REGION'S FAME REAL Lester Martin Sounds Praises of Lincoln County. LIBERTY DRIVE PUT OVER Yoast County's Citizens Republicans by Nature, According to County Committeeman, Here for Mr. Hays' Reception. Lincoln County may not loom large in the matter of population, but its patriotism and valuable native resources it is a region on the map of Oregon not to be sniffed at, according to modest statements of Lester Martin, Republican county committeeman, who visited Portland yesterday to attend the reception honoring Will H. Hays. One minute after the third liberty loan drive opened Lincoln County was "over the top," Mr. Martin said. It is to contribute spruce to the Government with lavish hand, has dairy and fish industries nicely developed and boasts sundry other good points not to be overlooked. Quite naively Mr. Martin did a good job of press-agencying his section. "I am from Lincoln County," he said, "and as the name indicates, we are Republicans. Republicanism in Lincoln County is like built-in furniture—you would have to wreck the house to pry it loose. Lincoln County is sparsely populated, but having less than 8000 population, but when the last liberty bond drive came to us through the influence and

keen interest of your chairman, E. J. Abby and his assisting committee, Lincoln County went "over the top" in one minute after 3 A. M., the morning the drive opened. When banking hours closed we had doubled our quota and today we have more than tripled it. Our fishermen deserve a lot of credit for this, as the fishing and crabbing is our only industry now, with dairying in its infancy. "Lincoln County is a forest of the finest fir and spruce in Oregon. We are contributing our spruce to Uncle Sam today. Camps are being located throughout the Siletz reservation by the Warren Spruce Company, which will build a logging road from Toledo Bay to Yachats, a distance of 24 miles, in almost complete. A logging road into this spruce forest will open the way to more than \$50,000,000 feet of the finest spruce in the United States. "We have coal in abundance and the finest prospects of oil found near Waldport. We are now building our jetty on South Yachats Bay, at a cost of \$125,000, with promises and recommendations of Government officials of an equal amount to be spent by the Government on the North Jetty, which will give Yachats Bay a depth of 22 feet at the lowest tide. The halibut beds are in sight of Newport. The Newport fish and cold storage plant is freezing 100 tons of herring for halibut fishermen this Summer. "Fishing? Why I don't dare tell you how plentiful the trout are in our streams. An angler told me, 'long about April 1, that they were so plentiful on the Big Elk River he had to hide behind a tree to bait his hook. I am an angler myself. It's back to Lincoln County for me, you bet.'"

HOQUIAM PASTOR FREED. DR. J. E. CARSTEIN CLEARED OF DISLOYALTY CHARGE. Federal Grand Jury Fails to Find Case Against Evangelist Accused of Seditious Statements. TACOMA, Wash., April 12.—(Special.)—Dr. J. E. Carstein, Finnish Baptist evangelist arrested at Hoquiam on an espionage charge, was cleared today by a Federal grand jury, which could not find a case against him. Dr. Carstein was alleged to have made disloyal statements from the pulpit and to have urged draft evasion. John Ulmer, Montasano; William Vormelker and William Crumley, alleged violators of the espionage act, were freed also. The case of Victor Hill, of Clarke County, accused of offering \$15 to E. S. Biesecker, county exemption officer, was continued before the jury. Fred Tempus, Vancouver, Wash., attorney, appeared for Hill. John Hughes, Centralia, was indicted on the charge of selling explosives without a Government license and bail was placed at \$1000. Henry Austin, Fred Johnson and H. C. Hill, alias H. C. Duke, all of Clatsop County, will be tried before a petit jury on a theft charge. A secret indictment in which bail was fixed at \$5000 was returned.

SAFETY TO BE TAUGHT. COMMISSION REORGANIZES TO BROADEN SCOPE. Campaign Will Be Inaugurated to Reduce Number of Accidents on Streets and in Plants. In order to broaden the scope of its activities, reorganization of the safety first commission was effected at a special meeting held yesterday. H. L. Coffin, who has been chairman for nearly three years, resigned and was elected executive secretary-manager; J. J. Jaeger, of Jaeger Bros., was named chairman, and B. F. Boynton, of the Portland Railway, Light & Power Company, resigned as secretary, and the details of that office will be looked after by Mr. Coffin. The commission will inaugurate a campaign to reduce the number of accidents not only in vehicular and streetcar traffic, but also in the industrial plants of the community. Requests from labor organizations for co-operation in the movement to prevent accidents will be met with a hearty response on the part of the commission. The members of the commission are: Mayor Baker, ex-officio; Chief of Police Johnson, E. F. Dowell, Fire Marshal Grenfell, J. P. Jaeger, H. P. Coffin, Arthur M. Churchill, H. E. Thomas, Guy W. Talbot, B. F. Boynton, R. L. Whitrow, Dr. A. E. Hockey, F. L. Burkhalter, Superintendent of Schools Alderman, A. H. Averill and Marshall N. Dana.

SHOE STORE IS RANSACKED. Forest Grove Shop Visited by Thieves Who Take Much Merchandise. FOREST GROVE, Or., April 12.—(Special.)—Robbers broke into Dan Parsons' harness shop here this morning about 1 o'clock. The harness shop is on the main street of the town and three men drove up in an auto, piled open the door and robbed the store. Mr. Parsons carries a line of shoes, and the thieves selected certain kinds of dress shoes, being particular about the sizes, taking 7 to 7 1/2 in size. They filled a black suitcase with men's shirts and took at least two fine overcoats. While one of the men watched the night police, who was making his rounds in another part of the business district, the other two did the plundering. When the patrolman approached that section the man on watch gave the signal with the auto horn and the robbers merged with arms full of merchandise. They made their escape toward Portland.

Itching, Scratching, Skin Diseases That Burn Like Flames of Fire. Here is a Sensible Treatment That Gets Prompt Results. For real, downright, harassing discomfort, very few disorders can approach so-called skin diseases, such as Eczema, Tetter, Bolls, eruptions, scaly irritations and similar skin troubles, notwithstanding the lavish use of salves, lotions, washes and other treatment applied externally to the irritated parts. No one ever heard of a person being afflicted with any form of skin diseases whose blood was in good condition. Therefore, it is but logical to conclude that the proper method of treatment for pimples, blotches, sores, boils, rough, red and scaly skin is to purify the blood and remove the tiny germs of pollution that break through and manifest their presence on the surface of the skin. People in all parts of the country have written us how they were completely rid of every trace of these disorders by the use of S. S. S. the matchless, purely vegetable, blood purifier. S. S. S. goes direct to the center of the blood supply and purifies and cleanses it of every vestige of foreign matter, giving a clear and ruddy complexion that indicates perfect health. Write today for free medical advice regarding your case. Address Swift Specific Co., 443 Swift Laboratory, Atlanta, Ga. —Adv.

COVE, Or., April 12.—(Special.)—Professor J. W. L. Kaufmann, of the Sumpter public schools, is elected principal of the Cove public schools to the place of Professor Royal J. Allen, of Cove. All but two of the grade teachers were re-elected.

TUESDAY IS PORKLESS DAY. Food Administrator Emphasizes Need of Conservation. Whatever food regulations may be made in other parts of the West as regards meatless days, W. E. Ayer, Federal food administrator for Oregon, announced yesterday it is required that Tuesday shall be observed strictly in

AUTO TYPE TO BE CHANGED. Ambulance of Kind Used in France to Be Obtained by Portlanders. Inasmuch as the War Department has refused to accept an ambulance donated by Portland people for service with the Oregon regiment in France, Mayor Baker yesterday started plans for change of the type of machine so it can be accepted. The Government's complaint is that the ambulance is not of the type being used in France, and therefore cannot be accepted except to be used in the United States. The Mayor will insist that the company which sold the machine change it, inasmuch as its purpose was to serve the Oregon boys in France.

PULITZER IS OFF TODAY. Municipal Fish Boat to Make Third Trip to Newport Banks. The city's fish boat Joseph Pulitzer will start out today on her third expedition to the Newport halibut banks. She has been fitted up with ice and salt and will be taken out by practically the same crew as went on the second trip. On the first expedition a catch of 1200 pounds was made. Engine trouble developed and she had to return for repairs. On the second trip a total of 8000 pounds was caught and is being sold now on the city's fish market, Third and Yamhill streets.
