made permanent.

The church authorities, supported by the diocese of San Diego, Angeles, have announced they will fight the issuance of the permanent injunction and will insist on a right which they say has prevailed for 2000 years.

EVERY TIME a cold wave comes some of our friends wake up to the fact that their Fall Overcoats are still in our store.

WIFE OF NEW YORK'S MAYOR MARCHES IN GREAT RED CROSS PARADE.

—Photo Copyright by Underwood & Underwood, N. Y. MRS. JOHN PURROY MITCHEL.

Prominent among the marchers in the great Red Cross parade in New York City last week was Mrs. John Purroy Mitchell, wife of New York's Mayor. She marched past her husband in the reviewing stand at the Public Library, one among the thousands of workers who admired New York by the sight of the women who are doing so much to help win the war.

PEACE TALK GOES ON

Naval Mutiny to Make No Difference in Reichstag.

SOCIALISTS WITH MAJORITY Solid Phalanx Presented Behind Issues for Which Centrists and Progressives Stand; National Liberal Support Hoped.

BERLIN, Oct. 13, via London, Oct. 14.—Mathias Erzberger, leader of the Centrist party in the Reichstag, which has demanded greater deference to that of the government, told the Associated Press today that the developments of the last week would not interfere with the majority parties' peace attitude as based on the resolution of July 19 or in any way retard the movement for parliamentaryization.

Herr Erzberger asserted that the majority, which now is made up of Socialists, Centrists and Progressives, continue to present itself in a solid phalanx behind the issues for which it stands, and that it is not improbable it will be augmented by substantial support from the National Liberals.

The fact that the Centrists and Progressives did not join the Socialists in the vote on the resolution of censure, and that the Far Left party declined to support the measure creating the post of Vice-Chancellor, does not signify an absence of complete concord among the coalition parties in the major issues, Herr Erzberger declared. The Liberal and Radical press continues outspoken in demanding the resignation of the men responsible for the launching and collapse of the government's indictment of the Independent Socialists in the open session of the Reichstag.

Dr. Gustav Stresemann, floor leader of the National Liberals, in a signed statement, accuses Chancellor Michaelis and Admiral von Capelle of failure to gauge correctly the effect of their speeches abroad.

"The form and contents of the government's declaration and its manner of procedure were positively depressing," Herr Stresemann said, "for friends of the government and a reaction most naturally will result."

REJECT RENUNCIATORY PEACE Bavarians Oppose Parts of Reichstag Resolution.

COPENHAGEN, Oct. 14.—There seems to be a growing movement in South Germany against the non-annexation and non-indemnity basis of the Reichstag peace resolution. The Bavarian House of Deputies, Herr von Cancellmann, has delivered a speech rejecting the idea of renunciatory peace.

He favors the idea that a resolution should be adopted not inconsistent with such territorial alterations as are necessary to the security of the German frontiers.

Elevator Operators Meet. A meeting of the newly-organized union of elevator operators was held yesterday afternoon at the Labor Tem-

NATION TO INSURE ITS FIGHTING MEN

Plans for Placing Policies Into Effect Will Be Outlined at Conference Tomorrow.

RANGE OF AGES 15 TO 65 Monthly Premiums for Each \$1000 Insurance Will Vary From 63 Cents to \$3.35; Family Allowances to Be Made.

WASHINGTON, Oct. 14.—Samples of the insurance policy which the Government will write for its soldiers and sailors were made public tonight by the war risk insurance bureau of the Treasury Department. Plans for placing the policies into effect will be outlined here next Tuesday at a conference of Treasury officials with representatives of the Navy and officers and enlisted men at the 32 cantonments.

Details of the policy disclosed that risks will be written upon the lives of men and women between the age of 15 and 65 in all branches of the Army, Navy, Marine Corps, Coast Guard, Naval Reserve, National naval volunteers, nurses and "any other branches of the United States forces serving with the Army and Navy." Announcement was made that "rates at ages higher or lower will be given upon request."

Premiums, computed on a monthly basis, vary between cents per \$1000 at age 15 to \$3.35 per \$1000 at age 65. Between 21 and 31 years the following monthly premiums will be charged per \$1000 of insurance (the limit being \$10,000):

Twenty-one to 23, inclusive, 65 cents; 24 to 25, 65 cents; 26 to 27, 67 cents; 28 to 29, 69 cents; 30 to 31, 70 cents.

During periods of total disability the insurance policy will, at one lump sum, but monthly for 20 years, should the disability continue for that period. Should death occur before 20 years, the remainder of the policy will be paid at once to the beneficiary. At the age of 25 the monthly installment for the 20-year period would be \$3.75 per \$1000 of insurance.

Family Allowances Provided. Provision is made for family allowances, for wounded and cripples, for compensation in case of death or injury without cost and for insurance at a small cost.

In cases of partial disability, the amount of compensation is determined by a schedule of rates based upon the extent of the impairment of earning capacity. Total disability payments are to be increased above the figures named in the policy where the insured has dependents.

"Where the injury or disease is caused by the willful misconduct of the insured, no compensation will be paid. The policies will be issued in multiples of \$500, no policy, however, to be less than \$1000.

BOND VALUES SHRINK BANKS TO BE GIVEN DISCRETION IN MATTER OF LISTING.

Action of Treasury Officials Intended to Prevent Undue Tightening of Money Market.

WASHINGTON, Oct. 14.—Treasury officials, concerned over the downward tendency of the bond market as an outgrowth of liberty loan financing, have determined to take steps to check the shrinkage in gilt-edged bond values so far as is consistent with Governmental action and sound financing.

In this connection a statement of the Controller of the Currency tonight issued a statement announcing that he had instructed all National bank examiners that they need not require National banks holding high-grade bonds of unquestioned intrinsic value and merit to charge them down to present abnormal figures.

Similar action was taken by the Controller at the outbreak of the European war when securities values dropped precipitately to lower prices.

Y. M. C. A. NEED ANNOUNCED Washington's Quota Is \$8000; Oregon's \$6500 and Idaho \$3000.

SAN FRANCISCO, Oct. 14.—State quotas toward the war work in the Western Department of the Army were announced by the Y. M. C. A. Saturday as follows:

Washington, \$8000; Oregon, \$6500; Idaho, \$3000; Utah, \$2000; Wyoming, \$1000.

OREGON PIONEER WHO DIED RECENTLY.

Louis Prevost, an Oregon pioneer, died at his home at Woodburn on September 20. At the age of 9 he was brought from his native town of Quebec, Ontario, to Oregon by the mission-ary fathers. Here he learned the trade of blacksmithing and gun-smithing. Later he farmed for several years. In 1885 he engaged in business in Woodburn, where he remained until the time of his death.

Those who survive Mr. Prevost are Alexander Prevost and Fred Prevost, of Portland, and Mrs. Grant W. McGuire, of Woodburn.

MINE OWNERS WORRIED ORE WORTH LESS THAN 4 PER CENT ZINC REFUSED BY SMELTER.

New Order Will Result in Shipping Copper Ores to Smelters at Tacoma.

VANCOUVER, B. C., Oct. 14.—Van-couver mining men are in a state of near consternation as the result of receipt of notice from the Trail smelter that no more ores containing more than 4 per cent zinc will be accepted.

Practically all the silver and lead ores in British Columbia carry zinc. The smelter used to allow shipment of ore carrying 8 per cent zinc, and above that penalized \$1 a unit. Very few mines in British Columbia can ship ore which does not carry at least 4 per cent zinc, unless they are mining pure lead ores.

The result will be that not only will copper ores be shipped to the smelter but also the stock of practically every British Columbia mining property owned.

Telephone Workers Get More Pay. VANCOUVER, B. C., Oct. 14.—The wage dispute between the British Columbia Telephone Company and its electrical workers has been settled. The company offers the men a wage increase of 25 per cent and an eight-hour day, and the men relinquished their demand for a closed shop.

BRITISH STEAMER AFIRE

VESSEL SAVED AFTER 24-HOUR FIGHT WITH FLAMES.

Blast Discovered in Engine-room Apartments—Cargo Consists of Munitions and Admiralty Stores.

AN ATLANTIC PORT, Oct. 14.—A large British steamer, loaded with admiralty stores, principally munitions and 6000 barrels of oil, in bulk, was towed back into port tonight with fire in her engine-room compartments under control after a 24-hour battle to keep the ship from exploding.

The fire broke out yesterday evening when the ship was 39 miles out of this port and off a Government station. Blue flames were seen coming from the engine-room compartments where the oil was stored.

Captain told them to be real Britons, and called on his firemen to go below and beat the fires. They made their way through the gases which were pouring off the burning oil, with their heads, in the ship's pumps, which flooded the engine-room, the ship's fire were soon out. Meanwhile the pilot had put the ship into a cove where the winds were so dangerous.

Fire was still burning in several of the tanks tonight, but it was said to be well under control and away from other combustible. The cargo is valued at over \$2,000,000. The ship is practically new.

An investigation has been started by Admiralty and United States officials to ascertain the cause.

PASTOR EXTOLS I. W. W. REV. SYDNEY STRONG TELLS OF INTIMATE ACQUAINTANCE.

"Leaders Are Men of Beatific Countenance," Who Command Admiration, Says Preacher.

COLUMBUS, O., Oct. 14.—Industrial workers of the World were compared to the early Christians, were told as not being one-tenth bad men and ministers of the Congregational Church were enjoined to lend succor to them in an address here this afternoon by Rev. Sydney Strong, Seattle, Wash. He spoke to delegates of the National Council of Congregational Churches of the United States, in session here.

Rev. Mr. Strong told of his intimate acquaintance with a large number of I. W. W. of institutions he has made to their members in prisons and generally of an admiration they commanded in him.

"Their leaders are men of beatific countenance. They believe in a beautiful philosophy of non-resistance and are bound to a cause they think is right. They are idealists and they preserve a remarkable solidarity of purpose. They hold to a principle of 'fold your arms,' a remarkable policy of non-resistance. Their internationalism and inter-racialism is according to the most lauded standards. Their organization is open to all alike."

The distribution of this country was deplored by Rev. Mr. Strong. In American cities, he said, it has been found 2 per cent of the people control 60 per cent of the wealth.

After declaring that present civilization is capitalistic throughout and that the lawyer, preacher and teacher are allied with the capitalistic system, Rev. Mr. Strong, turning to the war, said that the lawyer, preacher and teacher are allied with the war, and that the government must come after the closing of the present conflict.

Pastors Urge Bond Buying. CHICAGO, Oct. 14.—Patriotic church-goers were urged from hundreds of Chicago pulpits today to rally to the liberty loan and thereby make the last half of the four weeks' campaign a success.

Silver Ore Found Near Baker. BAKER, Or., Oct. 14.—(Special.)—Discovery of a rich ledge of silver ore in Granite Boulder Canyon, in the Greenhorn district is reported by Otto Simons.

Mr. Simons says that already he has found 2 per cent of the people control 60 per cent of the wealth.
