

The Liberty Loan Speaks for Our Whole People

The eyes and ears of the world are strained for our answer. Don't do your bit, but do your best; that there may be no doubt as to the answer. We should bear in mind that a Liberty Bond will always be worth as much and more than we paid for it. If it should not, then nothing will be worth while.

"The World Must Be Made Safe for Democracy"

We should put every dollar we can spare into a Liberty bond. Never before could our dollar buy so much. It buys safety for our country, our homes and our children, now and for years to come. It buys life and liberty without taking a cent away from us. It fights for us, and pays for the privilege of fighting. It fulfills a duty which has the combined rewards of a good deed and a good investment.

For the Second Liberty Loan is the best investment in the world today. A Liberty Bond is money which pays a secured income for our home and family. Always safe as

gold, always worth its face value, every Liberty Bond, with the end of the war, is sure to be held at a premium.

We with a few dollars to invest can put them to fighting for our homes at the same time they bring us an income.

You may buy Liberty Bonds as small as \$50 and pay for them by instalments.

Go to the nearest bank, the nearest postoffice, or to the Liberty Bond headquarters at Fifth and Stark Street.

Other lands of Democracy are making their fight and sacrifices for Democracy.
