

SLEEPING FARMERS ROUSED FOR LOAN

Hood River Ranchers Visited After Dark by Liberty Bonds Workers.

TOTS GIVE MITE FOR CAUSE

Children of Anabel Presbyterian Church Sunday School Subscribe \$60 to Buy Bond by Means of Much Self-Denial.

"We'll go right out to the farmer, not expect the farmer to come to us." This was the slogan of the banks of Hood River County and Wasco County after C. A. Miller, Oregon liberty loan campaign manager, had held conferences with them yesterday at The Dalles and Hood River.

Practically every banker in Wasco County met Mr. Miller at The Dalles. It was the unanimous decision that in every town there should be formed committees known as "banks' assistants." These assistants will travel to the farmer, explain liberty bonds and obtain his subscription.

Mr. Miller held a preliminary conference at Hood River in the morning, then traveled to The Dalles and at the personal request of the Mayor again visited that city last night to address a conference of business men.

At that meeting it was pointed out to Mr. Miller that the entire Hood River Valley was working frantically to harvest the fruit crop. After considerable discussion, committees were appointed to call on farmers and ranchers in the Valley after dark.

"Let's meet them after dark," said one speaker. "The ranchers will have a few minutes to themselves, then."

And so, perhaps, begins the most novel of all the campaigns—after dark, along the bewilderingly intricate roads of Hood River County. It is believed that this plan will more than double Hood River's subscriptions to the Liberty loan.

One hundred and fifty liberty bonds were sold yesterday by Ben Selling on his 41-down-and-11-a-week plan. At the close of business he still had a stack of mail nearly a foot high which he had not even opened.

Applications have come from as far as Boise, Idaho; San Francisco, Baker, Medford and many other towns. "I intend to keep this until the loan closes if I can possibly manage it," said Mr. Selling at liberty loan headquarters.

They will conscript the wealth of the congregation at St. Mary's Cathedral to buy liberty bonds. So announced F. W. Goodrich, organizer, who declared that committees have been appointed to arrange a working plan to accomplish this. Fifteen thousand dollars have been subscribed, said Mr. Goodrich.

Subscriptions ranging from 25 cents to \$5, the children attending Anabel Presbyterian Sunday school have contributed \$60 to buy a liberty bond for the school. A wonderful self-denial was shown by many of the children, declared C. C. Tripp, superintendent.

Between \$25,000 and \$50,000 of state funds will be invested in liberty bonds by T. B. Kay, State Treasurer, according to information received at liberty loan headquarters yesterday. Mr. Kay is canvassing his department in behalf of the liberty bonds and at the same time is canvassing the county.

Would-Be Revolution Makers Brought to Trial.

SCHEME BORN IN BERLIN

Much German Money Spent to Start Uprising in India. —FACTS DISCLOSED BY HINDU WITNESS. —CHICAGO, Oct. 16.—Trial of Gustav H. Jacobson, Albert Weide, George Paul Boehm and Heramba La Gupta, charged with conspiring to foment a revolution in India, was begun today before Federal Judge Landis.

Assistant United States District Attorney Joseph E. Fleming in his opening address to the jury said the Government would prove that Jacobson had given Gupta \$1000 in the former's home in Chicago, and that various other sums had been paid to others identified with the alleged plot. He said that the Government would show that the alleged plotters received their instructions from Berlin by code cablegrams.

Mr. Fleming declared that Baron von Reizwitz in May, 1915, paid \$20,000 to Albert H. Weide, and that \$20,000 was paid to another man. Later Boehm, according to Attorney Fleming, received \$1500 from Von Reizwitz and immediately left for India.

The detailed story of the activities of the alleged conspirators in San Francisco, Honolulu, Siam and Chicago and their subsequent arrest was related.

John Singh, a Hindu, the first witness, said he was in South America when he first became interested in the alleged plot. He went to Italy and later to Berlin where he attended meetings of the German leaders. He said he was given \$1000 in Berlin to come to the United States.

FINE SPIRIT IS SHOWN

MEN OF NATIONAL NAVY MAKING GOOD AT CAMPS. —Young Soldiers Throw Themselves Into Work With Zeal That Arouses Enthusiasm. —WASHINGTON, Oct. 16.—Men of the National Navy are developing a spirit that augurs well for the spirit of the force, former reports reaching the War Department from several cantonments show. The young soldiers are throwing themselves into the work with a zeal that has aroused the enthusiasm of their officers.

Especially gratifying to officials were reports from Camp Devens, Ayer, Mass., and Camp Grant, Rockford, Ill., and in order to learn the spirit of the men at all training camps the department today decided to call upon divisional commanders for reports.

At Camp Devens the company officers report many instances where the men come in from eight hours of intensive training still eager for work. Instead of seeking rest in their quarters the new soldiers turn out into the company streets and continue practicing what they could not be held responsible.

ROOKIE IS REGISTER

San Francisco Radical Will Be Court-Martialed.

MENTAL STATE IS NORMAL

Californian at Camp Lewis Examined by Army Psychiatrists When He Refused to Be Examined or Obey Officers' Orders.

TACOMA, Wash., Oct. 16.—(Special)—An application of the principles of psychiatry in the case of E. K. Larsen, the San Francisco radical who arrived as a member of the third quota from San Francisco last Tuesday, and who refused to submit to a physical examination or obey any other military orders, has revealed nothing abnormal as to mind. The objector will have to stand court-martial for insubordination, it was announced today at Camp Lewis.

The examination of Larsen to determine whether his steadfast refusal to obey any orders whatever is due to some peculiar defect of his mentality, for which he could not be held responsible, was made yesterday by the psychiatrists now on duty with the mustering office at the base hospital. The experts were unable to detect any mental irresponsibility. Apparently, they reported, Larsen's actions are determined simply by his radical views and a natural stubbornness or fixed determination.

As you doubtless know, our service has just been taken over by the United States Government, and all now in this section are United States soldiers. Previously we had been driving heavy French cars, and the change to the Portland cars was welcome. I hope you will tender my hearty thanks to the donors of these cars, and tell them how much I appreciate the privilege of driving one of the cars from Portland."

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Luster to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur restores its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe proved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and luster of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it does so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv.

To Ladies Who Are Stout

Fat is fatal to health and beauty. Reduce weight sensibly and easily; improve your health and figure. Avoid heart trouble, wrinkles, nervousness, weakness, etc., besides embarrassment, due to obesity.

Look and feel younger. Walk sprightly. Let your eyes sparkle with new fervor. Surprise and delight your friends. Be a girl again!

Go to the drugist and get oil of kerosin capsules and follow the directions of the wonderfully fine fat reducing system. Reduce ten to sixty pounds. Eat all you need (including some candy, if desired) while reducing.

Don't bother about going through tiresome exercises or following severe rules of starvation diet. Why not become content with what so much work, worry and self-denial—Adv.

Just One Application and the Hairs Vanish

(Toilet Talk.) Any woman can keep her skin free from unsightly hair, if she will follow these simple instructions: When hairy growths appear, apply a simple paste, made by mixing some water with powdered delatone. Apply this to hairy surface, and after two or three minutes rub off, wash the skin and the hairs are gone. This is a harmless treatment, but be sure you get the real delatone.—Adv.
