PERSHING TO DECIDE

Baker Will Take Up Casualty List With General.

WILSON MAKES REQUEST

Day's Report From Battle Front in France Carries Names of 70 Men, 16 of Whom Died From Various Causes.

WASHINGTON, March 14.—At the request of President Wilson, Secretary Baker, while in France, will take up with General Pershing personally the subject of the manner in which the American casualty lists shall be issued.

The president, after studying a protest by George Creel, chairman of the committee on public information, against putting out casualties without giving the addresses of the dead and wounded men, asked the War Department today to have Secretary Baker go into the subject with the American commander.

There has been no intimation as to the President's attitude. However, even if there is no modification of the order, it is believed that clear reasons for withholding addresses may be made public.

General Pershing's casualty list cabled today carried the names of 70 soldiers, four of them killed in action, two dead of wounds, one dead of an accident and nine of disease, 14 wounded severely and 40 slightly wounded.

The list gives the names of two officers, both of whom were reported slightly wounded. They are Captain Hugh H. Barber and Lieutenant Horace L. Smith. Lieutenant Bernard Vant Hof was reported severely wounded.

STATUS OF ALIENS FIXED

Attorney-General Makes Ruling on Claims for Exemption.

An important ruling, affecting the status of alien exemption claimants, was received yesterday by the United States Attorney's office from the Attorney-General who holds that any alien who has waived his claim to exemption because of the fact that he was an alien cannot afterwards come in and claim exemption on that ground. The Attorney-General also holds that the matter of determining the acceptance of such aliens for military service rests entirely with the local boards.

Numerous instances have been reported recently to the United States Attorney's office in whic hunnaturalized Italians, Greeks and Austrians have sought to escape military service on the ground that they were not citizens, although in filling out their questionnaires they specifically waived that claim to exemption. In order to get an official ruling, Mr. Rankin referred the matter to the Attorney-General.
