PORTLAND MARINES LEAVE SAN DIEGO

H. M. Grayson Reports Stay at Camp Kearney Pleasant From Every Angle.

REAL SERVICE IS SOLACE

Townspeople Declared Hospitable and Trips Galore Are Open for Week-Ends, While All Are Converts to Sunny Clime.

BY HARRY M. GRAYSON.

SAN DIEGO, Cal., Nov. 19 .- (Special.) -Three hundred United States Marines who left San Diego today did so regretfully, for they do not expect to en counter another post quite like that of the picturesque Southern Califoria city. Were it not for the fact that they are taking another step toward France and actual warfare, gloom would pre-dominate on this marine special, despite

dominate on this marine special, despite memories of surf bathing, mountain hikes and wonderful hospitality.

There are now approximately 26,000 enlisted men in or around San Diego. Camp Kearny, 18 miles north, is the divisional headquarters for what used to be the National Guard. State troops from California, Colorado, Nevada, Utah, New Mexico and Arizona, with what their companies tacked filled with drafted men who came down from drafted men who came down from Camp Lewis, make up 25,000 enemies of the German war lord. California's Grizzlies, field artillery, number 1200. Some Cavalry Stationed.

Approximately 1500 young sallors are in the Naval recruit depot at Balboa Park, the exposition grounds, where only 200 marines are left as a result of

only 200 marines are left as a result of the latest shipment East. North Island houses 400 aviators, while the California Const Artillery do guard duty there, employing around 300 men. Two troops of cavalry at Imperial Beach add to the assortment of uniforms.

Any Portland mother, sister or sweetheart who has someone dear to them stationed in these "diggins" need not fear about them being all dressed up with a little money and no place to go, for San Diego and immediate vicinity on liberty days is alive with Sammles, who are treated like regular fellows and shown about much after the fashion of a champlon prize-fighter.

Many of the boys have taken the trip de luxe around San Diego bay, while Coronado, La Jolla, Oceanside, Pacific Beach, Ocean Beach, Del Mar Pacific Beach, Ocean Beach, Dei Mar and the other beach resorts come in for their share. There is Tia Juana, where the horses run and where the faro lay-out is still in vogue. Of course, the fellows cannot cross the line, but from the custom house can see the track and the little ramshackle village with a National reputation.

Inland Trips Enjoyed. Enchanting inland trips are taken ad-vantage of on week-ends to El Cajon, Alpine, Julian, Escondido, Grossmont, Lemon Groves, Paradise Valley, East San Diego, Mesa Grande and other

San Diego, Mesa Grande and other points.

Grossmont is one of the particularly favorite jaunts. Although only 1200 feet above sea level, from the top of Grossmont one views a magnificent panorama of ocean, mesa and valley. To the north is the snow-capped peak of Old Baldy, and in the nearest distance San Jacinto and the Palomar Mountains. To the east the Cuyamaca range, covered with timber, to the south the table mountain of Mexico, to the west the grand old Pacific Coronado Islands, Point Loma, San Diego city, La Mesa and Spring Valley.

Carrie Jacobs Bond wrote "The End of a Perfect Day" while sitting in the sun room of her home on the peak of Grossmont. Owen Wister, of "The Virginian" tame, makes his Winter quarters here, while Madame Schumann Heink's house is the pretitiest of all.

The Madame Schumann Heink's house is the pretitiest of all.

HOW TO RELIEVE HEAD NOISES

like water falling or steam escaping should take prompt and effective measures to stop this trouble. Head noises are almost invariably the forerunners of complete or realizable to forerunners of complete or realizable to the forerunners of comple variably the forerunners of complete or partial deafness, and most deaf people suffer from them constantly. Sometimes these head noises become so distracting and nerveracking, with their never-cessing "hum." they drive the sufferer almost frantic and they drive the sufferer almost frantic and new drive in Los Angeles by donating the partons breakdown may result.

they drive the sufferer almost frantic and complete nervous breakdown may result. Thanks to a remarkable prescription, it is now possible to lessen the severity of these head noises and often completely overcome them and with the disappearing of the head noises the hearing also greatly improves, and very frequently can be restored to normal. It can be easily prepared at home and we believe is a most effective treatment for this trouble. From your drugsits secure 1 or Parmint (Double Strength), take this home and add to it it pint of hot water and 4 ounces of granulated sugar. Stir until dissolved. Take one tablespoonful four times a day. Parmint is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tabes, and thus to equalize the sir pressure on the drum, but to correct any secures of secretions in the middle ear, and the results it gives are usually quick and effective.

Counsel for Roads Declares Advance Imperative.

SHIPPERS OPPOSE

Arguments of Both Sides Before Interstate Commerce Commission Ended-Question of Government Loan Is Considered.

WASHINGTON, Nov. 19 .- Arguments vance rate case before the Interstate Commerce Commission closed today with a statement of counsel for the roads that even if this increase is granted they soon will ask for another advance of approximately 15 per cent in class and commodity rates and 10 per cent a ton on coal and coke.
"Is it the intention of the railroads,"

asked Commissioner McChord, "to make the sky the limit?" "As cost increases rates must go up if we are to proceed on a sound basis," answered John S. Patterson, of counsel

answered John S. Patterson, of tounsel for the railroads.

With both sides agreed that the railroads' income had increased, the chief point of contention was whether the additional revenue had offset the increased cost of operation. Mr. Patterson, the only attorney speaking for the roads, said the last advance had failed by about \$120,000,000 to cover the increased expenditures of the 38 systems. Counsel for the shippers maintained that by use of the additional revenues and surplus the railroads would not be in worse condition than other businesses, and that under such circumstances they should not expect to imstances they should not expect to impose additional burdens on the shippers. Mr. Patterson replied that the railroads had no desire to make money out of the war, but that they recognized industry had a great burden to bear and believed that it should be dispersively world war. vided rather than placed on one branch

Carter's Little Liver Pills For Constipation

A vegetable remedy that always gives prompt relief in constipation. Banishes that tired feeling altogether and puts you right over-night, stimulates the Liver gently, but quickly restoring it to full and healthy action, and the stomach and bowels to their natural functions. Making life worth living.

ROSY CHEEKS or HEALTHY GOLOR indicates Iron in the Blood. Pale or faces usually show its absence. A condition which will be much helped by CARTER'S IRON PILLS

December 3.

It is the wish of the directors of the Northwest Livestock Association to have Manager Clagstone secure from the secretaries of the various record associations more and better prizes for the Lewiston show for their several breeds.

"A Military Necessity"

FROM its beginning, the Union Pacific has been "The National Railroad," a patriotic institution. Lincoln and other great men urged its construction for national protection and development.

who founded this great railroad during a period of national stress is now apparent in these times of international conflict. Again the Union needs its Union Pacific.

The Union Pacific is doing its utmost to expedite the enormous war shipments from the Treasure States it serves. Grain, cattle, minerals, lumber, wool and oil are needed as never before.

For new equipment alone the Union Pacific is spending over \$16,000,000 to give American people and industries still better ser-

This is aside from even greater ing, additional yard and engine which we are striving.

The prophetic vision of those facilities and other improvements designed to add to the traffic carrying capacity of the property.

Just now some of our ordered equipment is unobtainable for immediate delivery because our Allies must be served first - so we will win. The Union Pacific and The Union Pacific States must use available equipment to its greatest efficiency.

The 41,000 employes of the Union Pacific and the 11,000,000 people of the western wealth-producing states now have an international obligation to fulfill.

Were Lincoln to speak today in behalf of the Union Pacific, as he urged its building, he would insist sums necessary for double-track- on those high service standards for
