

GOVERNOR IN RACE FOR SECOND TERM

Candidacy, Subject to Action of Republican Primaries, Formally Announced.

EFFICIENCY FIRST CONCERN

Patriotic Service in Winning War Is Foremost Consideration in Platform—Rigid Law Enforcement and Close Economy Urged.

SALEM, Or., March 20.—(Special.)—Governor Withycombe today formally announced his candidacy for re-election to the executive office subject to the Republican primaries.

He often has made the statement that he would be a candidate for re-election, and he stated he will be the first Republican Governor in the history of the state to have served two terms.

He presents his platform largely on an issue of winning the war and a question of patriotic service.

He also declares in favor of rigid law enforcement, prohibition, equal suffrage and development of every phase of state activity, but at the same time with the practice of most rigid economy.

He touches upon a number of phases of state activity which should receive general encouragement and development.

Efficiency Is First Concern.
He also declares that efficiency of service "must never be sacrificed for the sake of political advantage."

In his platform the Governor says: "If the people of Oregon are of the opinion that I have served them faithfully, I should be pleased to receive a vote of confidence at their hands."

The Governor of the state has the ear of the people. It is, therefore, in his power to assist in creating and maintaining a healthy public sentiment on the many subjects which make for a community welfare. I have been mindful of this fact, have consulted with the people and have done all in my power to promote the development of the state in being about the construction of good roads, to emphasize the importance of education and especially in maintaining at the highest the devotion of the people to the great cause of liberty and democracy for which the country is fighting. I shall continue to do everything I can to accomplish these ends.

Soldiers Must Be Supported.

Oregon has given more of her sons to the great world war. These men are the flower of our young manhood and we have no sadder duty than that of lovingly supporting them, providing for their health and comfort and safeguarding their morals. I shall continue to render them every service in my power.

Under our form of government the conduct of a foreign war devolves upon the President of the United States, who is commander-in-chief of the Army and Navy. I shall do everything in my power to assist the President in making the power of this country effective in the great world conflict. I shall particularly endeavor every power and authority which I possess in government to maintain the morale of our local industries which are related to war activities. No other duty is so pressing or so important as this. No sacrifice is too great if it leads to the triumph of the forces battling for international righteousness in this world war. I shall stand in the future, as in the past, for rigid law enforcement and for a cleaner and greater Oregon.

Rigid Economy Is Necessary.

Oregon is firmly committed to the principles of prohibition and equal suffrage and, while they are no longer issues in this state, I shall continue to give these causes my full support. Particularly serious every phase of state development should be supported, but at this time when our country is engaged in the most terrible war in the world's history the most rigid economy in state expenditures should be observed.

WE HAVE STATE PROBLEMS OF GREAT IMPORTANCE TO BE WORKED OUT—FOR THE FUTURE

CAN'T FIND DANDRUFF

Every bit of dandruff disappears after one or two applications of Danderine rubbed well into the scalp with the finger tips. Get a small bottle of Danderine at any drugstore for a few cents and save your hair. After several applications you can't find a particle of dandruff or any falling hair, and the scalp will never itch—Adv.

CHILD GETS SICK, CROSS, FEVERISH IF CONSTIPATED

Look at Tongue! Then Give Fruit Laxative for Stomach, Liver, Bowels.

"California Syrup of Figs" Can't Harm Children and They Love It.

Mother, your child hasn't naturally crossed and peevish. See if tongue is coated, this is a sure sign the little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember a gentle liver and bowel cleansing should always be the first treatment given.

Nursing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "Fruit Laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

OREGON'S GOVERNOR, WHO ANNOUNCES CANDIDACY FOR SECOND TERM.

JAMES WITHYCOMBE.

of desirable population; for the encouragement of manufacturing enterprises; for the encouragement of stock and herd of the best breeds for the production of fruit, peas and other destructive agencies in orchard and farm; for the general encouragement of production in all lines of endeavor; for the careful, intelligent handling of the several state institutions and their wards, observing as far as possible the best lines of modern treatment while at the same time securing for these and for every department of state business the closest possible economy.

Fair Deal Disposition Noted.

Domestic tranquility and business confidence are intimately related to the public welfare. I shall do all in my power to promote them. I wish to place the growing disposition of employers and employees to consider each other's rights and to adjust differences by discussion in a spirit of fairness and equity.

The routine duties of the office will not be suspended by me, but every effort will be put forth to bring each branch of the state service in a condition of maximum efficiency. The efficiency of the service must never be sacrificed for the sake of political advantage.

It is a matter of the fact that I am the representative of the whole people and shall welcome suggestions from any citizen for the end that the collective wisdom may be brought to bear on all problems.

If honored by re-election I shall continue to give the best that is in me to every branch of the public service.

7-CENT FARE PROPOSED

WALLA WALLA FACES LOSS OF STREETCAR SERVICE.

Part of System to Be Torn Up and Rate Also Asked—If Request Is Refused Road Is to Be Abandoned.

WALLA WALLA, Wash., March 20.—(Special.)—Walla Walla is facing the loss of part of its streetcar service and possibly all of it, according to traffic manager E. G. Miller, of the Walla Walla Valley Railway Company, yesterday.

The company, he said, is losing money and the present deficit is about \$40,000. It costs 17 cents a car mile for operation, and on the East Walla Walla line last year the average revenue was 11.7 cents a mile, a loss of 5.3 cents a car mile. In January this year the direct loss from operation was \$59,351.

If the company has announced the following: It has decided to abandon the east Walla Walla line from the city limits to the end of the line, a distance of one and one-half miles, to save the trucks and junk the material, city fares must be increased to 7 cents, interurban fares must be advanced to a base of 24 cents a mile, elimination of the franchise tax as well as protection from jinxer competition are also demanded while the company also asks to be relieved from paying assessments. The question of higher car fares is to be submitted to the voters and if turned down, the whole system will be abandoned, it is stated. The financial embarrassment is due to the ever increasing use of automobiles. It was stated.

WHEAT GROWERS WARNED

Baker County Agriculturist Cites Death of Grain Sacks.

BAKER, Or., March 20.—(Special.)—County Agriculturist Henry Tweed today issued a warning to wheat farmers not to depend on grain sacks for this year's crop. The fact that the Food Administration has announced that a premium of 9 cents a bushel will be paid for grain in sacks should not cause farmers to abandon their plans for farm storage and bulk elevators, according to Mr. Tweed, who says:

"Those farmers who are able to contract for sacks, with the assurance of delivery, are the only ones who can afford to neglect the matter of farm granaries and bulk elevators. With only 15,000,000 sacks yet in sight for the three Northwestern states, it is apparent that the portion likely to be allotted to Oregon will not be sufficient for wheat promises to be one of the greatest wheat crops in the history of the state."

LATE MR. COTTON HONORED

City Council Adopts Resolution in Memorial Introduced by Mayor.

The City Council yesterday adopted a resolution in memoriam for the late W. W. Cotton. The resolution was introduced by Mayor Baker and adopted unanimously. It reads as follows:

Whereas William Wick Cotton, of the city of Los Angeles, California, on the 13th day of March, 1918,

was always frank and genial in disposition and manner; strong, alert and logical in his reasoning; broad-minded, just and fair in his dealings with men; while holding a position of power and influence, he never used it to oppress or abuse it. He was absolutely honest. He was ever ready to aid his neighbor, his city and his state. He was admired and loved by all who knew him for his high ability as a lawyer, for his helpful influence and deeds as a citizen and friend.

By his death this community has suffered a definite loss; therefore, be it

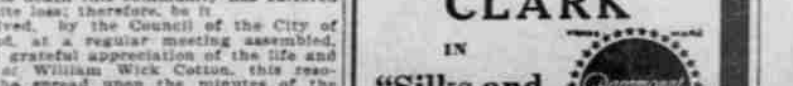

Resolved, by the Council of the City of Portland, at a regular meeting assembled, that in grateful appreciation of the life and works of William Wick Cotton, this resolution be spread upon the minutes of the council and a copy thereof be prepared by the Auditor under the seal of the city and presented to the family of the said William Wick Cotton.

CRUSADE AGAINST I. W. W. IS GOING ON

Number of Arrested Men at St. Maries, Idaho, Is Steadily Growing.

PRISONERS BEING SORTED

Some Will Be Prosecuted by State, While Others Will Be Turned Over to Government—Eight Captured in Raid.

ST. MARIE, Idaho, March 20.—(Special.)—The sorting of the St. Maries I. W. W. prisoners into two classes, those for Federal prosecution and those who will be charged with criminal syndicalism, was begun today by Prosecuting Attorney Holsclaw, of Benewah County, Idaho.

In the meantime, the number of arrested men is increasing steadily as the crusade against the I. W. W. strongholds are going on peacefully but effectually.

Captain Herman H. Taylor placed the number of prisoners today at 28, of which 27 are in the County Jail and 56 in the "bull pen." He is planning to move the latter squad to the city block, as the present building, a small paint shop, is not large enough.

Complaints to Be Filed.

"We will file complaints against each one separately," said Attorney Holsclaw, who returned to St. Maries last night after having been in Coeur d'Alene preparing for the W. M. Nelson trial.

"We will turn over to the Government all Federal cases. This number will probably not be more than half the total."

"The others will be held on state charges. There may be some whom neither the Federal nor state officers want, but they will be few. We are determined to prosecute the leaders to the extent of the law. I have not decided whether I will ask for a change of venue for the trials."

Voluntary appearances for passport examinations were insufficient to keep the examining boards busy this morning. Each time a squad of Sand Point soldiers was sent out and returned with 19 or 12 members of the organization. There are less than 25 I. W. W. in the city who have not been interrogated by the authorities, it is said.

Eight Arrested in Raid.

Captain Taylor last night conducted a raid on the room beneath Mike Cola's tailor shop. Eight men were arrested, of whom four were later turned loose. Cola was taken to military headquarters and forced to take the oath of allegiance. Charles Anderson, said to be a prominent agitator, was picked up after he failed to apply for a passport. His credentials as an organizer were found upon him.

Six men were brought in by the guards from Bronson's camp last night. Fernwood, called the "I. W. W. hotbed," gave only five prisoners.

Only two possibilities, one of which is very remote, are seen by which the "back-breaking" process of the Benewah County authorities can be halted. The first is that some of the many I. W. W. held there may attempt to bolt. The other and remote possibility is that some of the rumored immigrants of red card bearers will come.

Guards' Work Effective.

While the unformed regular soldiers are probably the ones who first instilled fear into the I. W. W. force, yet it remained for the Sand Point guards to do the real work. They are ordered to appear before the court of cleaning up the county and at the same time guarding the many prisoners.

The officers believe the successful conclusion of the crusade rests with the acquittal or conviction of the ring-leaders held in jail and the "bull pen." It is feared, too, that a few of the chief agitators may escape through the guard lines by abuse of the passport system.

Baker Men Pass Draft Exams.

BAKER, Or., March 20.—(Special.)—The first men of Baker County's quota for the next draft successfully passed the physical examination yesterday and were ordered to appear before the draft board March 25 to be inducted into service. Baker's quota was 10 men. The drafted men are Manley E. Bryant, Lawson M. Whitely, Woodson E. Hathaway, Fred A. Olsen, Charles S. Caviness, Floyd F. Hubler, Patrick G. Gallagher, William J. Loney, Carl E. Cook, Lee Bland and Conrad M. Lang.

High School Debaters to Clash.

CENTRALIA, Wash., March 20.—(Special.)—The championship of the Lewis County Interscholastic Debating League will be decided Saturday night in the local high school gymnasium. The local high school gymnasium, when the Centralia and Mossyrock

for the Loyal Legion members employed in the mills and camps of that vicinity. The pictures were shown at Napavine tonight and will be shown in Tenino tomorrow night. Friday and Saturday night the officer will entertain legion members of this city and vicinity, and Sunday he will be at Onalaska.

High School teams argue the question of a universal eight-hour day, Centralia taking the negative. The local team is composed of Nora Dishong and Emerald Sloan. Neither Centralia nor Mossyrock has met defeat in the last three years. An Olympia attorney will act as judge.

Elks' Carnival Takes In \$2300.
MARCHFIELD, Or., March 20.—(Special.)—After three days of a carnival staged by the local Elks, imitating the days of '49, with all the gambling devices, music, shooting and dancing to make it realistic, \$2300 was taken in. The net proceeds are to go to the Elks home guard to pay for small items of uniforms which the money appropriated by the county would not cover. A similar show for the same purpose will be given by the Bandon Elks.

Drainage Methods to Be Shown.
BEAVERTON, Or., March 20.—(Special.)—A drainage demonstration on the farm of Francis Chalmers at Roy, this county, will be held Saturday by Professor W. L. Powers, of Oregon Agricultural College, and scientific drainage of white land will be conducted along the most approved lines. As many

The Best Thing to Do
HEALTH DISEASE

A N aching back may not mean anything serious, but it certainly doesn't mean anything good.

When the kidneys are weak or disordered they cease to do their work, and instead of cleansing the blood of impurities, the waste products remain to attack the whole system, causing aches and pains in muscles and joints, irregularities of the bladder, puffiness under eyes, biliousness, erratic appetite and other ills and ailments.

Foley Kidney Pills
invigorate, stimulate and restore to healthy action the organs that filter and remove the waste products therefrom. They strengthen the kidneys and bladder and tone up the liver.

George McLaine, Turtle Lake, N. D., writes: "I am a locomotive engineer. I was troubled with my back. Had bad pains and bladder troubles me often through the day and night. I took Foley Kidney Pills and I was relieved in a couple of days."

If you have reason to suspect that your kidneys are overworked, weak, diseased, the best thing to do is to give them help immediately. Foley Kidney Pills come in two sizes, 50c and \$1.00.

Sold Everywhere

SLUMBER OUTRAGED?

Are you compelled to arise from your slumber once, twice or more, because of pain, irritation and abnormal condition of kidneys and bladder?

Balmwort Tablets

are guaranteed to correct the alkalinity of your secretions, thus giving you undisturbed slumber, making for Rest at night and Energy by day. All forms of kidney disorders cannot be successfully treated with Balmwort Tablets, but when these symptoms exist you will receive a gratifying recovery if you use them: amount of urine secreted irregular, insufficient, too frequent, too copious, accompanied by pain, difficulty, smarting, burning, irritation, pains in back and groins and when the passage is foul of odor, highly colored, etc. Also stoppage of secretion followed by fever, chills, pains, headache, rheumatic pains, depression, etc. Balmwort Kidney Tablets.

HELP THE KIDNEYS
Sold by all druggists.—Adv.

THE PULLMAN COMPANY
Chicago

WERE every one of the one hundred and thirty-seven railroads served by the Pullman Company to attempt to furnish the same service for itself, the burden of expense would be found insupportable.

Each road would have a heavy investment in extra cars which would be idle perhaps eleven months in the year; and it would be forced at certain times to man all these cars with green crews—to the great discomfort, inconvenience and anxiety of the public.

The Pullman Company mobilizes its seventy-four hundred cars—each as perfectly appointed in its way as a modern hotel—with the keenest strategy. It knows at every hour of the day the location of each one of them; it notes the least threat of congestion here, or shortage there, and is on the alert to supply maximum service wherever needed.

Pullman service meets a national problem; it gives to our passenger traffic facilities a stability and a mobility otherwise almost impossible.
