

U.S. FREEDOM LOAN OF GERMANY WINS

Cabinet Members in Liberty Loan Interviews Point Out Grave Situation.

PUBLIC TOLD TO BUY BONDS

Defeat of Teutons Will Take Combined Punch of American People and Require Immense Expenditure of Men and Money.

WASHINGTON, April 5.—Unless Germany is beaten, American can hope for no freedom—that is the note running through statements by Cabinet members given out tonight in support of the third Liberty loan.

Secretary Lansing, acting Secretary of War, said in part:

"We realize the enormous task before us and we are confident of winning, but it will take the combined punch of the whole American people and will require an immense expenditure of men and money.

"If we are beaten in France, the struggle probably will be transferred to American soil. Plans of the invasion and subjugation of the United States are now on file in the office of the German general staff. This we know definitely.

"I strongly urge you to buy all the Liberty bonds that you can afford, and when a few more. Remember that the Germans issue no bonds for the money they extort from conquered peoples."

Secretary Daniels, of the Navy: "Our men in the trenches and on the ships are counting their lives as nothing and are maintaining the highest standards of American manhood and heroism. It is our privilege at home to sacrifice and sacrifice to provide the Government with the means to carry on the war.

Duty of All Defined.

"No man who values his freedom and loves the principles upon which our Government was established can afford to not contribute the limit to the third Liberty loan."

Secretary Lansing, of the State Department:

"The United States has been at war for a year. The first enthusiasm which followed the declaration that we would take up arms in the cause of liberty and justice has passed, but in its place there has come to the Nation a spirit of determination and self-sacrifice.

"Under the influence of this spirit the republic is pressing forward to the accomplishment of the mighty task which this war has imposed upon it. It is our privilege at home to sacrifice and sacrifice to provide the Government with the means to carry on the war."

Gregory Exhorts Loan Support.

Attorney-General Gregory: "To save the lives and liberties of ourselves and our children, we have been forced unwillingly to take up arms. To prevail we must dedicate to

PROTECT YOURSELF FROM TAKING COLD.

An epidemic of colds is raging throughout the United States. Colds sweep through the entire household, an entire city, an entire state.

Schools, stores and factories are suddenly crippled by the ravages of this highly contagious disease. Thousands lose their lives and millions suffer permanent injury.

The country sustains a staggering economic loss from the reduced efficiency of the afflicted. You can learn how to protect yourself and family from this scourge.

The United States Public Health Service has prepared a short and easy paper on the common cold, telling its causes and giving rules for prevention.

the farthest limit our every power. Shall we give or sacrifice less for freedom than our enemy gives for despotism? What shall a hoarded penny profit us if we must spend it only as slaves?"

Secretary Houston, of the Department of Agriculture:

"If we do not win this war we shall indefinitely face the interference of the Prussian autocracy or best perhaps, the intolerable burdens of militarism. To win this war we must have both men and money.

Postmaster-General Burleson: "One year ago we took up the gaze of battle flung in our faces by Germany. It is a righteous war, waged for our people. No money gives exhibition of patriotism was ever made than the response by them to the requests of President Wilson that they contribute to its support by purchasing our Government's obligations. He knows us not who doubts that the response will be far beyond the amount required."

Liberty Bonds Protect Homes.

Secretary Redfield, of the Department of Commerce: "Buying liberty bonds makes our homes safer, our business more secure, helps maintain America against enemies who mock at our power and think us weaker because we respect the rights of others."

Secretary Wilson, of the Department of Labor:

"The third Liberty loan has an even greater significance than the first two. They were the expression of instant and responsive patriotism. This serves a grim notice on the foe that America is in the fight until the lives of its people are safe from the assaults of barbarism, its institutions secure against the attacks of autocracy and the nations of the earth, including our own, are assured the opportunity of living their lives undisturbed by the power of militarism."
