NO CHANGE FAVORED

Present Wheat Standards Are Satisfactory.

SPOKANE IDEA INDORSED

Merchants' Exchange Wires to Dr. Kerr, at Washington, Asking That He Urge Current System of Grades Be Retained.

The Portland grain trade indorses the views expressed at the Spokane wheat standards hearing. It is the belief of dealers here that the standards that applied to the 1917 crop should be retained, as a relaxing of the grades would not serve the purpose of the Government in increasing the wheat yield, but would result in a larger proportion of poor quality grain.

The following telegram was sent yesterday by the Merchants' Exchange Association to Dr. W. J. Kerr, president of the Oregon Agricultural College, who is now in Washington, D. C.:

"Our association respectfully asks that you urge Dr. Brand to maintain present wheat standards under which we are now operating. These standards seem fair to both producer and dealer. Proposed standards will not encourage greater efforts to increase production, but will encourage the growing of inferior wheat, thus defeating the very aim of the grain standardization act."

FARMERS NOW WOULD SELL POTATOES

Best Price Quoted Is 75 Cents, but Buyers Are Out of Market.

The best price now quoted on Burbank potatoes in the country is 75 cents. Growers seem more disposed to sell, but there are no buyers. In the jobbing district the market continues slow at 90c@$1.10 for good stock and poorer grades offered at 75 cents.

Shipments at all points are light. Five cars are reported out from this state on old orders, two to Stockton and one each to Reading, Red Bluff and Houston. Washington reports one and California 10 cars shipped.

Market conditions as reported by telegraph:

Butte—No fresh arrivals. Rurals, sacked, $1@1.25.

Spokane—Light demand. Mixed whites and reds, $1@1.10 sacked.

Houston—California 1, Washington 1, Oklahoma 4 arrived. Demand and movement moderate, market only fair. Idaho, California, Oregon, Washington Burbanks and Russetts, best, $1.80@2.10; Colorado round whites, $1.80@2; various varieties, $1.70@1.85.

ORANGE PRICES BECOME PROHIBITIVE

California Exchanges Announce Advance of $1 to $1.25 Per Box.

Orange prices are getting to a point where Portland jobbers may soon have to cut them out. Yesterday they were advised by California shippers of advances there of $1 to $1.25 a box. Local consumption of oranges has already been curtailed by high prices and a further advance will make them almost unsalable in this market. The California growers are taking advantage to the limit of the short supply. Once they get consumers accustomed to do without their fruit they may find it difficult to get the trade in oranges started again when the crop is more abundant.

Bananas are also due for another advance. Higher prices are named at the seaboard and this will mean a ½-cent local and 6½-cent crated price next week in the local market.

Walla Walla spinach was more plentiful on the street and lower at $1.25. Walla Walla green onions also appeared. Brawley telephone peas were quoted at 17½ cents. A fresh shipment of Boulder Island asparagus will arrive this morning.

BARLEY SALES TO MALSTERS REDUCED

Markets in All Sections Affected by Federal Order.

An order issued by the Food Administration, which restricts the use of grains in the manufacture of beer, is mainly responsible for the weakness of the barley market in the East. At Chicago barley prices have dropped about 40 cents a bushel from the high point, standing yesterday at $1.80@2.00 for milling and malting barley. Other barley markets in the Middle West weakened.

Locally, prices were unchanged yesterday, $81 being bid for brewing barley and $74@74.50 for feed grade. Stocks are so small in the Northwest that prices here are not readily affected by changes East. Local oats were steady at $69.50, but bids for Eastern oats were raised 50c@$1. Corn recovered part of the previous day's loss, offers on the board being $2.00@2.50 higher than on Tuesday.

Weather conditions in the Middle West, as wired from Chicago: "Winnipeg, cloudy, 27. Minneapolis, Duluth, partly cloudy, mild. Peoria, Chicago, Missouri and Kansas, clear, 42 to 53. Ohio Valley, clear, 45. Hot Springs, foggy, 54. Forecast: Illinois, Missouri, Wisconsin, Iowa, Minnesota, partly cloudy tonight and Thursday; unsettled; not much change in temperatures. Elsewhere, unsettled weather tonight and Thursday; somewhat cooler Thursday."

Terminal receipts, in cars, were reported by the Merchants' Exchange as follows:

Northwestern Mills Listed.

The milling division of the Food Administration, in listing the mills in this district, has sent the following notice to all millers:

"On February 1, 1918, every mill in the United States, irrespective of capacity, was directed to come under the supervision of the milling division of the Food Administration and to take out a milling license. We believe that our list of mills is very complete, but it is possible that there may be a few small mills or new mills which have failed to receive the circulars explaining the requirements. In order that our list be absolutely correct, we will ask you to list all mills in your own county and the adjoining counties. Please give this your careful attention and mail it with your next letter or report."

Egg Trade Is Sluggish.

The egg market was sluggish yesterday, and, while prices were not changed, the undertone was weak.

Cube butter was also easy, with 48½@49 cents quoted on extras.

Dressed meats were firm and unchanged.

Liberty Issues Advance Half to One Per Cent.

DEALINGS ON LARGE SCALE

Stock Market Is Dull Affair With Unimportant Changes in Prices and Firm Closing—Call Money Rate Falls.

NEW YORK, March 20.—Trading on the stock exchange, aside from the relatively heavy dealings in liberty bonds, was dull almost to the point of extinction. Hourly sales after 11 o'clock barely averaged 25,000 shares, the day's turnover amounting to the meager total of 225,000 shares.

Bullish incentive was again lacking, chiefly by reason of the so-called Holland-American situation and the uncertain status of the iron and steel industry in connection with the new price schedule to be fixed by the war industries board.

These conditions were balanced in a measure by freer offerings of call money, which fell to 4 per cent after opening at 5½.

Representative stocks made little or no change. Some of the highly speculative issues reflected the mixed operations of pools, General Motors making an extreme decline of 4 points, while Industrial Alcohol gained almost as much.

Shippings were again sensitive to impending developments and rails were listless until the final hour, when the Pacific group hardened with Great Northern and minor coalers.

United States Steel closed at a small fractional advance.

Liberty issues contributed overwhelmingly to the irregular dealings in bonds at advances of ½ to 1 per cent. Total sales, par value, aggregated $5,675,000. United States bonds, old issues, were unchanged on call.

HOG MARKET IS STEADY

BULK OF SALES AT NORTH PORTLAND AT $17 TO $17.15.

Top Price Paid Here for Cattle Realized on Hay-Fed Prineville Stock.

There was no change of importance in the livestock market yesterday. The run was small and trading was chiefly in the hog division, where the bulk of sales were at $17@17.15.

C. B. & S. S. Stearns of Prineville, had on the market, Monday, 107 steers of Hereford breeding. These steers were out of cows all of which had better than three-fourths Hereford blood, some of them pure breds. They were all sired by a pure bred bull. It was one of the most even lots of cattle that have been on the market this year. They averaged 1150 to 1160 pounds, the top load bringing $11.80, the highest price ever paid on the open market at North Portland for this class of cattle. These cattle were fed straight hay for four and a half months without any grain whatever. C. B. Stearns is an old-time cattle man and is a pioneer in the Prineville district. Formerly he and his partner ran as many as 2500 to 3000 cattle, but he now runs something like 600 head only. He has a pure bred herd of Herefords for his own use, and is an enthusiastic Hereford supporter.

Receipts yesterday were 82 cattle, 1 calf, 652 hogs and 8 sheep. Shippers were: A. L. Steiner, Stanfield, 1 load cattle; B. C. Davidson, Emmett, Ida., 1 load hogs; C. C. EMBARGO HITS CORN

All Options Close Lower in Chicago Market.

OATS ARE ALSO AFFECTED

Grain Cannot Be Shipped to Eastern Points Except in Equipment Furnished by Eastern Lines. Record Hog Prices.

CHICAGO, March 20.—Corn averaged lower in price today, influenced by the reinstatement of an embargo against western cars loaded with grain for shipment east of Chicago. The close was unsettled at $1.27⅝ March and $1.25¼ May, with the final range as a whole varying from ⅜@½c off to ⅝c advance compared with 24 hours before. Oats lost 1 to 1⅛c. Provisions finished unchanged to 7c higher.

As corn cannot be shipped East hereafter except in equipment furnished by eastern lines, it was apparent that the bull side of the market had been placed under a decided handicap, for there are no surplus cars on eastern lines. Depressing effects of the reinstatement of the embargo was somewhat counterbalanced late in the day by an improved demand here from industries.

Oats, like corn, were pulled down in value by the eastern embargo. Besides, reports indicated a 10 per cent increase of seeded acreage southwest.

Provisions averaged higher as a result of hogs rising to the topmost quotations yet this season.

Cash prices were as follows:

Corn—No. 2 yellow, nominal; No. 3 yellow, $1.56; No. 4 yellow, $1.42@1.53.

Oats—No. 3 white, 92½@93½c; standard, 93@94c.

MEEKER TO HELP SAVE

POTATO FLOUR PLANT WILL BE ESTABLISHED AT SEATTLE.

Oregon Pioneer Receives Telegram From Washington Assuring Him of Financial Aid.

SEATTLE, Wash., March 20.—(Special.)—Ezra Meeker, who blazed the Oregon trail, has been interesting himself in the study and production of flour manufactured from potatoes as a substitute for wheat flour. On Tuesday he received a telegram from United States Senator Wesley L. Jones, saying that the United States Food Administration had arranged to finance a plant, and that Charles Hebberd, Federal Food Administrator for Washington, would consult him on the project.

Mr. Meeker announces that he has perfected a plan for producing potato flour, and that all the machinery can be manufactured in Seattle. His idea is to have the Government market the flour and sell it to consumers at the lowest possible price. He has prepared a recipe whereby bakers, householders and others can make their own potato flour, and will send the same to all who apply to him at 812 Second avenue.

"I do not want to make a cent out of this," said Mr. Meeker yesterday. "There are plenty of potatoes, which growers have been compelled to sell at a low price because of overproduction. I am confident that a large part of the local shortage of flour can be relieved as soon as this plant can be gotten under way."

MARK T. McKEE TO SPEAK

Detroit Man to Address City Club and Realty Board.

Instead of having its regular weekly luncheon meeting in the Benson Hotel this week, the Portland Realty Board will hold a joint luncheon with the City Club in the main dining-room of the Chamber of Commerce at 12:15 o'clock tomorrow.

H. R. Albee, ex-Mayor of Portland, will be chairman of the day. Mark T. McKee, of Detroit, Mich., will be the speaker. He will tell some facts from personal observation about the Non-Partisan League, what that organization really is, and its menace to Oregon, where it is attempting to gain a foothold.

Mr. McKee is a distinguished citizen of Detroit. He is vice-chairman of the Michigan State Board of the American Red Cross; secretary of the Counties Division of Michigan War Boards; executive vice-president of the National Civic Union, grand master of the Brotherhood of American Yeomen; vice-president of the Michigan Fraternal Congress, and secretary of the Insurance Federation of Michigan. FARMHANDS' WAGES GOOD

Board and Room Go With $50 and $75 Pay Envelope This Year.

One hundred farm hands are wanted at the United States Employment Office, co-operating with the Public Employment Bureau of Portland, at 247 Davis street, this city, at wages from $50 to $75 a month, board and room. This is the farmers' Spring seeding time, and a large number of farm hands will be needed in this state from now until late next Fall. No more patriotic service can be rendered the country at this time than aiding the farmers to put in large crops, till and harvest them, and thus prevent the threatened bread scarcity next Winter.

This office is co-operationg with J. W. Brewer, farm help scepialist, United States Agricultural Department, and extension department of the Oregon Agricultural College, who is also state director of the United States Boys' Working Reserve. Mr. Brewer has recently made a survey of the farmers' labor needs throughout the state of Oregon, and states that Wasco County needs 50 farm hands; Sherman County, 35; Moro County, 40; Gilliam County, 30.

Vancouver Council Prepares Ordinance to Curb Latest Step.

VANCOUVER, Wash., March 20.—(Special.)—Since Vancouver has awakened during the past year, and the city is filled with thousands of young persons who like to dance the various syncopated steps and walks, and the addition of many thousand soldiers to the social life of the city, the bunny hug, angle worm glide, Texas Tommy, moonlight walk, shadow waltz and grizzly bear dance, have become popular, it is said.

The City Council has awakened to the fact and at a meeting Monday night an ordinance was introduced to curb and regulate all dances given publicly. The dances in question will be prohibited by the ordinance. Smoking will also be prohibited in the halls and no return checks will be given.
