\$10,075 IS PROVIDED FOR WOMEN'S GAMP

County Board Honors Request of John McCourt and Kelly Butte Is Chosen.

CITY MAY ASSUME BURDEN

Quarantine Regulation to Be Rigid but Otherwise Inmates Will Be Treated With Consideration, as Patients, Not Prisoners.

Definite selection of Kelly Butte as the temporary isolation camp for immoral women who are found to be diseased and an emergency appropriation of \$10,075 with which to carry on this work during a six-months period were outstanding features resterday in the campaign against vice now being car-ried on by city and county officials in co-operation with the Federal Govern-ment, which is represented by John McCourt, of the Fosdick Vice Commis-

The County Commissioners yesterday voted the emergency appropriation unanimously and without protest after Mr. McCourt had submitted a complete budget of the estimated cost of operating the camp. The place will be under the direct supervision of Super-intendent of County Properties Eatcheil, although the city officials will be asked to name the matron, nurses and other employes necessary to the maintenance of the quarantine station. The place will be suitably guarded by the county officials.

Supplies to Be Put In. Supplies to Be Put In.

Sheriff Hurlburt said yesterday afternoon that Kelly Butte would be put in readiness for occupation early this week. The stockade fence will be repaired immediately, and all supplies authorized under the budget adopted will be ordered at once. Immediate arrangements will be made for caring for 60 women, although accommodations can be provided on short notice

The budget as submitted by Mr. Mc-Court and approved by the County any of the temporary forces. Neither Board estimates an average of 75 will age or length of service be conwomen at the isolation camp during the six months. On the basis of 56 except so far as to indicate the solthe six months. On the basis of 50 except so far as to income the total cost of food is placed at \$6750, which is the largest single item of the budget. The matron will receive \$100 a month for six months, while two nurses for the same period, their proper stations. at \$75 a month, will amount to \$900. The only other employe named in the budget is a cook, at \$75 a month, or a total of \$450.

Medicine and laboratory equipment is estimated at \$1000, while 75 new mattresses will cost \$150. Incidental expenses, including shower baths, dishes, bed linen and other minor items, are estimated at \$225.

City May Assume Burden. In granting the emergency appro-priation, the County Board did so with the understanding that, should the cit; administration find itself financially able to handle the situation after the first of the year, it would do so. It is likewise understood that the city will go ahead with immediate plans for the construction of a permanent isolation campas guickly as possible. isolation camp as quickly as possible.

All women who are interned in the camp will be placed there under rigid quarantine regulations instead of through any criminal process, as is now being done to hold them. The Newell, acting Federal food admin-

HOW TO GET RID OF INDIGESTION

"Most people who suffer from indigestion, sastritis, dyspepsia, etc.—even those who have been afflicted for years and who have tried dictors, hospitals and patent medicines galore without permanent benefit—can get instant relief and insure painless normal dissection by taking a teaspeouful of ordinary Bi-nesia in a little hot water immediately after eating." Sloan's Liniment Quickly Relieves Minor Injuries of All Kinds.

Why does Sloan's Liniment stop the pain of your sprained ankle? Because it draws out Inflammation from the it draws out inflammation from the torn or twisted ligaments and stimulates the circulation to remove the congested blood. Its soothing, warming value should be applied at once, as serious injury often follows failure to promptly care for a sprain. Strains differ from sprains in that muscles and not joints are wrenched. They stop hurting just as quickly under the com-forting application of Sloan's Liniment. The soothing, warming counter-irri-tant action of Sloan's Liniment gives quick relief to wrenched joints or mus-cles, backache, stiff neck, gont, chil-blains and other external injuries. Cleaner than mussy plasters or oint-ments. Sloan's Liniment penetrates without rubbing. Generous size bot-
