

CATERERS TO HELP FOOD SAVING PLAN

Portland Organization Will Extend Activities to Entire State.

WAR BREAD STANDARDIZED

Association Through Committees, to Punish Violators of Agreement With Food Administration and Insure a Square Deal.

OUTSTANDING ISSUES OF NEW FOOD CODE BY VICTORY DRIVE OBTAINED YESTERDAY.

First—Portland Caterers' Association, organized yesterday, will swing 200 strong places in Portland and 700 throughout Oregon into line in co-operation with Food Administration.

With a representation of every branch of the eating-house trade of Portland present, and with the expressed approval of Food Administration, the Portland Caterers' Association, an organization formed to meet the demands of the times upon the trade, was inaugurated yesterday afternoon at the Hazelwood with the election of officers and the adoption of resolutions for the advancement of food conservation.

R. W. Childs, representing the local committee of hotel men and restaurateurs, appointed by and working with Food Administration, Ayer outlined the purpose of the meeting.

"The Food Administration must have the co-operation of the hotels and restaurants," said Mr. Childs. "The administration has given us its confidence, and we will be better off if we co-operate voluntarily than if we comply under pressure. There is no doubt that we all wish to aid, but delay and half-measures are evidences of criminal neglect."

Resolutions for the formation of the local association were unanimously adopted as read. The resolutions, which were prepared by F. E. Beach, H. W. Kent and J. H. Joyce, provided for the organization of a unit of tradesmen who, by combining and centralizing their efforts, can insure success in the application of food conservation.

"It is unfair that the men who scrupulously observe food regulations should lose their trade, or even a part of their trade, by not complying with the rules which they have made and which they will observe. If the association takes upon itself the task of bringing into line the violators of the regulations, it will be a service to the community. It will relieve the Food Administration of a great burden. The association must remain active until after the meeting of the Pacific Coast Food Administrators here on Monday, February 11. There is little doubt, however, that any measures passed upon that day will remain in force."

Resolutions adopted unanimously pledge the association and its members to a programme of saving far in advance of that till now considered adequate. Victory bread must contain 50 per cent of wheat flour substitute. Victory products, such as cakes, pies, crackers and the like, must contain a full third of substitute; pork is taboo on Tuesdays and Saturdays and from 5 P. M. to midnight, and sugar must be conserved according to rules to be made later.

The doughnut may be wholly hole soon, unless a substitute for the grease now used can be found for frying. Mr. Ayer pointed out at the meeting that Oregon imports more than 100,000 bushels of pork. There is no doubt that this fact will come up for consideration.

A fine spirit of co-operation was apparent at the meeting, it being evident that these present welcomed a chance to get an insight into conditions and secure advice which would help them to help the Nation. The officers chosen were elected unanimously, the voters recognizing previous efforts as indicating fitness to cope with the problems presented. Members of the committee are: H. W. Childs, of the Portland Hotel, first vice-president; C. B. James, of Swastika's, second vice-president; H. W. Kent, secretary, and L. E. Bean, treasurer. A committee of seven, to be chosen, will draw up rules and regulations by which the club will act. The next meeting of the Portland Caterers' Association will be held in the Trolley room of the Benson Hotel, when further steps in organization will be taken. Membership in the association is automatically arrived at, every tradesman being eligible and in duty bound to enter into the agreements expressed.

"It is gratifying to see the spirit of co-operation so clearly apparent," said Food Administration Ayer at the conclusion of the meeting. "Much good has been done in Portland and in Oregon, but more can be accomplished. The new unit will be a potent factor in the work."

NAVY REQUIRES MORE MEN

Chance Offered for Enlistment in Armed Guard Service.

Captain E. F. Eckhardt, of the local Navy recruiting station, has received a program announcing that Navy enlistment for armed guard service is now open. Men are enlisted as seamen instead of apprentice seamen as in the regular Navy. If they have had sea experience on fishing or merchant vessels they can be enlisted as petty officers.

Men are sent to Puget Sound Navy yard for training to qualify for sea service aboard merchant vessels, Army and Navy transports.

Demand for this rating is great, and unusual opportunity for advancement is offered. Men are to be enrolled in naval reserve forces for the duration of the war.

Women's Clubs

MRS. J. F. CHAPMAN presided at a well attended meeting of the Portland Parent-Teacher Council in the Library yesterday. The business meeting brought out reports from a wide field of activities. The council is continuing to do constructive work, presenting good programmes and accomplishing the fine things for which it is organized. Perhaps the circles will arrange some more community meetings about April. Those held recently were so successful and Bishop Sumner's addresses were so well liked that it is probable there will be a plea for a similar series. This was discussed at yesterday's meeting.

NEW PASTOR REAL, HUMOR, DELIGHTFUL

Dr. William A. Waldo Arrives From East to Take Charge of White Temple.

'HE'S ALL RIGHT'—VERDICT

New Leader in Local Church Work Comes Heralded as Man of Ability, Organizer and Bearer of Message of Cheer.

BY EDITH KNIGHT HOLMES. Dr. William A. Waldo, the new pastor of the White Temple or First Baptist Church, is human. He is delightful, unassuming, and in Portland early yesterday morning, was met by a committee from the church, went to the Cornelius Hotel from the depot, was entertained at luncheon by a group of the prominent churchmen and received visitors all afternoon. He came here heralded as a pastor of ability, an organizer, a leader, a bearer of a message of cheer and helpfulness.

Soon after his arrival the chairman of the pulpit committee, F. E. Hillon, welcomed him to the church. "He's all right. We're going to like him. I feel that his call was providential. He's a real man, a fine fellow."

Dr. Waldo, though a Canadian by birth, is an American. He has the polish of an Eastern man of eminent standing, the heartiness and sincerity of manner of the Westerner.

Family still in East. "I always said if I had a chance to go to the Pacific Coast 'I'd do it,'" he said, "and here I am. My family will remain at the home, Englewood, N. J., on the Hudson across from New York City, probably until April, as the three boys are in school. Meantime, I shall look out me and find a suitable residence." Dr. Waldo is interested in football and owns to being a fairly good golfer.

Dr. Waldo is keenly interested in the young people. He served in Toronto in Walmer Road Church and from that congregation there arrived yesterday a letter to the White Temple bespeaking a closer relation between churches and universities should be established.

Shriner Pin is Seen. A Shriner pin attracted the attention of the interviewer. "Are you a Mason, Doctor?" "Yes, of course," he admitted. He is a fraternity man and on both sides of Masonry—Scottish and York rite, and a Shriner. Had he traveled much? "Yes, I have crossed the Atlantic 22 times and traveled with the family in England and on the continent. I have been to London, too. He confessed to two, "The Absolution of the Cross," a series of addresses given in the Assembly Hall of the East End, London, in his second edition, and a volume of sermons, "Echoes From the Great Assembly Hall."

Dr. Waldo speaks without notes or manuscript. He masters his subject first, carefully, and then "just talks." Sunday morning he will speak on "Now Ready," and Sunday night on "God's Love to the World."

A letter from Dr. W. B. Riley, a noted Baptist, now holding meetings in Waterloo, Iowa, speaking highly of Dr. Waldo was received yesterday by Mr. Hillon and was the source of much pleasure to Dr. Waldo, who is one of Dr. Riley's close friends.

Tenants City of sorrow. Of course Dr. Waldo touched upon the war. "Toronto," he said, "is a city of sorrow. One sees crippled and blind and helpless men, returned from the front. I have seen a man in uniform and for everyone else, too, unless I miss my guess."

CHIEF SELECTS THATCHER

Chief of Police Johnson yesterday announced the selection of Sergeant Thatcher as the new leader of the war emergency squad, which has charge of the enforcement of the prohibition, gambling, hotel and vice ordinances. He will assume command today, succeeding Captain Harms, who is transferred to the traffic squad. Thatcher has for years been property clerk in the main office at headquarters.

Captain Circle yesterday took charge of the inspectors' office, succeeding the late C. E. Baty, while Captain Jenkins took his place in command of the second night relief. Jenkins formerly had supervision of traffic and registration of German aliens, now taken over by Captain Harms.

WALTERS NOT TO BE HELD

Hospital Inmate Held Not Responsible for Frank Hamlin's Death.

Rudolph Walters, an inmate of the tubercular ward of the County Hospital, will not be held accountable for the death Wednesday night of Frank Hamlin, another inmate, according to affidavits given to Sheriff Hurlburt yesterday by Coroner Smith. Mr. Smith told Sheriff Hurlburt that Hamlin had been in such critical physical condition that the least nervous shock might have caused his death. The fight which he is reported to have had with Walters was not sufficient in itself to cause the death, Mr. Smith said.

Walters has been held under detention at the County Jail since the death of Hamlin, but Sheriff Hurlburt announced yesterday that he would be returned to the County Hospital.
