....................... MAYOR BAKER URGES AT-TENDANCE AS DUTY OF

CITIZENS. I call upon the people of Portland, by their presence at the livestock exposition, to demon-strate their interest in the present and future of this great in-dustry, an element of vast poten-tial strength to the Northwest. Encouragement in unstinted Encouragement in unsunted measure should be given the live-stock industry. The present ex-position is a notable one, and every feature of the many exhibits is free to the public. Business men are asked to devote at least one afternoon to a visit to the exposition and, wherever possible, to permit em-ployes to attend. The encourage-ment of the livestock industry is essential to the full growth of Portland and Oregon. GEORGE L. BAKER, Mayor.

An old nursery rhyme was outdone yesterday afternoon at the International Elvestock Exposition, when a ponderous steer vaulted over all preceding prices and sold for 80 cents a pound. Lest housewives tremble apprehensively, it may be mentioned that the record price was attained in the Red Cross cause.

The steer, weighing 1130 pounds, was donated to the Kenton auxiliary of the Fortland Red Cross chapter by John L. Burke, of the Portland Feeder Com-pany. At the auction sale of fat stock the steer was offered to enthusiastic bidders in the big pavilion and was finally "knocked down" to Charles Rudeen, bringing \$904. The money was turned over to the Kenton auxiliary. Mrs. W. A. Willis was largely instru-mental in arranging for the sale of the animal for the Red Cross benefit. Yesterday's attendance is believed to

be the largest yet, not only for the present show, but for all previous ones. All cars to the stock-show city were All cars to the stock-show city were crowded with passeners from early forenoon till late afternoon, and many hundreds motored out to the exposition grounds. No count is kept of visitors, as admission is free, and there are no turnstiles. Estimates yesterday ran as high as 10,000.

First in interest, appeared to be the sale of fat stock in the auction pa-vilion, where the crowd was thickly congregated about the bidding pen dur-ing the entire course of the sale. Bid-ding was spirited and the prices paid would have caused severe shock in the would have caused severe shock in the days "before the war." Nineteen individual cattle, real aria-

tocracy that could not be mingled with the herd, sold for prices ranging from 15 to 23 cents, with the exception of the Red Cross steer, which brought an hilarious 80 cents.
