Some Communities Promise to Increase Their Quotas 100 Per Cent. While Nearly All Expect to Meet Demands.

More than \$25,000 has already been subscribed in Clatskanie as the result of meetings held by Walter A. Dimick and Oscar Furuseth. A meeting was held in the logging camps at noon yesterday and \$100 was subscribed by the employees in 15 minutes, with prospects for \$2000 additional.

Ashland entertained W. S. U'Ren and Sam L. Garland last night, when the local liberty loan campaign was inaugurated officially. Thirty prominent Ashland citizens were present and resolved themselves into a district committee.

Rainier Local Order of Moose has invested all the funds in its treasury in Liberty Bonds.

Woodburn has sold bonds to \$7500.

The Forest Grove National Bank has already sold \$20,000 of bonds.

Haines is making an active campaign, with \$6000 in liberty bonds already subscribed and \$3000 more in immediate sight.

"Dallas needs no assistance. This city will do as well or better than the rest of the state," said the Dallas National Bank, with \$25,000 already subscribed.

Newport expects to raise \$4000 in liberty bonds, although only \$1000 has been invested by citizens up to date. All city organizations are co-operating.

Arlington expects to raise \$15,000 towards the liberty loan. An effort is being made to help out that city with an organizer, at the request of the Arlington National Bank.

Clatskanie has invested \$7500 towards perpetuating democracy. A committee has been appointed to canvass the farmers, following A. P. Flegel's address. Mr. Flegel spoke yesterday at Noyes and Holland and at the Benson Timber Company's camp. Today he will speak at Niat.

Coquille has pledged itself to exceed its quota, following a meeting addressed by Earl K. Kubli. Of the \$25,000 required, First National Bank has received subscriptions amounting to \$4000. Mr. Kirkpatrick addressed the Coquille high school and Marshfield high school yesterday, with additional meetings at the coal mines near Marshfield and at the shipyards. Last night he spoke at Myrtle Point.

Pilot Rock, one of the smallest towns in Umatilla County, already reports \$10,000 through the First Bank of that city. Pilot Rock expects to invest \$30,000 in liberty bonds.

Forest Grove has contributed to the liberty loan \$15,999 to date.

Both banks at Harrisburg are co-operating to make the liberty loan. George J. Wilhelm promises that Harrisburg will double its investment in the first liberty loan.

Twelve hundred dollars is Donald's investment in liberty bonds.

Drain reports little interest taken in the liberty bond issue in that city, but \$1000 has been subscribed to date.

Following the enthusiastic John J. Stevenson and John L. Etheridge meeting at Merrill, that city reports the subscriptions now total \$2750 to liberty bonds.

Although a big fire broke up the Cottage Grove patriotic meeting, exceptional results are being reported from that city.

The Hicks-Sheelin lumber mill at Bend is arranging to sell \$5300 first issue Liberty bonds and will invest the proceeds in the second issue. In addition it has bought \$5000 of the new issue. The bonds taken by the employees of the two big mills, the Hicks-Sheelin and the Brooks-Sheelin, will total \$35,000. Efforts are being made to transfer this purchase to Oregon from the headquarters of the companies at Minneapolis, where it was planned to purchase the bonds taken by employees on the installment plan.

One will raise \$5000 for liberty bonds. Metellus has invested \$1250 in liberty bonds following the Stevenson-Etheridge meetings, a poor wheat crop holding the sales down.

DAY'S SALES BIGGEST YET Immense Subscriptions Nation's Answer to Pro-German Attempts.

WASHINGTON, Oct. 18.—The Nation's answer to the abortive efforts of the German Government to raise the greatest single day's subscriptions since the campaign started. Officials estimate nearly \$1,750,000,000 of the Liberty Loan has been subscribed in heavy sales are reported in prospect for the closing days of the drive.

Progress of the loan throughout the Nation was announced in the following statement issued by the Treasury tonight: "Official reports on subscriptions totaled \$27,174,650 up to the close of business yesterday, or about \$127,000,000 more than was reported at the close of business on the previous day.

Enormous Total Reported. "Estimates based on the customary daily increases of the official figures and unofficial reports from various parts of the country led to the belief tonight that between \$1,500,000,000 and \$1,750,000,000 had been subscribed.

The official figures follow: Boston, \$95,000,000; New York, \$359,200,000; Philadelphia, \$26,345,000; Cleveland, \$95,390,000; Richmond, \$34,470,000; Atlanta, \$8,669,000; Chicago, \$91,270,000; St. Louis, \$24,640; Minneapolis, \$500,000; Kansas City, \$7,197,000; Dallas, \$6,820,000; San Francisco, \$39,040,150.

"New York went over the \$500,000,000 mark, an unofficial estimate from there tonight being \$560,000,000.

ENEMIES AT WORK AGAINST WAR LOAN

Pro-Germans in Middle West Endeavor to Discourage Subscriptions.

BANKERS ARE THREATENED

Secretary of Treasury Announces That Persons Found Guilty of Such Traitorous Action Will Be Punished.

WASHINGTON, Oct. 18.—The Treasury Department today has issued from a stern campaign of repression against enemy agents guilty of attempts to incite popular feeling against the liberty loan. The action is based on reports forwarded to officials here. In some parts of the Middle West efforts to discourage subscriptions to the loan have been especially noticeable. Surprising activities of the seditious individuals, it is said, have extended even to the National capital.

Charges of propagandists that the men of the National Army bitterly opposed the war were amply refuted by an announcement that Army subscriptions already total \$26,000,000.

Pro-German depositors of banks in some localities, it is reported, have endeavored to intimidate the institutions from assisting the loans by removing their accounts.

Depositors Are Threatened. The Secretary of Treasury's statement was promptly repeated from various parts of the country that depositors have threatened banks with withdrawal if they subscribe to the loan. It follows:

"From several sections of the country bankers have reported to me that some of their customers have threatened to withdraw deposits if their banks subscribed to the liberty loan. Such attempts at intimidation are made by disloyal and traitorous persons and are serious offenses against the law for which stern punishment should be inflicted.

"I earnestly request any banks, state or National, against which such threats have been made to report immediately by telegram or letter to the Secretary of the Treasury, Washington, the names and addresses of the person or persons guilty of such disloyal and traitorous actions, and to inform me that they are dealt with to the limit of the law.

Banks Will Be Protected. "I also request such banks to inform me immediately if any deposits are withdrawn because they subscribe to the liberty loan, giving me the name of the person or persons who have made such withdrawals.

"Every bank in the United States subscribing to the bonds of the United States Government will be protected with all the power and resources of the Government. No bank shall be punished for doing its patriotic duty by assisting the Government to prosecute the war to a swift and victorious conclusion.

The Secretary telegraphed the statement to the Treasury Department from Salt Lake City, where he spoke today.

ABERDEEN, Wash., Oct. 18.—(Special.)—The sale of \$24,000 worth of liberty bonds today was reported by the banks of this county tonight, bringing the total to \$208,000. Of the money subscribed today, \$12,000 came from 66 loggers employed in the Polson camps. Many manufacturing firms here have volunteered to handle bond purchases for their employees, permitting them to buy \$50 bonds for \$5 a month, taking the money out of their monthly wages.

Damp Cellars—Pest-Holes of Disease

Disease germs infest dark cellars. There, in the damp accumulations of dirt, the germs breed by the millions and form a constant menace to the family dwelling above. Whoever enters their lurking places may become infected with disease.

Draughts of air rising from the cellar and spreading through the house may be loaded with disease germs. Breathing such air means sickness.

For the health of your family make your cellar clean—germ-free clean—with Lysol, which kills every germ the instant it is applied.

Don't ever attempt to sweep or scrub without first sprinkling places with a solution of Lysol Disinfectant. Otherwise, sweeping merely whirls germs into the air where they will be inhaled. First kill the germs. Then sweep.

Lysol is economical, a 25c bottle makes two gallons and a 50c bottle five gallons of reliable disinfectant, certain to kill all germs. It should be used also in cleaning sinks, drains, defective plumbing, garbage cans and the floors and woodwork of the upper rooms.

There is only One True Lysol—One Safe Lysol—that made, bottled, sealed and signed by Lehn & Fink.

Three sizes: 25c, 50c and \$1.00 Sold everywhere

Why Colds Are Dangerous. It is not only the serious diseases that so often start with a cold that make a cold the most dangerous of the minor ailments, but the fact that when a child has a cold he is much more likely to contract germ diseases, such as scarlet fever and diphtheria. For this reason every cold should be gotten rid of as quickly as possible. Chamberlain's Cough Remedy has gained a wide reputation for its quick cures of bad colds.
