DIVER VICTIMS SEE **BLAZING SHIP SINK**

Survivors of Owasco Tell of How Submarine Torpedoed 3 Steamers in Row.

LIGHTHOUSE BEAM DOOMS

U-Boat Looses Torpedo at American, Norweigan and British Ships as They Pass Beam of Light Off Spanish Coast-1 Man Dies.

AN ATLANTIC PORT, Jan. 24.-The American steamship Owasco, formerly the German steamer Allemannia, seized when the United States entered the war, was sunk by a submarine the early part of December while in Mediterranean waters near the Spanish Coast, according to survivors of the ship who arrived here today on a Spanish liner. It was said that two members of the crew lost their lives.

The Owasco is the American ship recently reported as having been one of the three vessels sunk while passing a lighthouse with the submarine lying offshore and picking the vessels off as they passed through the beam of light. The two other ships sunk were a Norwegian and a British ship.

"We were preceded by an English and
a Norwegian ship. Shortly before midnight the men on watch heard the ex-plosion of the torpedo that sent the vessel shead of us to the bottom and immediately sounded the slarm on the Owasco that brought everyone to the deck, ready for emergency. We were not kept long in doubt, for less than 10

Gunn Would Not Dig Post Holes in Rain.

Judge Rossman Decides Climate Is Too Rigorous for I. W. W.

WILLIAM GUNN, L W. W. and post hole digger, stood before Municipal Judge Rossman yesterday morning to give an account of himself.

He was charged with vagrancy. "Your occupation?" asked the court. "Post hole digger," replied Gunn. "How long have you pursued that business?" asked the judge.

"A few days." "For whom?"
"Pacific Telephone Company."

"Why did you quit?"
"It rained."

Do you mean to tell me that you quit your job because it rained?" manded the judge, sitting bolt upright in astonishment.

in autonishment.
Gunn said that was correct.
"Then," asld the judge, "I should advise a change of climate for one following the vocation of post hole digger, for if you are to dig only when it does not rain, you may frequently be idle. Meander, now, and don't stop until you fetch up at some point where the precipitation is less than in our own city."

Resolutions by Mass Meeting MARRIAGE TO BE REPEATED of 600 Favor It.

JUDGE M'GINN IS SPEAKER

Statement Made That With Twenty More Meetings Recall Will Be Started Against Officials Who Are Accused.

Resolutions requesting the City Com nissioners immediately to restore th litneys were adpoted by a mass meeting of 600 people at Central Library last night. Implied threats of the recall of Mayor Baker and Commission ers Barbur, Bigelow and Mann were made at the same gathering, which was called to protest against the 6-cent fare recently granted the Portland Railway, Light & Power Company by the Public

Service Commission.

The adoption of the resolution followed a peppery address by Judge Henry E. McGinn, who charged the street rallway company with controlling the members of the Public Service Commission. He also made the allegation that the same corporation financed the campaigns and materially aided in the election of Mayor Baker and some of his associates in the municipal election last June.

"Ladies a..d Gentlemen, members of

"Ladies a.d Gentlemen, members of the Ancient and Accepted Order of Straphangers," began Judge McGinn, "I am in rebellion against Franklin T. Griffith, the Portland Railway, Light & Power Company, the Public Service Commission, Mayor George L. Baker Commission, Mayor George L. Bak and three of his City Commissioners."

City Officials Accused. After charging Mr. Griffith, president of the street railway company, whom he denominated a "world! wise man and shrewd political manipulator," with having accomplished the elec-tion of members of the Public Service Commission who were friendly to his

corporaton, Judge McGinn said:
"This same company last June fi-nanced the campaign of Mr. Baker and soma of his associates who were elected City Commissioners. Oh, yes, Mayor Baker, we have our eyes on you and three of your City Commissioners. I mean Mr. Bigelow, Mr. Barbur and Mr. You all wear the tag of the Portland Railway, Light & Power Com-

pany. "The franchises owned by this com pany were originally bought and pald for in the same manner as the United Railways obtained its franchises from Abe Ruef and his associates in San Francisco. And we people in Portland have stood for it."

Judge McGinn said the demand was for immediate action—restoration of a jitney service. He assured his audience that they should not expect relief from the courts in the suit proposed by the city, since the point at issue had already been decided by the Supreme Court in an identical case in favor of the public utility company.

Recall Threat Made.

"With 20 more meetings such as this one tonight," he concluded, "we will blow our Mayor and City Commission ers into the river, and if we don't we'll start a recall and purge this city of the crime that has been committed against it."
Dr. C. H. Chapman, chairman of the

meeting, here read the resolution, which, he said, had been handed to him from the audience, and it was adopted with a whoop. It read:
"Resolved, That it is the sense of this meeting that the Portland City Com-missioners should without delay restore

Jitney competition with the street rail-way monopoly."

Clean your home as hospitals are cleaned

Hospitals wage constant and successful war against disease germs by the daily use of Lysol disinfectant.

Disease germs enter homes, also. Wherever refuse collects, in garbage cans, sinks, toilets, old plumbing, and sunless corners, disease germs breed into millions and menace health. Plain water-washing does not destroy these germs. But the hospital disinfectant, Lysol, does exterminate germs on the instant of contact.

You can and should use Lysol in every washing of the home, in cleaning every danger spot. Do it for safety. A 50c bottle of Lysol makes five gallons of absolutely germ-killing solution; a 25c bottle makes two gallons. Lysol is also in \$1 bottles-sold everywhere. It has invaluable effect in personal hygiene.

True Lysol - that used in scientifically conducted hospitals - is that made, bottled, signed, and sealed by Lehn & Fink. Accept only such.

Lysol Toilet Soap

Contains Lysol, and therefore protects the skin from germ inction. It is refreshingly soothing and healing and helpful for aproving the skin. Ask your dealer. If he hasn't got it, ask him to order it for you.
