

PORTLAND LEADS IN Y.M.C.A. DRIVE

Other Coast Cities Outdone in Over-Subscription to War Fund.

TOTAL OF \$226,500 RAISED

Western Division Contributes 100 Per Cent Over Quota Called For, According to Statement of Secretary.

FIFTY-MILLION-DOLLAR MARK IS PASSED.

NEW YORK, Nov. 21.—Final official returns announced today put the Y. M. C. A. war fund above the \$50,000,000 mark.

Portland made a better showing than any other city on the Pacific Coast in its over-subscription of the minimum amount of \$200,000 allotted to it, and the Western division will go more than 100 per cent over the quota asked for, according to a statement given out last night by C. N. Wootcutt, assistant general secretary of the Portland Young Men's Christian Association and manager of the local drive.

Portland's minimum was \$200,000, but a total of \$226,500 was subscribed during the big drive, in which Portland outdid itself to show appreciation of the excellent work of the association at the cantonments and at the front.

Seattle was allotted \$210,000 and raised that amount, but in order to do so was obliged to continue its drive an additional day. San Francisco subscribed \$258,000, or \$60,000 more than her quota, being bested by Los Angeles, which city threw in an additional \$10,000, making her total \$360,000. Tacoma raised her quota of \$25,000.

Total amounts subscribed by the states in the Western division are as follows:

Table with 2 columns: State and Amount. Oregon: 400,000; California: 1,200,000; Washington: 1,000,000; Idaho: 135,000; Montana: 134,000; Wyoming: 25,000; Utah: 75,000; Nevada: 19,000.

Railroad Seed Corn Brings 11-Foot Stalks.

"Farmer Smith" Hailed on Street and Told of Stage Produced Within Sound of Pacific's Breakers on Washington Coast.

C. L. SMITH, agriculturist of the C. O. W. R. & N., was hailed on Stark street yesterday afternoon by a man who asked: "Don't you know 'em? Isn't this Farmer Smith?"

Upon being answered affirmatively, he said: "My name is O. P. Burroughs. I raised corn from seed supplied by your company so far west that if I had planted another row I would have had to wade. I used the Yellow Dent variety. You call it the Hendricks corn. It grew 11 feet high, and while it did not mature as I hoped it would, it makes the best corn I have ever seen. When you tell of the corn yield hereafter, just mention the Burroughs Farm in the Hamptulips Valley, Washington, within sound of the breakers of the Pacific Ocean, as one of the places where your seed corn brought results that surprised the natives and everyone who has heard of the wonderful yield."

Husband's Visions From Sky Too Annoying for Mate.

Carrie May Donison Also Alleges Suspense Has Been Extremely Cruel, Cautions Her to Be in Constant Fear of Him.

EXTREME cruelty which has persisted to such an extent that she is in constant fear of her husband is alleged by Carrie May Donison in a suit for divorce filed yesterday against Frank Donison. She alleges he is subject to frequent visions which come to him from the sky, and which she plays a principal part. These visions, she says, have caused her constant annoyance from her neighbors.

They were married in Marion County in 1909. She asks for the custody of a minor child and \$20 a month for its support. She also asks that she be awarded a division of their farm property situated in Linn County.

Rose Garlock has grown weary of her name and mate and wants a divorce from H. Garlock on grounds of desertion. They were married in 1904, and the desertion occurred in 1912, she alleges. Bernard Cantor wants a divorce from Hazel Cantor on grounds of cruelty. They were married at Vancouver in 1915 and have one child, whose custody the plaintiff seeks.

NORMAL IS CALLED BEST

Eastern Educator to Honor Oregon School in Report.

MONMOUTH, Or., Nov. 21.—(Special.)—The Oregon Normal School is to be honored through the visit of Professor E. H. Burnham, head of the rural department of the Kalamazoo, Mich., Normal School. Professor Burnham, who is spending his sabbatical year visiting the normal schools of the Union, will incorporate the results of his investigations in a Federal bulletin to be issued under the direction of the Bureau of Education. He has divided the states geographically into four sections and in each section will name a single normal as the most progressive. His choice for the Northwest section falls to the Oregon Normal.

TROOPS NEED DISH TOWELS

Portland Women Asked to Send Necessities to Men at Camp Mills.

Members of the Army and Navy Auxiliary are busy as proverbial bees in making sweaters, wristlets, socks and other necessities for the Oregon troops now at Camp Mills. Further requirements were made known yesterday in telegram received from Chaplain Gilbert, who asked for 2000

more song books and said dish towels are needed badly.

The auxiliary asks all women who will do so to contribute dish towels. These may be left, addressed to the auxiliary, at the accommodation desk at the Meier & Frank Company store. They then will be packed and sent on. Women of the auxiliary will meet next Friday from 1 to 5 P. M. with Mrs. J. Dilge, 233 East Forty-second street, to hem towels for the use of the soldiers.

The following telegram came yesterday to Mrs. George M. Nolan, president of the auxiliary, from Chaplain Gilbert at Camp Mills: "The White Company will ship ambulance here soon, we hope, and regiment will take it along. It is difficult to get names of friendly soldiers. I need 2000 more song leaflets. The regiment now has 3700 men. Multnomah Printing Company has the forms. Please send them. Need dish towels badly. Will write occasionally."

STATE MAY GET ROAD

WEMME TOLL ROUTE PART OF IMPORTANT LOOP.

George Joseph's Visit to Salem Signal for Rumor He Intends to Take Action Within Few Days.

SALEM, Or., Nov. 21.—(Special.)—George W. Joseph, attorney of Portland, was here yesterday visiting state officials, and while his mission was not announced, it is understood that he is getting ready to address a letter to the State Highway Commission offering to turn over to the state the E. Henry Wemme tollroad on the Mount Hood road.

This road runs from Rhododendron to Government Camp and then on over the old Barlow trail. It is a portion of the proposed Mount Hood loop, and the presentation of the road to the state, if accepted by the State Highway Commission, probably would preclude an early completion of the long-desired Mount Hood loop.

The tollroad was left by Mr. Wemme to Mr. Joseph. Some time since Senator Joseph tendered the road to the Federal Government, but it was never accepted.

Its acceptance by the state would free it from the toll burden which is now imposed on tourists going over the road and would throw its maintenance into the state. While Senator Joseph has not stated what conditions would be exacted in connection with turning over the road, it is probable that the Mount Hood loop be completed and that the state maintain the road. The proposed road will also be constructed in connection with the Forest Service as a forest road, according to the understanding, and the Forestry Service may have the matter in hand.

GARBAGE BID ACCEPTED

Willard Commission Company to Pay \$3.90 a Ton for Refuse.

The Willard Commission Company is to receive the contract for handling the foodstuffs received in garbage at the city incinerator. The company will pay \$3.90 a ton for the waste as turned over at the plant.

The highest bidder in the proposition was G. W. Cloyes, but he threw up the contract yesterday on the ground that his bid of \$5.00 a ton had been too high. He said the man who had agreed to finance him in the undertaking had withdrawn his support. The Council ordered Cloyes' bid, and his check of \$10 furnished to guarantee good faith in his bid.

ALBANY MAN WINS BAR

Charles Duncan Monteith Gets Commission in Signal Corps.

ALBANY, Or., Nov. 21.—(Special.)—Charles Duncan Monteith, a former Albany young man who has been in training at the Presidio, has received a commission as First Lieutenant in the signal corps of the United States Army. After a brief visit with friends and relatives here he left Albany today for Fort Leavenworth, Kan.

Sick Benefits, Death Benefits, Pensions—Without cost to employes.

SUICIDE VERDICT FOUND

Cogoner's Jury Holds Inquest Over Body of Frank Logar.

CENTRALIA, Wash., Nov. 21.—(Special.)—An inquest was held here yesterday to ascertain the cause of death of Frank Logar, of Aberdeen, whose body was found west of the city on the night of November 12 with a bullet hole through the head and two through the arm. The jury's verdict was that of suicide.

The witnesses were John Drebbis, second-hand dealer, who sold Logar a gun on the afternoon his body was found; Mrs. Marion Howell, proprietress of the rooming-house where Logar stayed the night before; Drs. Rush Banks and W. R. Scott, who performed the autopsy; J. W. McConnell and son, who found the body and heard three shots fired, and Sheriff Berry.
