

SECOND WAR LOAN IS \$4,817,532,300

Americans Respond to Nation's Call by Subscription Far Above Minimum.

MAXIMUM ALMOST REACHED

Tabulation Completed 11 Days After Close of Nation-Wide Bond-Selling Campaign Shows Every District Exceeds Quota.

WASHINGTON, Nov. 7.—Americans responded to the call for a second liberty war loan by subscribing \$4,817,532,300, an oversubscription by 54 per cent of the \$3,000,000,000 asked and only \$383,000,000 less than the \$5,000,000,000 maximum fixed by the Treasury.

Tabulations completed tonight, 11 days after the close of the nation-wide bond-selling campaign, showed that every Federal reserve district exceeded its quota and 9,400,000 persons subscribed in the big war financing operation, which Secretary McAdoo described as the greatest ever attempted by any government.

Half of the oversubscribed sum will be accepted, making the actual total of bonds to be issued \$3,808,766,150. Ninety-nine per cent of the subscribers will receive the amount for which they subscribed, all subscriptions for \$50,000 or less being allotted in full, and those above that amount being pared down in varying proportions, ranging from a 90 per cent allowance on subscriptions between \$50,000 and \$100,000 to 40 per cent for the largest single subscriber of \$5,000,000.

Loan Is Distinct Triumph.

"The success of the second liberty loan, like that of the first, is a distinct triumph for the people of the United States," said Secretary McAdoo, announcing the loan results tonight. "It not only demonstrated their ability, patriotism and resources, but assured a certain success of any future loans that may be offered by the Government."

The Secretary added a denial of reports that the third loan would be solicited in January, 1918. "In view of the large oversubscription to the second liberty loan," he said, "I am glad to say that this will not be necessary."

It has been generally understood that the third loan would be sought probably in late February or early March next year.

The New York Federal reserve district subscribed nearly three times as much as the second district in the list, Chicago. The results in each district follow:

Table with columns: District, Total Sub., Quota, % P.C. Includes entries for New York, Chicago, Cleveland, Boston, Philadelphia, San Francisco, Richmond, St. Louis, Kansas City, Minneapolis, Atlanta, Dallas.

Although 1 per cent of subscriptions were for sums above \$50,000, for which only partial allotments will be made, \$2,129,000,000 or nearly half of the big aggregate, was made up by the larger sums. More than \$750,000,000 was subscribed in individual amounts of more than \$1,000,000.

Big Sums Taken.

The allotments of subscriptions over \$50,000 was authorized by Secretary McAdoo, as follows: Between \$50,000 and \$100,000, inclusive, 90 per cent, but not less than \$50,000 will be allowed, reducing \$260,000,000 subscribed to \$232,000,000 issued.

Between \$100,000 and \$200,000, inclusive, 75 per cent, but not less than \$50,000 will be allowed, reducing \$242,000,000 subscribed to \$181,500,000 issued. Between \$200,000 and \$1,000,000, inclusive, 60 per cent, but not less than \$150,000, will be allowed, reducing \$756,000,000 subscribed to \$453,600,000 issued.

Between \$1,000,000 and \$5,000,000, inclusive, 50 per cent, but not less than \$500,000 allowed, reducing \$470,000,000 to \$235,000,000.

Between \$5,000,000 and \$50,000,000, inclusive, 40 per cent, but not less than \$4,000,000 allowed, reducing \$250,000,000 subscribed to \$102,000,000 issued.

Only 40.3 per cent of the single \$50,000,000 subscription, the largest received, will be allowed, making the issue of \$20,407,500.

Two Loans Compared.

Subscriptions to the first liberty loan, which closed Jan. 15, were \$3,000,000,000, a 50 per cent over-subscription of the \$2,000,000,000 offered and allowed. There were more than 4,000,000 subscribers and 12,000,000 tickets in full on subscriptions of \$10,000 and less.

In the second liberty loan payment of 2 per cent of the subscription amount was required with the application, and thousands of purchasers of the small bonds, particularly \$50 and \$100 denominations, paid cash in full. From these payments \$151,000,000 already has been received by the treasury. The second installment of 18 per cent will fall due one week from tomorrow, Thursday, November 15, 40 per cent additional will be due December 15, and the last installment of 40 per cent will be due January 15, 1918.

BLIND SINGER TO APPEAR

Miss Carney to Entertain at Club Luncheon Today; Godwin Talks.

Miss Marguerite Cecilia Carney, lyric soprano singer, will entertain the Progressive Business Men's Club today during luncheon at the Benson Hotel.

Jack Goodwin, the man who has torn up 800 I. W. W. cards this year, will speak on "The Menace at Home," all there is to know about the I. W. W.

STORED AUTOS WAIT ROAD

25-Year-Old Lane County Horses Have Never Been Shod.

EUGENE, Or., Nov. 7.—(Special.)—Farmers of the North Fork Valley, one

of the most prosperous sections of Western Lane County, who have waited 40 years for the building of a road, are eagerly awaiting the opening of the Coast link of the Central Oregon Highway, according to Deputy County Surveyor P. M. Morse, who has just returned from a trip to that region.

The North Fork Valley is one of the long-stilled regions of Lane County. Its only means of transportation has been its waterways. The people there have gone to meetings of the grange, to church and everywhere by boat. Horses, 25 years of age, on some of the farms, have never had shoes on their feet.

400 MEN ARE AT WORK

STRIKE AT OREGON CITY PAPER MILLS SEEMS BROKEN.

Crown Willamette Has All but One Machine Busy, and Hawley Plant Has Sixty Men on Machines.

OREGON CITY, Or., Nov. 7.—(Special.)—Four hundred men are now working in the paper mills of the Crown Willamette Paper Company.

Three paper machines, caring for 75 per cent of the plant capacity, are in operation, machine No. 4 having been started this morning, joining machines Nos. 5 and 6, that were placed in operation last Monday.

The management expects to start No. 1 machine tomorrow. The Hawley Pulp & Paper Company is working 60 men in its machine room and auxiliary departments.

About 75 of the employees of the two companies who went on strike have returned to work, and about 700 men are still out, about 125 of whom are working in Portland shipyards, many of them still living in Oregon City and making the round trip to Portland daily.

These are the latest features of the paper mill strike that has been on here since October 26.

It is apparent that while the strikers, as a union organization, have not lost heart, their confidence in winning the strike has been shaken, and it is freely predicted that the strike will gradually, if not speedily, wear itself out.

It is no secret that the paper companies have had their ears to the ground for months, and that they have not been caught napping, but have been able to cope with the situation. They have a temporary hotel at the Crown Willamette plant, and are taking care of about 150 men there. They have succeeded in bringing in a number of expert workmen, some of them from the East, with the result that they have been able to place four paper machines in operation.

The failure of the unions to keep the plants idle has given the companies confidence and it is reported that under no circumstances will the union leaders and agitators be permitted to return to work.

DOORS CLOSED, LEG LOST

Shipworker in Hurry Boards Car and Is Knocked Off at Bridge.

E. J. Wendt, 286 Spokane avenue, a shipyard employe, stood on the steps of an inbound Mount Scott streetcar as the doors had been closed to cross the Hawthorne bridge at 5:07 o'clock last night, and was knocked under the tracks while he attempted to enter the narrow bridge passage.

His right leg was partially severed below the knee and had to be amputated. The streetcar crew went on without stopping, and say they knew nothing of the accident.

The injured man was picked up by Brigadier-General Smith and Baker, called the Ambulance Service Company. He was removed to the Good Samaritan Hospital.

Hospital authorities expect Mr. Wendt to recover.

HIGHWAY WORK TO START

Engineer Will Establish Headquarters at Wolf Creek.

SALEM, Or., Nov. 7.—(Special.)—J. E. Nelson, who has been engineer for the State Highway Department on the Clatsop county paving work, was in Salem today on the way to Douglas County to begin work on the Wolf Creek graves Creek stretch of the Pacific Highway.

A contract for this work was awarded yesterday. Mr. Nelson will establish headquarters at Wolf Creek. The main part of this job is rock work and the contractors will be able to operate practically all winter.

Aberdeen Ready for Drive.

ABERDEEN, Wash., Nov. 7.—(Special.)—W. J. Patterson, L. G. Humberger, C. T. Scurry, Stewart Hoeman and H. P. Brown have been named as an executive committee to have charge of the Y. M. C. A. drive for \$5500 to be started here Monday. The committee is organizing 10 teams of 10 men each to make a canvass of the city.

American motion-picture films are growing in popularity in Rosario, Argentine. The new films are reviewed at length in the newspapers.

STOCK SHOW OPENS

100 Head of Herefords in Stalls at Lewiston.

TODAY IS GOVERNOR'S DAY

Paul Clagstone, Manager of Northwest Livestock Association, Declares All in Readiness for Idaho Exhibit.

LEWISTON, Idaho, Nov. 7.—(Special.)—"We are all ready to open the Northwest Livestock Show tomorrow, Governor's day," says Paul Clagstone, manager of the Northwest Livestock Association.

Everything was in readiness Monday as far as the grounds were concerned, to start the big show, and the exhibits on the ground now exceed all expectations. There are over a hundred head of Herefords and approximately a hundred head of Shorthorns now in their stalls. The sheep tents are all full, and by tonight all corals for the fat stock will be ready to receive the animals.

A large force of workmen are putting up additional pens and corals for the fat stock, but are unable to keep ahead of the arrivals. Saturday, November 10, has been designated Stockyards day, as there will be a delegation of buyers from the packers of Seattle, Tacoma, Portland, Spokane, Denver, Kansas City and Chicago present to bid in the offerings that are being put on exhibit.

Robert Nelson is bringing from North Yakima a carload of registered Duroc-Jerseys for the individual show, and two carloads of the same class of fat hogs for the Saturday sale. Brown Bros. have wired they have several carloads of registered and fat stock swine of several breeds in transit for the opening tomorrow.

The lighting system on the grounds has been doubled. Professor Fren Moore, the University of Idaho poultry expert, will deliver a series of valuable lectures and show, and two carloads of the same class of fat hogs for the Saturday sale. Robert Nelson is bringing from North Yakima a carload of registered Duroc-Jerseys for the individual show, and two carloads of the same class of fat hogs for the Saturday sale.

MARK FUNERAL SUNDAY

TROOPER'S BODY TO ARRIVE IN SHERIDAN FRIDAY.

Former Attorney Secretly Became Engaged Before Departure With Regiment for South.

SHERIDAN, Or., Nov. 7.—(Special.)—The body of Ray Mark, private of Troop A, Cavalry, 16th Field Artillery, will arrive in Sheridan Friday. The funeral will be held Sunday at 1:30 P. M. with the County Bar Association of Yamhill County and students of Willamette University attending.

Mr. Mark was overcome by illumination gas at the home of his cousin, Harry Johnson, in New York City, while on a leave of absence. Prior to his enlistment he was a member of the Sheridan law firm of Helder & Clark.

He was born in Port Huron, Mich., September 14, 1888, and completed his common school education in that city. He graduated from high school in Palm Beach, Fla. Nine years ago he came to Sheridan with his parents. In 1915 he graduated from the Willamette University School of Law, and in the Fall formed the partnership with Mr. Helder.

His friends last Spring, at the time of the vacancy in the County Judgeship, unsolicited, petitioned Governor Withycombe for his appointment. Shortly before his departure for Camp Greene he became engaged to Miss Veda Wright of Willamina, though the engagement was not to have been formally announced until after the war.

Mr. Mark is survived by his parents, Mr. and Mrs. P. Mark, and a sister, Olive, who is a senior in Willamette University. The funeral will be conducted from the Methodist Church, with Rev. C. L. Dark officiating.

INSPECTION FUND NEEDED

Emergency Board to Be Asked for \$5000 for Department.

SALEM, Or., Nov. 7.—(Special.)—Favorable reports having been received by the Public Service Commission to letters sent to grain dealers and others interested in grain in the state, the Commission probably will ask Secretary of State Olcott, within a few days to call a meeting of the Emergency Board, probably for November 15, to pass on the question of whether a deficiency appropriation shall be made for the state grain inspection department of the Commission.

It is expected that \$5000 will be

asked from the Emergency Board to tide the department over the remainder of the biennial period. Curtailment of shipments of grain has been largely responsible for the flattened condition of the inspection department's finances, the Commissioners say, although other conditions have arisen as well, to cut down the \$7000 initial appropriation for the department made by the last Legislature, which also passed the first grain inspection law. Weighers and inspectors are said to be working for the state at less wages than they received when employed by the warehouses. It would be possible, it is declared, to make ends meet in some manner by employing the force only at such times as there is grain to inspect, but this is said to be not feasible, as the force could not be kept under those conditions.

Letters of approval of the Commission's move to ask the Emergency Board for a deficiency appropriation have been numerous, and grain dealers and others who have written in have been unanimous in stating that the state should continue the department.

PACIFIC COAST LAUDED

EASTERN ECONOMIST SAYS WESTERN BANKS ARE DOING BIT.

P. M. Taylor, of Massachusetts, Sees Big Resources Here—Support of Ship Construction Is Urged.

P. M. Taylor, of Longmeadow, Mass., head of the organization bearing his own name, Nation-wide in action, which represents a large number of banks throughout the country, is a visitor to Portland on a trip that has taken him across the country. He is an economist and statistician.

Mr. Taylor said yesterday that the banks of the Pacific Coast are doing their bit loyally to meet the needs of the country in the present trying crisis. He also predicts a great future for this coast in its extensive shipbuilding industry. He said:

"It is greatly appreciated throughout the country that the Pacific Coast, with its wealth and resources, is serving so loyally in stabilizing financial matters and supporting industry, not only in its own territory, but affording a vast support to the industries of the whole United States."

"When we realize that the aggregate volume of banking in the year of 1917 was \$75,000,000,000, which rose to \$182,000,000,000 in the year 1912 and for the year just closing aggregated more than \$200,000,000,000, you can understand keenly the need of such support."

"The Pacific Coast now is contributing its quota by the purchase of Government securities and supplying men. Beyond this it is a great factor in the support of our institutions and commercial development."

"I say to the residents of the Pacific Coast, give your best efforts to ship construction, all in helping to meet the requirements of our National Government and our National needs."

ROOM GIVEN FOR LIBRARY

Increased Rent Results in Search for New Location.

The city will donate the use of the abandoned fire station at East Twelfth and Powell streets for use as branch library in place of the residence now used for the purpose. A decision to this effect was reached yesterday by the City Council.

The library is maintained now in what used to be a residence. The charge has been raised and those in charge have decided to cross quarters. The fire station was closed recently and the Council will allow its use free of charge.

Church Worker Laid to Rest.

KELSO, Wash., Nov. 7.—(Special.)—Mrs. F. E. Day, who had been a resident of Kelso for 15 years and in that time had been actively identified with church and community work, passed away at the hospital in Portland Saturday noon. Funeral services were conducted from the Presbyterian Church, Mrs. Day had taken an active part in the work of that church during her long residence in Kelso, and was superintendent of the Sunday school for many years. Her husband, an only daughter, Hazel, survives her. A sister, Mrs. June Bonnesson, arrived from Omaha, Neb., last night for the funeral.

Army Orders.

SAN FRANCISCO, Nov. 7.—Army orders issued here today follow: Colonel Edmund M. Blake, Coast Artillery Corps, commanding Coast defenses of Los Angeles, will proceed to China Vista, Camp Shands and San Luis Obispo, Cal., on official business connected with the completion of the duty will return to his station, Fort McArthur, California.

In compliance with telegraphic instructions Captain Samuel T. Fink, Signal Officer, Reserve Corps, is transferred from further duty in the office of the department signal office at headquarters to Camp Sherman, Chillicothe, O., and report in person to the commanding General thereof for duty.

First Lieutenant Walter I. Sunburnt, Medical Reserve Corps, Sacramento, Cal., having reported by telegraph to the headquarters, will proceed to the Presidio at San Francisco, Cal., and report for duty with the post, and return to his post.

First Lieutenant Charles M. Taylor, Dental Corps, Fort Flagler, will proceed to Fort Lawton, Washington, for temporary duty to render the necessary dental services required by the troops at that post, and upon completion thereof will return to his proper station at Fort Flagler.

by mine or submarine and four vessels under that tonnage. The summary: Arrivals, 2384; sailings, 2379.

British merchant vessels over 1500 tons sunk by mine or submarine, including two previously, eight; under 1500 tons, including one previously, four.

Fishing vessels sunk, none. British merchant vessels unsuccessfully attacked, including five previously, six.

The sinkings of British merchant ships recorded in the latest Admiralty report are the smallest in point of number since the unrestricted submarine warfare began. They probably are smallest in tonnage also, for while eight vessels of 1600 tons or over were sunk, 20 vessels under that tonnage were destroyed. The next best record in point of number was in the week ending September 30, when 13 vessels were sunk, 11 large and two small.

ROME, Nov. 7.—The Italian shipping losses from submarines in all seas for the week ending November 4 were two steamers under 1500 tons and three sailing craft under 100 tons.

Chicago-Michigan Game Off. CHICAGO, Nov. 7.—Stops of a war benefit football game after Thanksgiving day between the Universities of

Michigan and Chicago ended tonight, when the Chicago faculty forbade any post-season games.

Hurrah! How's This

Cincinnati authority says corn dry up and lift out with fingers.

Hospital records show that every time you eat a corn you invite lockjaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called frezone can be obtained at little cost from the druggists but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of frezone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn may be lifted out, root and all, without pain. This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin. If your wife wears high heels she will be glad to know of this.—Adv.
