

EUGENE BATTALION HAS FIRST REVIEW

Governor and Adjutant-General Pleased With Appearance of Students.

TRENCHES ARE INSPECTED

Reviewing Party Sees How Trench Can Be Hidden From View; Move to Get Officers' Training Camp at School Is Made.

UNIVERSITY OF OREGON, Eugene, Or., Jan. 22.—(Special.)—The university battalion passed in review before Governor Withycombe, Adjutant-General John M. Williams and party, on the parade grounds today for the first time.

The sight was a revelation to the inspecting officers as well as 1000 spectators who turned out for the review. The men made a wonderful showing considering the short time they have been drilling.

The Governor and his secretary, Chester Moore, arrived in Eugene shortly before 11 o'clock this morning, and were at once escorted to the campus. After inspecting the rifles and rifle range equipment they were taken on a sight-seeing tour of the field works that have been constructed on the university golf links.

At noon Governor Withycombe, Adjutant-General Williams, Colonel Leuder and the battalion staff were guests of the Kappa Sigma fraternity at luncheon.

Four full companies of students and members of the faculty, who had been drilling with the cadets, stood at attention while the inspecting party passed between the lines at 1 o'clock, following which the battalion went through maneuvers on the parade ground. Governor Withycombe, Adjutant-General Williams, Al C. Dixon, of the university board of regents, and Battalion Adjutant Eric W. Allen were on the reviewing mound.

Today's review is the first of a series of three to be held in connection with the university plan to be recognized as a reserve officers' training camp, the prospects for which are promising at this time.

WAR FUND GETS \$300

Fine Concert Heard in Home of Mr. and Mrs. J. D. Coleman.

About \$75 was realized by the proceeds of the concert in the home of Mr. and Mrs. John D. Coleman, Irvington, last night, toward the sum being raised by the Women's Club for the Dr. Esther Pohl Lovejoy fund for the war-stricken women and children of France. The Women's Club has collected previous to the concert, \$225, so that the contribution in question now amounts to about \$300. The Coleman home was crowded with people.

Musically speaking, the programme was a most enjoyable one, and was under the able direction of Mrs. Warren E. Thomas, who was also piano accompanist and played with fine skill and finish. The singers were: Mrs. Jane Burns Albert, Mrs. Lulu Dahl Miller, Joseph P. Mulder, and Don J. Zan, the organist being Lucien E. Becker. Mr. Becker played as the opening pipe organ solo, "Star-Spangled Banner," the "Marseillaise," "Largo" (Dvorak), and "Festival" (Stebbins), his closing selections being "En Bateau" (Debussy) and "Ritornelle" (Becker). He played splendidly.

Mrs. Albert and Mr. Miller sang with charm a duet from Puccini's "Madam Butterfly." The vocal quartette sang with fine success, "Over the Dark Blue Waters" (Weber), "Iris" (Pohl), "Song" (Foote) and "Carry Me Back to Ole Virginia."

All the soloists sang delightfully, were cordially received, and had to respond to extra numbers.

Stop that COLD

Dr. King's Discovery

for Coughs & Colds

does it. Also scatters the congestion and clears up the head. Breaks the fever and makes for rest and peaceful sleep. Your druggist's father sold Dr. King's New Discovery 19 years ago for a half century it has been the standard cough and cold remedy. If millions had not used it to their advantage it would not today enjoy its national popularity. Keep it constantly on hand. Your druggist sells it.

The Evils of Constipation

Leaving waste material in the body poisons the system and blood and makes you liable to sick headaches, biliousness, nervousness and muddy skin. Try Dr. King's New Life Pills. Prompt relief. At all druggists.

EUGENE GRADE SCHOOL BOYS OF TENDER YEARS WITH PERSHING IN FRANCE.

Left—William Russel, Aged 14, in 31st Aero Squadron, France. Right—Merle D. Gibson, Aged 15, With American Expeditionary Forces.

EUGENE, Or., Jan. 22.—(Special.)—Two weeks ago a service flag with 72 stars was unfurled by the Eugene High School, but the occasion was marked by no more enthusiasm than the dedication of a service flag with two stars last week by the boys and girls in the junior high school, corresponding in the schools of this city to the seventh and eighth grades under the old system.

Two hundred little folks stood and sang "The Star-Spangled Banner" opening the exercises in honor of two of their number, both native sons of Eugene, who are serving their country with the 31st Aero Squadron "somewhere in France." The boys who left school to join the colors soon after the declaration of war last Spring are: William J. Russel, aged 14, and Merle D. Gibson, who celebrated his 15th birthday while training with "the eyes of the Army," almost within the sound of the guns on the western front in France November 22.

Russel is a son of C. E. Russel, superintendent of the pumping plant of the Eugene municipal water system, who has four boys in the service. William, the youngest, was the first to go. Since then Ralph, Clyde and Arthur have volunteered. These three are in the Navy.

"All my boys have gone," Mr. Russel stated yesterday. "But that is not all. I have four daughters. One girl is married, her husband, Nathan Choate, is serving with the Hospital Corps at Camp Bowie, Tex."

Gibson is a son of Mrs. L. C. Sherman. He has a brother, also serving in France.

Superintendent of Schools W. R. Rutherford, on behalf of the School Board and those instrumental in procuring the service flag, addressed the students. E. M. McVauley, a veteran of the Civil War, also spoke.

EMBARGO IS PLAN

Garfield Would Let Only Food and Fuel Move.

CONDITION IS IMPROVED

Bunkering of Government Vessels Makes Good Progress—Movement of Coal-Laden Trains Into New England Increases.

WASHINGTON, Jan. 22.—An urgent recommendation that an embargo be declared for a few days on acceptance by the railroads of any freight except coal and food was submitted to Director-General McAdoo tonight by the Fuel Administration.

This action is imperative, Administrator Garfield said, to assure adequate movement of fuel during the rest of the week when the general transportation east of the Mississippi threatens to become worse daily owing to the prolonged strain on railroads of deep snows and intensely cold weather.

Director-General McAdoo was not inclined to look with favor on the embargo proposal.

Mr. McAdoo promised, however, to study closely Dr. Garfield's figures showing how coal production had been curtailed in recent weeks, and to take whatever action seemed best.

Bunkering Speeds Up.

A committee of two officials from the railroads and the Fuel Administration will work out a plan, which may be based on a division of the East into districts, each of which is to get its coal mainly from a designated mining area.

The necessity for some new method of dealing with the coal transportation was emphasized by reports that weather conditions were as bad or worse than at any time since the unprecedented period of cold and stormy weather started two weeks ago.

The bright phase of the situation was a report of Fuel Administrator Garfield that ships were being bunkered more rapidly than last week, and that coal was going in sufficient quantities to domestic consumers.

In a statement summarizing the results of the fuel curtailment order Dr. Garfield said:

"Our reports show that the prime purpose sought to be accomplished by the regulation, the bunkering of ships and the supplying of domestic consumers and public utilities with coal, have been greatly served.

It is evident that the Fuel Administration was disappointed in that the order did not relieve railroad congestion as much as hoped for. Weather conditions were blamed for this.

Car Arrivals Increase.

The movement into New England yesterday was about 2200 cars, an increase of 200 over the preceding day. At Chicago the yards are slowly being cleared of snow, but they had not yet recovered from the effects of the cumulative storms of the past 10 days.

Dressed beef, livestock and perishables were moving east freely, and the delivery of boxcars to Western roads was reported increasing.

Director-General McAdoo announced during the day that about seven new engines are being delivered daily to Eastern lines by manufacturers and that this number will be doubled in a few weeks.

In a memorandum sent to Director-General McAdoo suggesting the embargo, Dr. Garfield referred to the one-day embargo on all freight except food and fuel, declared yesterday by the Pennsylvania lines east of Pittsburgh, and suggested that similar action should be taken for several days, particularly on the Pennsylvania, the Baltimore & Ohio and the Philadelphia & Reading, the worst congested trunk lines leading to the seaboard.

"Such an embargo would be especially effective if it could follow immediately the five days covered by the January 17 order," said the memorandum. This would make an embargo effective tomorrow.

BOLSHEVSKI FEAR REIGN OF CARNAGE

Murder of Statesmen Suggests Situation May Get Beyond Official Control.

RED ASSASSINS HUNTED

Brest-Litovsk Negotiation Discontinued Temporarily—Constituent Assembly Not Likely to Be Reconvened for Some Time.

PETROGRAD, Monday, Jan. 21.—Premier Lenine and Secretary of State Bonch-Brujevit have ordered the Red Guards and soldiers to comb the city for "the motor car with Red Guards and sailors who killed Shingarov and Kokoshkin."

The murder of the ex-Ministers has created a feeling of protest and revulsion among the Bolsheviki officials, who are anxious to prevent the situation from getting beyond their control.

The Petrograd Council of Workmen and Soldiers' Delegates has adopted a resolution of the most strict censure of the murders, declaring it never could approve of summary justice, and that no crimes had been committed by those killed.

Four other members of the Kerensky government, who had been in another hospital because of illness, today were transferred to their Kresy prison by the Bolsheviki authorities.

Further details of the crime reveal that the murderers spent less than 10 minutes in the Marine Hospital.

At 1 o'clock the hospital door bell rang loudly. The porter inquired, and was told it was a guard for the ex-Ministers. Thereupon a dozen members of the Red Guard and sailors rushed in and made straight for the rooms of the victims.

The peace negotiations at Brest-Litovsk have been postponed for a few days. Foreign Minister Trotsky is again in Petrograd, and according to the evening newspapers, is preparing another note to the entente allies.

Anti-Bolsheviki members of the Constituent Assembly, it is reported today, consider that it is now impossible to reconvene the assembly in Petrograd at this time and because of transportation difficulties it is inconvenient to go elsewhere. Many members of the assembly left for their homes today.

The meeting of the all-Russian Congress of Councils of Workmen and Soldiers' Delegates called for today has been postponed until Wednesday.

AMSTERDAM, Jan. 22.—Almost at the time that another meeting of the annexationist Fatherland party was being broken up at Cologne Sunday Admiral von Tirpitz, one of the moving spirits of the party, addressed a large meeting in Berlin.

The Admiral said the course of the negotiations with the Russians at Brest-Litovsk proved the will to victory of the great majority of the nation was unbroken, and that trust in the high army command was undiminished. He asserted the economic power of the entire nation must be exerted to see the matter through and reach the goal of a firmly founded world position.

HYGIENE LAWS ADOPTED

Astoria Passes Ordinance for Treatment of Sexual Diseases.

ASTORIA, Or., Jan. 22.—(Special.)—Only about five minutes were consumed in the passage of an ordinance which prescribes for the prophylactic

treatment of all sexual diseases under the laws prescribed by the State Hygiene Society.

When the Councilmen heard that the ordinance had been approved by the War Department and that of Colonel Ellis, in command of the troops at the mouth of the Columbia River, it went through quickly and was promptly signed by the acting Mayor.

FUNERAL TO BE TODAY

Services for Mrs. Belle W. Cooke to Be Held at Newberg.

The funeral of Mrs. Belle W. Cooke, aged 83, who died at Newberg, January 19, will be held today at 2:30 o'clock at Newberg, interment being at Forest Grove. Mrs. Cooke was an Oregon pioneer of 1851, a resident of Salem for more than 40 years and of San Francisco for the last 21 years. She is survived by her daughter, Mrs. George H. Lee, of Newberg; and her sons, Professor Cooke, of Vancouver, Wash.; Dr. Clinton Cooke, of Seattle, and Gaylor Cooke, of San Francisco.

Mrs. Cooke was known widely in Oregon and was a writer of considerable ability.

Youthful Auto Thief Sentenced.

OREGON CITY, Or., Jan. 22.—(Special.)—Chester Reed, the 14-year-old auto thief of Portland, arrested by Sheriff Wilson Saturday in the act of cranking a stolen car, was sentenced to the reform school by County Judge H. S. Anderson today. He was taken to the institution at Salem this afternoon by Juvenile Officer Frost.

NUGENT IS CHOSEN Successor to Late Senator Brady Appointed. POLITICAL CAREER ACTIVE New Congressman Member of Alexander Wing of Democratic Party. Is Prominent Lawyer and Regarded as Brilliant Orator.

BOISE, Ida., Jan. 22.—The Democratic majority in the United States Senate gained another member today when John Nugent, of Boise, was appointed by Governor Moses Alexander to succeed the late Senator James H. Brady.

Nugent has been a prominent Democratic leader in this state for years, having been chairman of the State Central Committee from 1908 until 1912. He will serve until a successor is elected at the coming November elections.

Nugent is 49 years old. He became well known through acting as attorney for the Western Federation of Miners at Silver City, Ida., and when he associated with Clarence Darrow and other attorneys in the defense of officers of that organization who were charged with conspiracy in connection with the murder of Governor Frank Steunenberg in 1905. Senator William E. Borah, who was practicing in Boise at that time.

Nugent's entrance into the Senate will make Idaho's representation on that body consist of a former student and pupil, for the newly chosen Senator gained his law education in the office and under the direction of Senator Borah, who was practicing in Boise at that time.

Nugent was born at La Grande, Or., while his parents, Judge and Mrs. Edward Nugent, who resided in Silver City, Idaho, were on a visit there. He received his early education in the public schools and was admitted to the bar when he was 20 years old. From 1901 until 1905 he was prosecuting attorney of Owyhee County, Ida., the only public office he ever held before his appointment today. In 1907 he married Miss Della Ainslie. They have one child, Lieutenant G. A. Nugent, of the 31st Infantry, United States Army.

The new Senator is in Washington now, having gone there immediately after Senator Brady's death. It is expected that he will take the oath of office in a few days.

OREGONIAN NEWS BUREAU, Washington, Jan. 22.—John F. Nugent knows he has been appointed Senator to fill the vacancy caused by the death of Senator Brady, of Idaho, because he has received upwards of 20 telegrams of congratulations from friends at home, but thus far he has not received notification of his appointment from Governor Alexander.

Senator Nugent said tonight he will not be sworn in until his credentials arrive. From this time forward, Senator Nugent will control all Federal patronage in Idaho.

VON LUXBURG IS FAILING Former German Minister Suffers From Several Violent Attacks. BUENOS AIRES, Jan. 22.—Count Karl von Luxburg, former German Minister, who was placed some time ago in the German hospital here because of his mental condition, has been removed to the suburbs, where the surroundings are quieter than those of the hospital.

Several violent attacks with which Count von Luxburg has been seized during the last few days are said to be leading his physicians to fear for his recovery.

The Man Who Believes in the Development of Oregon's Opportunities

ROBERT N. STANFIELD

Candidate for the Republican Nomination for United States Senator from Oregon.

The principles upon which I stand and to which I pledge myself, are:

- 1. To support the National Administration and the heads of the Government with all my ability and energy in the speedy and vigorous prosecution of the war to a peace satisfactory to the democracy of the world and compatible with the highest ideals of our civilization.
2. To the application of the selective draft in practice as well as in theory, which shall insure organization of the democracy of the world in the same time reserve the necessary labor and supplies for the continuation of our industrial pursuits and commerce.
3. To an equitable control and regulation of food supplies, commerce and industry, and the establishment of a primary market in Portland on equal basis with Chicago and Eastern ports.
4. To a Nation-wide prohibition and to all measures which shall make it practicable and operative and not theoretical.
5. To permanently establish equal suffrage in both state and Nation.
6. To establishment by the Federal Government of a naval base at the mouth of the Columbia River.
7. To effective rural credit legislation and administration with a particular view to its adaptability to the needs of Oregon.
8. To construction by the Federal Government of a military highway along the Pacific Coast, and Federal aid in the construction of permanent highways.
9. To see that Oregon participates, all things being equal, in National trade, commerce and industry, and that our state is given recognition in the Federal expenditures made necessary by the war.
10. To legislation which shall bring to a settlement the public lands question, and the greater development of Oregon's natural resources, including the development of water power, reclamation of arid, swamp and lowland.
11. To the organization and mobilization of all our industrial forces, with a just and proper consideration of the rights of labor, which shall guarantee co-operation of American efforts during the war.
12. To legislation that will permit the natural resources of the great West and Alaska to be used, at the same time being careful that the same resources are used economically.
13. To the removal of the misunderstanding and opposition on the part of the Federal authorities which has restricted Oregon's commercial expansion and retarded her industrial development.
14. To the development of Oregon's great shipping ports, through Federal improvement of waterways and harbors, the maintenance of a merchant marine on the Pacific Ocean, and a just recognition on the part of the Federal Government of the importance, value, commercial and industrial advantage of Oregon's location, situation, and harbor and shipping facilities.
15. To a policy of conservation and reconstruction which shall insure our National integrity, honor and commerce and the moral and civic virtue of our people.
16. To have that high regard and consideration for the interests and progress of humanity and the Nation at large, which is typified by a conscientious and moral observance of true Christian civilization.
If you have not received the full and complete copy of my platform and principles, write me at Stanfield, Oregon. (Paid Advertisement.) R. N. STANFIELD.
