20 U.S. DIVISIONS SURE OF ARTILLERY

France Promises to Equip 500,000 American Troops Before July 1.

TARDIEU STATES TERMS

Condition Made That Necessary Ray Material Be Sent From United States: Commissioner Praises

Military Preparations.

NEW YORK, Feb. 6 .- Announcement that France will be able before July 1 to manufacture enough artillery to

ance Francaise, which was observed throughout the United States and Canadia today, the anniversary of the treaty between France and the American colonies in 1718. Jules J. Jusserand, the French Ambassador, also was

Secreey Thing of Past.

Asserting that "secrecy ought to be thing of the past, because our democracies want to know in order to will." Tardieu said that "Just apprecia-of the results achieved" by Amerilant for effort and nobody has the right to refuse to the American people this etimulant."

tion's accomplishments and cutlined what France had done in the way of manufacturing ordnance, both for the United States and for France's other

milies.

"We have in the line," he said, "about 15,000 guns of every caliber and every day more than 200,000 shells are turned out by our factories. To get those guns, to produce those shells, we created an industry which did not exist before the war and which has enabled us not only to arm ourselves, but also to arm our allies.

"Without speaking of what we manufacture for you, and that is several hundred guns a menth, we have, during the past three years, given to our allies in Europe 1,350,000 rathes, 15,000 automatic rifles, 15,000 machine guns, 200,000,000 cartridges, 2500 guns and 4750 airplanes.

Improvements Involve Delays.

The adoption without any modifica tion of our various types of guns would certainly have saved some time to the benefit of American production, and some delays may be the consequence of the improvements you are looking for, always, and rightly at that, aiming at

"But, as we have agreed, it is under-stood that you should supply and transport to France the necessary raw materials, we will, under such conditions, be able in France, to deliver to you before July I enough guns ther-enghly to equip 20 of your divisions. The situation, therefore, is completely made in that respect. Mr. Tardieu described America's mili-

worthy of your ailies, worthy of your-

Strength of Numbers finined. Alimiting to the raising of the Na-tional Army, Mr. Tardieu declared that "no event of wider inport has ever taken place since the beginning of the

Regarding aviation, American de-viopments had been "beyond all ex-ectation," he declared. He outlined ow America had belied the entente iso financially and with shipping, feed and fuel—aid which he described as immense and conclusive."

"On special points," he added, allud-ser to his association with officials

ing to his association with officials at Washington, "I believe that mistakes have been made, I say it frankly; the heads of the Cabinet or the heads of your departments know it from their own experience." France's Work Reviewed.

ifr. Tardicu reviewed what France is

John Ferrin, chairman of the Federal Reserve Bank, and ascertain what information the Government desires before authorizing further bond issues in the factories, he said, amounted to 6,725,800 men, of whom Bearly 2,000,800 are in the army sone.

The extent of the western front is 755 kilometern. Belgians hold 25. English 165, French 165. We hold, therefore, three-quarters of it.

Suffering From Cold Exists in Thousands of Homes.

Administrator Garfield Announces Necessity of Continuing Heatless Monday Order in Force for Some Time.

closing order.
State Fuel Administrators have re-ported that thousands of homes in New York and other cities of the East and Middle West have no coal, and cannot get it in sufficient quantities to make

CLATSOP PIONEER IS DEAD living conditions bearable.

This situation, coupled with today's Railroad Administration reports that freight and coal movement was almost a standstill both yesterday and toat a standstill both yesterday and to-day in the East, prompted Fuel Admin-istrator Garfield to announce that "the possibility of human suffering is too imminent to permit any relaxation in the present efforts to conserve and increase the existing supply of coal."
Dr. Garfield expressed the hope, however, that after next week railroad
freight embargoes and preferential coal

delivery orders may be used as substi-tutes for heatless Mondays to effect oal saving. The Fuel Administration is considering issuing a request that all indus-tries and business houses suspend op-erations next Tuesday, Lincoln's birth-

Officials are now convinced that the industrial suspension has been effica-cious in actually saving fuel in quan-tities and that the consumption at other times has not been increased by the temporary shutdown.
For the railroads, weather conditions today were a little better, but still freight traffic was less than half

BELIEVED LIVING

Erms Louise Graham, aged 4 years, who was killed Tuesday night when the Oregon Hotel bus turned over at CITY PLANS FOR GARDENS Sixth and Everett streets, stated year terday that he was firmly convinced the mother of the child, his wife, who disappeared simultaneously with E. R.

disappeared simultaneously with E. R. Viers, a young farm manager, last September, was not drowned, as was for a time supposed, but made her escape with Viers, and is now living. He has been making every effort, with the aid of a private detective agency, to locate his wife and Viers since the time of their disappearance.

Information has been placed in the hands of Mr. Graham that a man agd woman closely resembling Viers and Mrs. Graham were seen at Brighton Beach about September 19, after the supposed drowning, and conversed there with Douglas Aitken, now in Prescott, Ariz. who, at the time, was Prescott, Aris, who, at the time, was Government inspector on the jetty at Brighton Beach. Mr. Aitken has supplied details of the interview, including a habit of the woman's of pulling ing a habit of the woman's of pulling down her hat as she talked. This mannerism, says Mr. Graham, was almost second nature with his wife. The woman also told Mr. Aitken, in response to inquiries, that they were "just wandering around," and that it was the first time "her husband" had ever seen the ocean.

Mr. Graham has tried through advertisements to locate the couple who held this conversation with Mr. Aitken, and as his efforts have thus far been unavailing, he feels certain that the man and woman were Viers and Mrs. Gra-

NORMAL HAS SERVICE FLAG President Ackerman Pays Tribute to Young Men in Service of Country.

out polsons. Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

WASHINGTON, Feb. 6.—Danger of widespread suffering from lack of coal still is imminent. Fuel Administration officials declared tonight in announcing the continuance of the Monday Special Election Asked.

MONEXATION IS SUGGESTED dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomache, can, instead, feel as fresh as a dainy by opening the sluices of the system cach morning and flushing out the whole of the internal poisonous stagnant matter. Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a easpoonful of limestone phosphate in it to wash from the stomach, liver, kid-neys and bowels the previous day's in-digestible waste, sour bile and poison-ous toxins. The action of hot water

and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast.

The millions of people who are both-ered with constipation, billious spells, ered with constipation, billous spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drugstore, which will cost very little, but is sufficient to make anyone a pronounced crank on the sub-ject of internal sanitation.—Adv.
