Portland Men Waive Claims in Asking to Be Inducted Into Service at Once.

BOARDS COMPLETE LISTS

Registrants Being Notified to Report for Induction and Entrainment April 29—One Drafted of Division 7, Now in Shanghai.

So eager are two Portland patriots of draft age to see their country's service they have had themselves advanced from far down the line in order to be sent to Camp Lewis with the next quota of selected men.

Registrants Not Replaced. Inclusion of these two "rain-to-fight" patriots does not replace other registrants. It merely means that board No. 8 will send 25 instead of 21 inducted men to the contingent.

Division No. 7 has one man of its list at Shanghai, China. He is Victor W. Henningsen. He is being included for induction at the stated time, but in the meantime an extra man is being forwarded under the latest call.

OFFICIAL WAR REPORTS

British. LONDON, April 11.—The official report from Field Marshal Haig's headquarters in France tonight reads: "The enemy, pressing his attacks strongly throughout the day on the whole northern battle front. Heavy and continuous assaults have been directed by fresh German divisions in the region of the River Lawe Between Lohme and Lestrem."

German. BERLIN, via London, April 11.—The official communication issued from general headquarters this evening says: "The battle near Armentieres is taking a further favorable course. We have penetrated into the suburbs of Armentieres. South of Estaires the Lawe has been crossed at some points. The battle of Armentieres has been in full swing since April 8. Between Armentieres and Perubert General von Quast's army has captured English and Portuguese positions on the southern bank of the Lawe. After storming the Grenier wood and Neuve Chapelle in its first assault across the swampy crater field, it overpowered the wide plain prepared for stubborn resistance, with its innumerable farms and houses and clusters of trees, which by the labor of years had been constructed into strong points of support."

French. PARIS, April 11.—The War Office today issued the following statement: "French artillery developed activity in the course of the night between Montdidier and Noyon. A German detachment was caught under the French fire in the region of Orville-Sorel and dispersed before it was able to approach our lines."

Italian. ROME, April 10.—The official statement from the Italian War Office today tells of artillery activity throughout Wednesday between the Asiatico and Cerreto front. "At Asiatico enemy patrols, faced by patrols of the allies, were turned back," the statement says.

PAYMENT CHANGES SOUGHT

Request for Installment Method Received With Some Favor by Commissioner Roper—Rich Men Praised for Patriotism.

WASHINGTON, April 11.—Recent reports from revenue collectors indicate that the Government may receive from income and excess profits taxes in June much more than the \$2,500,000,000 estimated. Some estimates, based on preliminary examination of returns filed ten days ago, run as high as \$4,000,000,000.

Some Men Pledge. Mr. Roper promised that the Treasury would grant the request if the conditions of Government finances made it possible and advisable. Hereafter both Secretary McAdoo and Mr. Roper have expressed themselves as opposed to the plan. "The liberty loan would be stimulated by making it possible for business concerns to pay their taxes in installments, the manufacturers declared. Under the present rule many feel that they are financially unable to buy liberty bonds for resale to employes and at the same time make arrangements for the tax outlays in June."
