

GOVERNOR TO TAKE REINS AT SPOKANE

Executive Leaves for Seat of I. W. W. Disturbance Prepared for Action.

MILITIA FORCE AVAILABLE

Intention, It Is Said, Is to Declare State Police Authority Over City and County—Martial Law Possible.

OLYMPIA, Wash., April 7.—(Special.)

—Governor Lister will leave Tacoma for Spokane at midnight, resolved, it is understood, to declare state police authority over both city and county. He will be accompanied by H. J. Moss, who as Adjutant-General of state forces, will execute the Governor's orders.

Moss has a militia force of 17 companies in the state, which was organized since the National Guard was federalized and sent to France. Spokane has a strong company of this militia, which will be directly under the Governor's charge if needed for policing.

Whether troops will actually be used, the Governor has stated, will depend upon the attitude of Spokane city and county officials.

Senator George L. Reid has been quoted as declaring that he would not surrender his force to state authority. If resistance of this kind is encountered Governor Lister's recourse will be a full declaration of martial law. The state militia companies organized under the Governor's command.

Plans Are Worked Out. Governor Lister worked today on plans for dealing with the Spokane situation and in conference with state military officials. The writ of state police authority he issues Saturday will not become effective until personally promulgated by the Governor in Spokane tomorrow, unless some other settlement is reached before his arrival there, which will be in the afternoon.

Nothing riotous is reported from Spokane today and the Governor said that he had received no alarming reports on the I. W. W. situation or other disturbances in the city and county appeal for state intervention. It is on this appeal, which several Spokane officials who signed it have since sought to nullify, that the Governor claims to be acting.

Sheriff's Authority Limited. C. B. Reed, chief of the state secret service, will go to Spokane tonight, and also E. J. Blaine, chairman of the Public Service Commission and the Governor's private counselor in I. W. W. matters.

Governor Lister says Sheriff Reid's published declarations of refusal to state authority have not been verified and amount to nothing if made, as state authority is indisputable when invoked. His present intention is to proceed with the police programme as outlined, but he declines to declare it officially until on the ground and ready to enforce it.

SPOKANE OFFICIALS ARE FIRM

Effort of Governor to Take Charge to Be Resisted. SPOKANE, April 7.—City officials were firm tonight in their determination not to surrender voluntarily to Governor Lister's police authority.

"I believe we have the I. W. W. situation well in hand and I can see no reason for state interference," said Commissioner John H. Tinsley, of the department of public safety tonight.

"I would not think of giving over my authority unless the Governor declares martial law."

Commissioner Tinsley said he had received no notification of refusal of the Governor and had heard of no developments in the situation since he sent the Governor a telegram last night, withdrawing on behalf of the city and county governments a request made by them last week that he send state troops to assist in controlling the I. W. W. situation.

"Twenty-five agitators are held by the police on agrarian charges and as being aliens or draft evaders. They were arrested with 48 others on Friday, after the Governor had formally declined the request of the city and county officials to send guards to assist in controlling his intention of assuming charge of the police authority here unless their request was withdrawn. The preliminary hearings of the prisoners are set for Wednesday in the municipal court.

"If the Governor can accomplish anything more than we have already done, we will welcome him," said Mayor C. M. Fassett. "If he cannot, we have done everything possible, he will be a welcome visitor anyway."

April 11, at 11 A. M. Lunch will be served promptly at 1 P. M. All residents and sojourning Royal Neighbors and friends are welcome.

On Thursday evening, at the manse of the Piedmont Presbyterian Church, Oliver M. Barber and Miss Pearl C. Konkel were united in marriage by Rev. A. I. Hutchinson. They will be at home at the home of friends at 293 Simpson avenue after April 18. The wedding was a complete surprise to the friends of both bride and bridegroom, as the announcement of the plans for approaching nuptials had been made.

Miss Marie Daniels, of Portland, who has been visiting Mrs. Joseph Wood at the Nautilus, Long Beach, Cal., for a period of six weeks, returned on Saturday. Several social gatherings were given for Miss Daniels while she was sojourning at the attractive resort.

The Wisconsin Society will hold its monthly meeting at the Portland Social Turnverein Hall, Thirteenth and Main streets, Thursday evening, April 11. The evening's entertainment will be cards and dancing, after a short programme. All former Wisconsinites and soldiers and sailors from Wisconsin are cordially invited.

The Cadet Club of Artisan Assembly No. 1 will hold a party on Thursday night in Woodmen of the World Hall, 113 Eleventh street.

Miss Esther Allen, 514 East Market street, will entertain the V. L. A. Club of the White Temple, Friday evening.

Mr. and Mrs. H. D. G. Baxter are being congratulated on the arrival of a son, born on Liberty Saturday. The baby's father is in the United States engineering service.

Misses Burnett and Carmel Sheagreen entertained about 50 of their friends Saturday night with a dancing party at 135 Nebraska avenue. The residence was beautifully decorated with yellow and white flowers and spring refreshments were served. The way gave a solo dance during the evening.
