

ALL ALIEN ENEMIES TO BE REGISTERED

Reasonable Activities of Pro-Teutons to Be Rigorously Dealt With in Future.

ONLY GERMANS AFFECTED

Presence on Waterfront Docks, Railroad Terminals and Storage Houses Forbidden—Violation Means Internment.

WASHINGTON, Nov. 19.—Drastic regulations to enable Government agents to keep the thousands of Germans in the United States under constant surveillance and curb the treasonable activities of a few will be promulgated by Attorney-General Gregory to make effective the proclamation issued today by President Wilson imposing restrictions on free movement of alien enemies.

Under the proclamation unassailable male Germans above the age of 14 are required to register with the police or some other authority to be designated by the Attorney-General.

All Over 14 to Register. The proclamation unassailable male Germans above the age of 14 are required to register with the police or some other authority to be designated by the Attorney-General.

They are forbidden to travel on the ocean, great lakes or any river or waterway, either on public vessels or in their own private boats.

They may not enter or reside in the District of Columbia or the Panama Canal zone and are not permitted to make aerial flights in balloons or airplanes.

German Alone Affected. The new order applies to Germans living within the United States, the Philippines, Porto Rico, Alaska and other possessions of the United States, but does not affect subjects of Austria, Turkey and Bulgaria.

The proclamation orders registration as follows: "All alien enemies are hereby required to register at such times and places and in such manner as may be fixed by the Attorney-General of the United States and the Attorney-General is hereby authorized and directed to provide as speedily as may be practicable for registration of all alien enemies and for the issuance of registration cards to alien enemies and to make and declare from time to time such regulations as he may deem necessary for effecting such registration."

"All alien enemies and all other persons are hereby required to comply with such rules and regulations, and the Attorney-General in carrying out such registration is hereby authorized to utilize such agents, agencies, officers and departments of the United States and other territories, dependencies and municipalities as he may select for the purpose, and all such agents, agencies, officers and departments are hereby granted full authority for all acts done by them in the execution of such registration when acting by the direction of the Attorney-General, and after the date fixed by the Attorney-General for such registration no such registration shall be found within the limits of the United States, its territories or possessions without having his registration card on his person."

Travel is Restricted. The restrictions were imposed on free travel in the following section: "An alien enemy shall not change his place of abode or occupation or otherwise travel or move from place to place without full compliance with any such regulations as the Attorney-General of the United States may from time to time make and declare, and the Attorney-General is hereby authorized to make and declare from time to time such regulations concerning the movements of alien enemies as he may deem necessary in the premises and for the public safety, and to provide in such regulations for monthly, weekly or other periodical report of alien enemies to Federal, state or local authorities, and all alien enemies shall report at the times and places and to the authorities fixed in such regulations."

Germans will be barred from employment on all vessels on the ocean or the Great Lakes and even from traveling on private motorboats of their own, under the following provisions: "An alien enemy shall not, except on public ferries, be found on any ocean, bay, river or other waters within three miles of the shore line of the United States or its territorial possessions or on any of the waters of the Great Lakes, their connecting waters and harbors."

The section forbidding alien enemies to approach shipping centers is as follows: "An alien enemy shall not approach or be found within 100 yards of any canal, wharf, pier or dock used directly by, or by means of lighters by any vessel or vessels of over 500 tons gross engaged in foreign or domestic trade other than fishing, nor within 100 yards of any wharf, pier, elevator, railroad terminal or other terminal, storage or transfer facility adjacent to or operated in connection with any such wharf, pier or dock."

The Attorney-General is given additional authority to declare prohibited areas about other establishments whenever he deems it advisable to do so. The proclamation does not interfere, however, with existing regulations forbidding enemies to live within a half mile of munition plants, shipyards and other Government establishments, though all previous special permits to allow aliens to ignore the zone restriction are revoked.

Violation Means Internment. The proclamation applies to continental United States and the Philippines, Porto Rico and Alaska. The penalty for violation will be internment for the war.

Official explained today that the Government's action is not intended to be vindictive and that Germans who move no harm to the United States will not be molested. Under regulations now being framed by the Department of Justice all Germans may not be required to report periodically to officials. The regulations will be promulgated within a few days, but the terms of the President's proclamation become immediately effective.

The administration of the restriction will be under John Lord O'Bryan, special assistant to the Attorney-General for war work, and the enforcement will be carried out largely with the assistance of the Department of Justice's bureau of investigation.

Under the proclamation unassailable male Germans above the age of 14 are required to register with the police or some other authority to be designated by the Attorney-General.

They are forbidden to travel on the ocean, great lakes or any river or waterway, either on public vessels or in their own private boats.

They may not enter or reside in the District of Columbia or the Panama Canal zone and are not permitted to make aerial flights in balloons or airplanes.

German Alone Affected. The new order applies to Germans living within the United States, the Philippines, Porto Rico, Alaska and other possessions of the United States, but does not affect subjects of Austria, Turkey and Bulgaria.

MR. KAY DOUBTFUL AS TO CANDIDACY

State Treasurer Deems It Improbable He Will Be Aspirant for Governor.

THREE EXPECTED TO RUN

At Present Time It Is Believed That Governor Withycombe, Secretary of State Olcott and Gus Moser Are in Race.

SALEM, Or., Nov. 19.—(Special.)—State Treasurer Kay today said it is very unlikely that he will be a candidate for Governor, although he has not finally made up his mind.

"At the present time I do not believe that I will run," said Mr. Kay. "It has been my intention to make no announcement of the matter one way or another and let it slide along. However, I think it is unlikely that I will be a candidate."

Three Aspirants Probable. From this statement it appears probable that there will be but three candidates in the gubernatorial race, these being Governor Withycombe, Secretary of State Olcott and Gus C. Moser, President of the State Senate. Reports here indicate that Robert N. Stanfield, Speaker of the House of Representatives, will become a candidate for the United States Senate to run against United States Senator McNary, who was appointed by Governor Withycombe and who is an avowed candidate for re-election.

Hints which Senator Moser dropped to friends while here recently are that he will announce his candidacy for Governor soon.

It is practically a certainty now that Secretary of State Olcott is a candidate for Governor, although how soon he will declare his intention to enter the race for that office is not known.

Governor Withycombe unquestionably is a candidate for re-election. Representative Hawley will be a candidate for re-election to the lower house in Congress, as near as is known now, and what opposition will develop is an unknown factor.

During the last legislative session numerous embryo candidates for Mr. Hawley's job were seen lurking in every corner, but at that time it was understood that Mr. Hawley would run against United States Senator Lane. But the death of Senator Lane placed a different complexion on the situation, and at least some of those tentative candidates for Mr. Hawley's job have drawn back into their holes since learning that he probably would become a candidate to succeed himself.

Numerous aspirants for the House of Representatives have measured their mettle against Mr. Hawley in the past and all with the same result. As a consequence many who would fling themselves into the race with Mr. Hawley out of it, draw a second breath before endeavoring to dislodge him.

WATER RIGHT IS DISPUTED. Town of Nehalem Asserts H. Schoolmeyer Has Forfeited Priority.

SALEM, Or., Nov. 19.—(Special.)—Representatives of the town of Nehalem today appeared before Division Superintendent Chinnock, of water division No. 1, with a demand that H. Schoolmeyer forfeit his prior right to the water of Bobbs Creek on the ground that the application was not made in good faith and that he has not prosecuted development.

Schoolmeyer secured the right to the water to develop power for domestic purposes, as well as to supply water to a school on his land and for other similar purposes.

The Supreme Court gave Schoolmeyer his prior right. The town contends that its secondary right is insufficient to furnish it an adequate water supply.

Discussing "The Mind of the German People," Dr. David Starr Jordan, chancellor of Stanford University, in an address at Reed College last night, presented the need for a world democracy and emphasized the need for making the world safe for democracy in the pending world crisis.

Although predicting the elimination of Prussianism, he said some time would be required to bring about world-wide peace.

Dr. Jordan arrived here from Tacoma and is the guest of Dr. W. T. Foster, president of the college.

Dr. Jordan will address the students of the college at chapel this morning and leave today for Omaha, Neb.

STRIKE NEARLY ENDED

ONE PAPER MACHINE RUNNING; OTHER STARTS WEDNESDAY.

Thirty Out of Ninety Oregon City Strikers Declared Back at Work; 11 Special Officers on Duty.

LEBANON, Or., Nov. 19.—(Special.)—The Lebanon paper mill strike is about over. One of the big paper machines in the mill is now operating at full capacity, and the other is expected to start up by Wednesday, as there are enough men now at the mill to start it.

Some repairs are being made to the sulphite plant, which has delayed a few days the starting of the other machine. The paper mills are the chief industry of the town and residents here are anxious to see them run at full capacity and have endeavored to get the men and company together.

The business men recently backed the men in a petition for an increase in wages, which was readily granted by the company. For the last year the mills had been on an eight-hour shift.

OREGON CITY, Or., Nov. 19.—(Special.)—According to the statements of the management of the Crown Williamette Paper Company, the strike of the men working in the West Linn mills, and 30 machine hands out of the 90 who originally went out on a strike last week, ended today.

The men at the mills are producing 140 tons of paper per day here and 120 tons at the Camas Wash, plant. It was stated today that only 12 of the Lebanon men are still out and that 150 of the striking men have returned to work at the West Linn.

The steamer Ruth, which has been in temporary use as a "hotel" for the workmen, was placed on her regular run between the mills and Portland this morning. Picketing on the suspension bridge continues. It is understood that 11 special agents have been stationed by the Governor's office for the protection of the mills.

BAZAR HEADS MEET

SKETCHES FOR SEVERAL BOOTHS ARE SUBMITTED.

Among Other Attractions Will Be Demonstration of Making and Shipping Surgical Bandages.

With one purpose in view, the success of the Allied Bazaar, which will be held at the Auditorium on December 5, 6, 7, 8, the 26 chairman of the various booths met at the bazaar headquarters in the Corbett building yesterday.

There was a general discussion of the construction and design of the booths and booths. Several sketches were presented, including sketches of the Chinese booth, the Belgian, Japanese and the old colonial tea garden.

One of the most interesting booths will be that under the auspices of the Patriotic Conservation League, with Miss Grace Gillette as chairman. Under her supervision 500 dolls have been dressed in the department of domestic art of the public schools.

The Portland chapter of the Red Cross will have a booth in connection with which there will be workers present who will illustrate the making of bandages, surgical dressings and other means of first aid work. They will also have for exhibition several boxes of bandages and surgical bandage dressings packed and ready for shipping.

These are but two of the interesting booths for the bazaar.

CAPITAL IS PATRIOTIC

F. T. GRIFFITH SAYS PUBLIC UTILITIES NEGLECTED IN EAST.

No Outside Aid Expected for Portland Company, so Affairs Must Be Worked Out at Home.

All energies of financiers, manufacturers and business men in the East are directed to one end—that of winning the war.

Such is the report of Franklin T. Griffith, president of the Portland Railway, Light & Power Company, who returned yesterday from a three weeks' trip to the Atlantic seaboard.
