The Family Finds Every Inducement to Shop Here Today

This Is the Store Where Well-Dressed Men Like to **Choose Their Gloves**

A man going to purchase gloves is chiefly concerned about two things-he wants quality commensurate with the outlay and he wants to be sure the gloves he selects are correct in style. Of both of these he can be sure when he purchases at Meier & Frank's. For quality or value (which includes service) is our first care in assembling stocks. And we keep in constant touch with the market to insure that everything that's newly good finds instant place in our stocks.

Besides, this is the store of greatest assortments. We carry all standard makes, such as Bacmo Dent's Fownes Perrin's Wash-Rite

and we have ample selections in all of these lines. Our experts are conversant with the merits of every reputable make and give freely of their knowledge and helpful suggestions.

No need to tell you that our prices are the very lowest, more reminiscent, in fact, of pre-war days than this age of glove scarcity and mounting costs-whether it be gloves for dress, work, or play, this store is best prepared to supply you.

Famous Sampeck Correct Posture **Suits for Boys**

You hear a good deal about changing qualities of boys' clothing these days and increasing prices. And it is true. Many manufacturers have been forced to sacrifice quality to maintain a price. And you cannot blame them, for the change had to

come-in one or other of these essentials. BUT Sampeck quality remains unchanged. Sampeck clothes are today, as over thirty years ago, "The Standard of America" boys' clothing. And prices have advanced only very slightly, if at all. The advance is infinitesimal compared with the difficulty of securing proper materials, proper skill, to maintain the Sampeck standard of
