Senator Cenrad P. Olson, of Portland,

Judge Percy R. Kelly, of Albany, has formally launched his candidacy. Justice Wallace McCamant, the incumbent whose successor is to be elected, will not be a candidate for re-election and the question now simmers down as to how much opposition there will develop for the place.

It is barely possible that Senator Olson may have some such candidacy in view. The fact that he has re-nounced his intention to become a candidate for the Supreme Beach, if information received here is correct, makes it appear doubtful whether he would accept the appointment for that place should Justice McCamant resign before his term expires. It has been suggested here that Senator Olson may be a possibility for an appointment to the Circuit Bench in Portland.

Judge Gantenbein Not Candidate.

Judge Gantenbein has definitely stated that he will not try for the Suprem-bench, his military duties excluding him as a possible contender, and he probably will be compelled to resign from the Circuit bench in the near future be-cause of an expected call to the colors. cause of an expected call to the colors. Governor Withycombe has stated he will appoint Judge Littlefield to fill Judge Gantenbein's place, if Judge Littlefield wishes to accept. But Judge Littlefield wishes to accept. But Judge Littlefield recently announced his intention of not being a candidate for the Circuit Judgeship, and with that announcement in view it is considered a possibility that he would not accept another appointment for the short interim which would elapse between his appointment and its expiration. If he does not accept the appointment, following Judge Gantenbein's re-

ment, following Judge Gantenbein's reelection, politicians see a chance for Senator Oison being placed on the Circuit bench, and if he accepted he no doubt would be an aspirant for reduction. Just how far this consideration weighs in Senator Olson's decision not to take a chance at the Su-prems bench opening is not known, but speculative wisdom here sizes the situ-

ation up in about that manner.

All of the names preminently mentioned as candidates for Justice Mc-Camant's place seem to be covered so far and apparently the only possible opposition Judge Kelly will have in sight from the present viewpoint is that of Judge Kavanaugh and it is not at all certain that he will get into the

LONDON, Feb. 22 .- With the capture of Jericho, General Allenby has made another stride forward in his task of clearing Palestine of the Turks. The tracks and roads which pass over a great concrete bridge that the Ger-mans had built across the Jordan since war began and convenient fords make it an important military base, the capture of which gives the British another road leading northward to the Turkish base at Nablus.

In addition, the city controls the road to the coast and the direct mountain highway from Jerusalem. The Turks also are deprived of an important road running behind their front that enabled them to send troops to threatened sec-tors and it is even possible that the Turkish forces have been completely
