JOHN PLATT, BACK FROM WAR FRONTS, TALKS TO BUSINESS MEN.

French Army Pay Runs as Light as 20c a Day for French Fighting—Young and Old Germans Captured.

If you care to fight for the allies on the European war front and decide to join the French forces you can earn 5 cents a day back of the firing lines and 20 cents a day while in the trenches. That is the pay of the French soldier, said John Platt, Portland boy, returned from several months' ambulance work with the French army, in speaking before the Progressive Business Men's Club yesterday at the Hotel Benson.

Mr. Platt made an interesting talk of his experiences and told how boys of 17 and 18 and men of 45 predominated among the prisoners being taken now by the allies and declared that the rations now being given the German soldier is just one-third that which was allowed by the German government at the beginning of the war. He said, however, that the German soldier is still most confident of winning the war and that it would take some months to break this confidence, as there exists on the German side a feeling that America cannot and will not play a very large part in the active conflict. These facts have been gleaned first-hand by Mr. Platt in conversation with captured Teutons brought back from the firing lines by the French.

Mr. Platt declared that the American people could not praise too highly the courage, bravery and confidence displayed in the war and only hoped that now that America is one of the allies that self-same spirit would be imbued by all Americans.

\$50,000 ESTATE IS LEFT

Property of Cecil H. Bauer Goes Principally to Sisters.

An estate valued at more than \$50,000, exclusive of life insurance, was left by the late Cecil H. Bauer, prominent Portland attorney who died at Tacoma, December 18. The will was filed yesterday in the County Court. Isaac C. White, a brother-in-law, and Thomas G. Greene, law partner, were named executors to serve without bonds. Mr. Bauer left the greater share of his estate to his sisters, Emilie Frances, Minnie, Marion and Flora Bauer Bernstein. A bequest of \$5000 was made to his sister-in-law, Mrs. Isaac C. White, while his law library was left to his law partner, Mr. Greene. The will further provides that the executors shall set aside a fund of \$5000, which shall be used "to relieve sickness, distress or poverty," as a memorial to his late wife, Mrs. Rose Bloch Bauer. It further provides that he shall be buried beside the bodies of his wife and mother and that a perpetual fund for the care of the cemetery plot be established.

Use of Gravel as Substitute Proposed by Commissioner Barbur.

There is no excuse, in the opinion of City Commissioner Barbur, for concern producing crushed rock to charge about 40 per cent more for their product now than they did a year ago. OREGON AGRICULTURAL COLLEGE, Corvallis, Dec. 20.—(Special)—The share of women in helping to win the war will be emphasized strongly in many conferences, lectures and demonstrations throughout Oregon and Home Makers' week at Corvallis. While their husbands are planning how to increase crop production, to

market their goods efficiently and to handle other problems of the farm, the housewives will be busy with instructions for making over clothing, preparing liberty foods and assisting in social service club work and other phases of women's activities.
