

REVOLVER CLUB MAY WIN CHAMPIONSHIP

Portland Team Stands in Second Place With Denver. 5 Matches Unreported.

VICTORY BELIEVED CERTAIN

Olympic Club, of San Francisco, Thought to Have Broken Up and Quit Shooting and This Would Put Portland in Lead.

By looks of latest dope from headquarters the Portland Revolver Club may win the championship of the United States again this year. Official standings from Yaleville, Conn., place the Portland shooters in second place with Denver, each club having won 19 matches and lost 1. Each team shoots 17 matches this year. The Portland Revolver Club has one match more to shoot. Reports on the last five matches of the local club have not been made public, but by comparing previous scores it is almost a certainty that they are won. The one match remaining is against Dallas, Tex. The Dallas Revolver Club has not won this year, so it should be easy to defeat. It is believed, therefore, the final standings will read, Portland, won 16, lost 1.

The Olympic Club of San Francisco, which is at the top of the percentage column with four victories and no defeats has sent in no reports since their fourth match. Details of the Portland Revolver Club think the Olympic Club team has broken up and quit shooting. If this should be the case, it will either give Portland the championship or tie them for first place with Denver, taking it for granted that Denver wins the rest of its matches. The final match will be shot with Dallas this week, and what is to be over it should be known how the championship stands.

SPORES REMAINS AWAY

VICTIM OF NIGHT PARTY GIVES EUGENE WIDE BERTH.

Ousted Man Informs Vigilantes That He Thought Order to Go to Work Was Intended as Joke.

EUGENE, Or., March 21.—(Special.)—Jake Spores, deported from Lane County last night by a vigilante committee, after he had defied a notice demanding that he "go to work or join the Army," did not return to Eugene today.

The deportation of Spores, said to have been accomplished as a notice to loafers that they must make themselves useful in performing some service for the community and country, was the chief topic of discussion in Eugene today.

Spores was taken from the Matlock lodging-house about 9 o'clock P. M. Automobiles drove to both the front and rear entrances of the building, and a large crowd assembled in the street to witness his removal from the lodging-house. Other members of the committee waited in automobiles in front of the Army, where the entire party united and started north over the Pacific Highway after Spores had been taken from the Matlock.

Spores is said to have threatened to shoot when he was requested to come out, but soon became less defiant, insisting that he would "go to work or join the Army," it was intended as a joke.

The deported man is 36 years of age. He was born in Lane County and is a son of a planter here. For several years he had been a conspicuous figure on the Eugene streets, working seldom, if ever, and living from a small inheritance.

While Ritchie is not announcing his programme, due to quarantine conditions, it is certain a fine card will be staged and the same is not worrying in the least as to who they are going to see. They know it will be a real boxing card.

TWO-GAME PLAN REJECTED

Interscholastic Directors Order New Basketball Schedule.

The directors of the Portland Interscholastic Athletic Association, who are the principals of the high schools, held a meeting at Multnomah Amateur Athletic Club yesterday afternoon and rejected the interscholastic basketball schedule drawn up by the coaches last week, which calls for each school to play each other school twice. The principals are not in favor of the two-game plan.

President S. F. Ball, of the Interscholastic Association, will call a meeting on the coaches again this week and instruct them to draw up a schedule calling for each school playing each other school once, the same as in basketball. Nothing else of importance was brought up at yesterday's meeting and another meeting has been called for next week. The coaches will probably get together today or tomorrow and draw up a new schedule.

By royal order, the celebration of Arber day has been made obligatory in every township and municipality in Spain, and tree planting is to be carried on upon a more extensive scale than heretofore.

TRAMBITAS PUTS ON POLISH FOR BARRIEAU BOUT.

OTHER SCRAPPERS ARE FIT

Victory for Chet Neff Over George Ingle Will Make Neff-Alex Battle Here Wednesday a Fight for Title.

"Fighting" Jimmy Darcy (Valley Trambitas) put in another day of hard work at the Rose City Athletic Club yesterday, and boxed like a champion. The battling Romanian is stepping 50 per cent better than he was when he left Portland for his second California trip, and if Frank Barrieau beats him he must be a good boy.

Darcy went four rounds with Joe Swain, the rugged Seattle middleweight, and four with his lightweight brother, Alex Trambitas.

"Fighting" Jimmy is out to beat Barrieau and beat him bad. In their last bout, which went four rounds, Trambitas did not get started until the fourth round, and then nearly knocked the rough Canadian boxes out. This time they will go six three-minute rounds, and Barrieau thinks he can stop Frank at that distance. Barrieau will arrive here tomorrow or Sunday.

Chet Neff, who meets Alex Trambitas in the wind-up, will meet George Ingle in Seattle on Tuesday night, March 26, for the Pacific Coast lightweight championship, which the latter won by a very close decision from Muff Bronson following the yearly clean-up of the train as soon as his bout with Ingle is over and arrive Wednesday morning for his bout here Wednesday night.

Neff is a strong, rugged boy, and "Caruso" Dan Salt is not afraid to let him take on two of the best lightweights around here two nights in succession.

If Chet beats Ingle Tuesday night and wins the title the Portland fans will get a chance to see a battle for the Pacific Coast lightweight championship in the semi-wind-up and Alex will get a chance to jump back in the limelight with a vengeance.

Stanley Willis, lightweight champion of Pennsylvania, is working at the Cornfoot Shipyards and training hard every night for his six-round contest with Pete Mitchell, the battling Dane. In the special event, Mitchell is also working in one of the local shipyards and is rounding into good condition.

The other bouts on the card are Joe Swain, of Seattle, vs. Pat Bradley, of St. Paul, 158 pounds, and Ted Hoke vs. Joe Hoff, 125 pounds. One other bout may be added to the card.

Every boxing match to be presented Wednesday night, except the two main events, is a hard-working man, and all are doing their training at the Rose City gym at night. The boys start working at about 7:30 and the public is admitted. Alex Trambitas is working at the Foundation Shipbuilding Company; Chet Neff is working in the shipyard in Seattle; Stan Willis is working at the Cornfoot Shipyards, while Mitchell is at either the Northwest or Columbia yards; Joe Swain is also working for the Cornfoot Shipyards; Ted Hoke is working at an iron foundry; Ted Hoke is at the Foundation plant and Joe Hoff is driving a laundry wagon.

Barrieau is working at the Union Iron Works in Oakland, Jimmy Darcy is an ironworker by trade and was employed at a local plant here before he left for California.
