## HOLMAN RENEWS FIGHT ON YEON

Calls Reporters to Office and Berates Roadmaster on Inefficiency Charge.

LOCKED-DOOR TALK MADE

County Commissioner Will Ask for Sweeping Change in Road Management-Auditor Martin Also Arouses Official's Ire.

Charges of extravagance and inefficlency on the part of Roadmaster Yeon and the direct assertion that County Auditor Martin is refusing properly to attend to all the functions of his office were made yesterday morning by Rufus Holman, chairman of the County Board, during the progress of an interview given after Mr. Holman had called the Courthouse reporters to his office and carefully locked the door.

These charges against his fellow county officials were given by Chairman Holman as the forerunner of what promises to be a sensational fight against the administration of Roadmaster Yeon and the policies of the other two Board members. His opening broadside will be fired this morning at the regular meeting of the Board, when he will introduce a set of orders and attend to all the functions of his ofhe will introduce a set of orders and resolutions asking for a sweeping change in the conduct of the roadmas-

For one thing. Mr. Holman says he will demand that all engineering work in the roadmaster's department he done by County Surveyor Bonser. In support of this contention he produced a letter from Mr. Bonser in which the latter announced his willingness and ability to handle any engineering problem which might present itself.

Further, he will demand that all policing of county highways be under the direct supervision of Sheriff Huriburt, instead of partly under the direction of the Sheriff and partly under the super-Commissioner to Make Demands.

the Sheriff and partly under the direction of the Sheriff and partly under the super-vision of the roadmaster. From Sheriff Huriburt he received a letter in which the Sheriff announced his ability and readiness to attend to all the policing of county highways. Heretofore two motorcycle patrolmen have worked di-rectly under Hoadmaster Yeon.

His efforts to eliminate the accounting department from the roadmaster's office and place this extra work on the shoulders of County Auditor Martin met with an instant rebuff from Mr. Martin, who told Mr. Holman that this work permet belonged to the road. work properly belonged to the road-master's office and could not be handled by the Auditor without the employment of extra clerks.

Mr. Martin Is Attacked. refusal of Mr. Martin to side in with the chairman in his revolutionary changes in county administration brought from Mr. Holman the asser-tion that Mr. Martin refuses to perform

all the duties of his office.

He declared that if the Board approved the roadmaster's 1918 road programme it would mean that Mr. Yeon would usurp the functions and rights of the Commissioners and handle the expenditure of \$504,000 for road work

without any restrictions whatever.
"As a servant of the people, I shall demand to know how every cent is being spent and for what purpose it is being used," he said. "If we promise a road for the Boone's Ferry people I rant to see that the money is spent for ad instead of erecting a flagpole for

Good Intentions Not Doubted. Mr. Hoiman asserted throughout his interview that he has lost all confidence in Mr. Yeon, although he said he never at any time doubted the honesty or good intentions of the road-

"But you must remember that hell is paved with good intentions," he added.
At the meeting this morning it is un-

derstood that Mr. Holman will approve of some of the nominations made by Mr. Yeon for employes in the readmaster's office, while in other branches he will insist upon a different procedure. He holds that the Board has the authority to make all appointments and said he would insist upon exercising this function, although he denied that he wanted to hand out jobs to any of his friends. He said further that he would insist that the Board name the salaries to be paid, instead of leaving this to Mr. Yeon.

Bitter Board Meetings Espected. Inasmuch as Commissioner Muck repeatedly has expressed unlimited confi-dence in Roadmaster Yeon and has shown his willingness to sanction any work desired by the roadmaster, it is considered cortain that Mr. Holman's announced fight against Mr. Yeon's ad-ministration will be blocked until the return of Commissioner Holbrook from

California, where he went recently be-cause of ill health.

Mr. Holbrook always has stood with Roadmaster Yeon in the previous fights started by Mr. Holman, and county offi-cials generally are predicting some bit-ter Board meetings upon Mr. Holbrook's return-
