Total.	\$ 2,476.98
Total for the day.	\$ 6,826.73
Grand total.	\$14,448.42

of the \$75,000 needed as Portland's quota of the Armenian and Syrian relief fund, \$14,448.42 was reported raised yesterday at the meeting of the captains and teams at the Hotel Portland.

If the remainder is not in sight within a short time it will not be for the urgency of the plea, the sincerity of the workers and the inspiration of the leaders. Mayor Baker the principal speaker of the day, spoke with great earnestness to the officers and workers. His address might be termed a sermon of which the text was "let Pep Put It Over."

"This is a wonderful opportunity for every one to help in a wonderful cause," said the Mayor. "There is plenty of reason why all should give. How do you think you would feel, if it were said of you: 'A little child starved to death because you refused to do your part? Believe in your cause and you can make your plea with eloquence.'"

The Mayor referred to those who refuse to give, saying, "This is the time for the newspapers to get busy and publish the names of those who can afford to give and who never do a thing for humanity," he said, and the audience applauded vigorously.

**Self-Sacrifice Urged.**  
"This is a time for self-sacrifice," declared Mayor Baker. "Let those who never give get a change of heart. It would make good reading if we should make up a list of those who think only of self, who heap up stores for themselves and who never care a rap about humanity. Such men are responsible for the starving and the suffering ones. Could they eat their dinners in happiness and content if they realized that their selfishness meant most starvation and death to others? Are they so heartless? Let's help pull some of these self-satisfied stumps out of their holes. It makes my blood boil when I hear of the indifference of some people. It is high time to wake up and point out those slackers. Would a man or woman in this town allow a dog to starve in the street in front of his door? Shall he treat his fellowman as he would not treat a dog?"

"There is plenty of purpose to this campaign. You have plenty of pep. There's no piffle here," concluded the Mayor.

**All Asked to Help.**  
Wells Gilbert, who presided, added his plea to that of Mayor Baker and called for more workers. All who can help are asked to assemble this morning at the Hotel Portland at 9 o'clock, and W. J. Roop, chairman of the automobile division, asked that all who can provide machines and drivers send them to the Yamhill-street entrance at the same hour. Mr. Gilbert spoke briefly.

## A Baked Cereal Food

Different from the usual run of toasted or steam-cooked cereals.

## Grape-Nuts

is baked in giant ovens—baked for nearly twenty hours under accurate conditions of heat, so that the whole wheat and malted barley flours may develop their full, rich sweetness. You don't need sugar on Grape-Nuts.

"There's a Reason"

ularly of the people who can afford to give small sums, saying "Three dollars will save on this for a month and \$5 will save a mother. Who can resist such an appeal? Those who have never known what it is to be hungry will sympathize."

Frank C. Jackson, Northwest secretary of the American committee on Armenian and Syrian relief, praised the Portland organization. He said: "The eyes of all the Northwest are on you. If you put this drive over you will set a pace that Seattle, Tacoma, Spokane and all the others will have to live up to. Portland always is first in these patriotic campaigns. I predict you will be in this."

**Arrest Narrowly Avoided.**  
Some of Mrs. A. L. Fish's workers came within an ace of being arrested for parking the machine on the wrong side of the street, but the policeman noticed their badges, forgot his duties, donated to the cause, advising, however, "Now, girls, don't forget in the future."

Mrs. Sigmund Ottenheimer, of Mrs. Ludwig Hirsch's team, met with an unexpected fatality of \$125 from Arthur H. Johnston, of the Leighton Dairy Lunch, who said that he had made a pound of sugar in the month of December as a result of his patriotism of his customers in conserving sugar and that he wished the money to be credited to his patrons as a gift from them.

Mrs. Bert Mackay, of Mrs. Scadding's team, discovered a man who declared he was not interested in Armenians. But the discouragements and the heartless ones were far less in numbers than the words of cheer and the willingness to give.

Charles Berg stood on a table and roused the workers to enthusiasm with a call for more helpers. Miss Anne Anderson sang at the fire assembly, stood and joined in the National anthem.

Today the workers will be out, rain or shine, and their reports will be handed in at the noon meeting at the Portland. Rich and poor alike will have a chance to contribute. The money will be sent to the Swiss banks, then to the Swedish Ambassador at Constantinople, who will dispense it with the aid of consuls of neutral Powers, and to trusted agents, American representatives and missionaries, of which there still are 100 in Turkey.

The money also was donated by the Red Cross and are doing the good for which the money is intended, the committee states.

**Farmers "Make Tracks" as Batteries Open Fire.**  
Carl Maass, Who Hesitates, Given Taste of Army Life.

TACOMA, Wash., Feb. 6.—(Special.)—Farmers who did not immediately obey the military order to leave their places within the confines of the camp are making fast tracks now. The artillery of the 2nd Division has started practice with three-inch guns. Carl Maass, one of the soil-tillers who hesitated, found himself today between two batteries and was forced to make a long detour from his place to escape the shells. He had a real taste of life in France.

The area within the military reservation was condemned as soon as the apparatus suits were completed, but the farmers were slow in getting their equipment moved away. Maass was between the batteries when he stood on his old farm.

"These birds might not have just the range and then it would be happy days for me," Maass said, "and 'I'll take mine where it is a bit more quiet."

## Double Stamps Given on January Charge Accounts if Paid in Full on or Before February 11

Eastern Star Red Cross Workers Will Meet in Our Auditorium on the Fourth Floor, Today From 10 A. M. to 5 P. M.—Members Invited

### Valentines 1c to \$1

—Ask for Stamps!

### Commission is Given

SERGEANT DUGGER, OF O. A. C. NOW LIEUTENANT.

Long Service in Regular Army and in Military Department of College Rewarded by Promotion.

### Why Not Drive Poison Out?

Do you realize that the kidneys never have a moment's rest? They work all the time, day and night, year in and year out, filtering poisonous waste products from the blood. Is it any wonder the kidneys get out of order, weak, or too tired to keep the blood stream clear of impurities?

When the kidneys falter, trouble begins. The waste matter accumulates in different parts of the system, and backache, swollen joints, aching muscles, pains inside, biliousness, blurred vision, puffy pouches under eyes, or rheumatic joints result.

**Foley Kidney Pills**

Help weak, tired, disordered kidneys to do their work. They strengthen and heal kidneys, soothe and regulate the bladder and have a splendid tonic action on the liver.

Mr. Louis Flint, 152 S. Jefferson Ave. Barre, Creek, Mich., writes:

"For years I suffered intense pain. The doctor told me it was my kidneys and gave me medicine which did me little good. A friend induced me to give Foley Kidney Pills a trial. In a few weeks my back was better; inside of a year I found out I had a permanent cure. I am now 76 years old, a veteran of the Civil War, on my feet ten hours a day, six days a week."

You can help your kidneys keep your system clear of poisons by taking Foley Kidney Pills. Two sizes, 50c and \$1.00.

**Sold Everywhere**

When your back aches try

### YEON GAINS POINT

Roadmaster Wins Round in Battle With Holman.

### TRAFFIC MEN MEET TODAY

Northwestern Railway Officials to Confer in Seattle.

### GUATEMALA NEEDS RELIEF

Mayor Baker Receives Direct Appeal for Contributions.

### RESOLUTION IS MODIFIED

Measure, With "Dynamite" Eliminated, Providing for Reports of Road Supervisors to County Board, Finally Put Through.

### VEON GAINS POINT

Roadmaster Wins Round in Battle With Holman.

named as defendant in a civil action filed yesterday by McMinnville College, which seeks to recover \$1500 alleged to be due on a promissory note, for which the house destroyed by fire was mortgaged as security.

The plaintiff corporation alleges it loaned Rev. Mr. Frye and his wife the \$1500 on the property. The house was burned July 25 last, and the defendant has failed to rebuild or make any effort to secure the plaintiffs in their note, it is alleged.

The people of Guatemala are in need of relief, according to a telegram received yesterday by Mayor Baker from P. C. Avila, acting Consul of Guatemala and treasurer of the Guatemala relief fund.

"The homeless people are further menaced by rising poisonous waters, gases and fumes from fissures and crevasses which criss-cross the country."

"Never have a people been visited with a similar terrible disaster. Sickness causing an alarming number of deaths has set in, making conditions more terrible. May I ask you to have the people of Portland contribute to the relief of these people?"

Commissioner Muck to eliminate the "dynamite" which it is charged by Mr. Yeon was inserted in the resolution by Holman for the purpose of causing dissension.

The resolution, as adopted yesterday, confirms the appointment of the six road supervisors named by Mr. Yeon and also that of D. W. Stoddard as accountant as well as the appointment of other employees. The salary of Mr. Stoddard was increased to \$125, as recommended by Roadmaster Yeon, from the \$105 which Mr. Holman at first demanded.

The resolution, as originally presented by Mr. Holman, likewise provided that the six different road supervisors should make their monthly verbal reports to the County Commissioners. This section was excluded from the resolution by the board yesterday at Mr. Yeon's demand. Mr. Yeon recently told the board that he would make the reports for his men instead of having them go over his head to the board in person. At a recent meeting considerable controversy arose over this provision, and Holman at that time insisted that his views be incorporated into the resolution. From his action yesterday it is shown that he has capitulated.

The resolution further provides that the financial report of the road department shall be made once a month by Mr. Yeon instead of by his accountant, as Mr. Holman sought in his original motion. These changes were all demanded by the roadmaster when he appeared before the board at a recent meeting.

**REV. GEORGE R. DYE SUED**  
McMinnville College Seeks to Recover \$1500 Declared Due.

Rev. Charles R. Dye, who was arrested last July on a charge of arson and who was later generated by a Multnomah County grand jury, is

consideration and the sergeant is now awaiting orders to report for duty.

He has been at O. A. C. on the staff of the military department since July, 1915, specializing in the adjutant department. He enlisted in the regular Army in 1912 at Columbus Barracks and since that time until he retired in 1909 was stationed at many posts, including several forts in Texas, Fort Potter, N. Y.; Porto Rico, Fort Wayne and Fort Brady, Michigan; Havana, Cuba, where he remained for two years; Fort Slocum, New York, and Little Rock, Ark.

Sergeant Dugger has held the position of assistant commandant at O. A. C. and is popular with the cadets of the regiment. He will remain at the College until he is called into active service, which will doubtless be within a short time.

**Allied Credits Increased.**  
WASHINGTON, Feb. 6.—Allied credits have been increased to \$4,684,400,000 by a loan of \$15,000,000 to France. The funds will be spent largely in this country for military supplies.

**SHORTER HOURS APPROVED**  
Portland Stores May Close Earlier During Period of War.

The proposal made to the retail stores by the Retail Clerks' Union has resulted in a number of downtown stores approving the movement for shorter working hours that is being advanced throughout the country. The local union is advancing the movement which in other states is advocated by reason of the fact that shorter hours save fuel and light and aid the Administration's war program.

**HERMISTON WANTS LAND**  
Commercial Club Starts Movement for More Irrigated Territory.

**HERMISTON, OR., Feb. 6.—(Special.)**—Owing to the demand for alfalfa lands in Umatilla County during the past two years and the many thousands of acres developed and in course of development, the Hermiston Commercial Club at a big meeting Monday evening sounded the cry for more land. Rather, the call is for more water for the land that is not now under irrigation.

Thousands of acres of this land lies tributary to the Umatilla Project and the water is available from the Umatilla River if stored in reservoirs from the spring floods.
