All solicitation on the part of workers ended last night. Colored captives are hereby instructed to return receipt books immediately to Liberty Temple.
Subscriptions for bonds will continue to be received at the banks and at Liberty Temple until May 4.
Work of compilation has been seriously retarded because workers have not returned their receipt books. Workers are therefore, hereby officially notified to send in their receipt books, whether they have additional prospects or not. The list of prospects with officials at the Temple, who will arrange to follow up prospects either through you or other workers.

CHARLES F. BERG, Acting Lieut-General.

Oregon has long since passed its quota of \$18,400,000 and is now on the highroad to \$25,000,000 with every indication of reaching the new goal.
Solicitation by campaign workers will stop in Portland, it has been decided, but loans will be taken at the banks and at the Liberty Temple until May 4.
One of the most masterful speakers who have visited Portland and Oregon for the third Liberty loan is Professor S. H. Clark, of the University of Chicago, who will speak tonight at 8 o'clock before an audience at the First Presbyterian Church.
Professor Clark is associated with the members' council of the four-minute men, and will address the Portland organization of patriotic speakers tomorrow noon at the Multnomah Hotel, but tonight's meeting will hear his message on the Liberty loan, his subject being "The Gravity of the Situation."

Numerous letters and messages received by the speakers' bureau from points where Professor Clark has appeared for the loan urge a large attendance in Portland, declaring him to be an orator of rare ability and a forceful exponent of facts vital to America.
Kenyon to Speak to Rotarians.
Senator Kenyon, who spoke last night at the Auditorium, will address the Rotary club at noon, when that organization assembles at luncheon at the Benson Hotel.
Friday will be observed as Liberty day, in accordance with the proclamation issued by President Wilson.
A community sing will be held at Liberty Temple on Friday noon, and the honor flag of state will be unfurled. It is also planned to present the awards to winners in the Liberty loan essay contest, in which children of all ages in the Portland schools were in competition.

Drafted Men to Be Honored.
On Saturday local men summoned in the selective draft will be honored at Liberty Temple at 11:30 A. M., a committee having requested immediately the plans for a patriotic demonstration. Following the programme at the Temple luncheon will be served to the men at the Portland Hotel, and a committee of the Honor Guard in charge of the tables. An escort will accompany them to the Union Station at 12:30, when they entrain for their homes. Julius L. Meier is chairman of the committee in charge.
All workers who helped in the construction of the Liberty Temple who have not received their bronze medal in accordance with the promise made by the personal letter of the committee in charge, are requested immediately to call at the Builder's Exchange, 201 Worcester building, so that the matter may be cleared up. Workers who are members of trades unions should get their medals from their secretary or some person properly authorized to sign for them at the Exchange.

\$100,000 Added to Oregon Fund.
An offer that is estimated upon to add \$100,000 to Oregon's Liberty loan total is that of the Equitable Life Assurance Society, which has set aside \$10,000,000 as a national fund for the purchase of Liberty bonds.
The plan is simplicity itself, and the loan to investors is made for a period of five years, semi-annual payments, installments, at 4 1/2 per cent interest, the same rate that the bonds bear. The purchaser pays the customary 10 per cent down, and the company pays the bill down from the Government, carrying it for the purchaser until his payments are completed. The company has set aside \$100,000 as Oregon's allotment.

Newspaper Editor Drops Dead.
MINNEAPOLIS, April 22.—W. H. Hunter, managing editor of the Minneapolis Tribune and one of the best-known newspaper men in the Northwest, dropped dead today. Mr. Hunter was stricken shortly after he left his office. He was 54 years of age.

Dandruff Surely Destroys the Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.
It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.
By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.
You will find, too, that all itching and itching of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Adv.

valry going on between Oregon and Iowa," said Senator Kenyon, speaking of the recent controversy which stated led the Union in filling its quota—a question which Oregon holds, by official advice, to have been definitely settled in the affirmative for our own state.

"If you got over the top first," continued Senator Kenyon, "we'll take off our hats and yell for Oregon. But, being so close to Missouri, we're waiting a little while to be shown. The fact is that Oregon and Iowa have set a pace for the whole United States."
"I wish the Kaiser could visit our country and see the enthusiasm," he said. "He would need any return ticket, either. And it is just such a spirit that we must maintain. It's not time to be glooming. It's time to grit our teeth and go straight through with this thing to the very end."

Hun Atrocities Stir World.
The wife of a French officer stationed near the front lines was about to be confined and medical assistance was distant. In his search for such services the officer recalled a German prisoner, close to whom was a noted surgeon in civil life. He called him on the case and the lives of his wife and her infant son were spared.

German Defeat Is Sure.
"We have the greatest country under the sun of heaven, the land of kindly sympathy, where hands grip firm and shall love their country as a lion loves blood, as a seagull loves the boundless blue, as an eagle loves the sky, as a patriot loves his country and his glorious United States of ours!"
"Every cent I have in the world is invested in these Liberty bonds. Which is the best investment I can make in a corporation or one in the United States? To my mind there is nothing to it. There is but one answer. Take a \$100 bill and contrast it with a Liberty bond. Why keep the bill in your pocket? Both bond and bill are backed by the United States Government and the United States nature has never shall repudiate a debt."

Pacifists Likened to Things.
"Because if there is such a man," shouted Bill, with reference to any who can and will not buy bonds. "Can't a man at all? He is a thing! Wolves howled when he was born and the devil laughed!"
"My brother Americans and citizens of Portland, I know that you have gone over the top. But don't stop there. Buy Liberty bonds, and buy, and buy, buy bonds until it hurts like hell, and then keep on buying."

Pro-Huns Held in Contempt.
Of English birth, he came to America years ago, his tool kit in his hand, as a laborer. He was a democrat and a pacifist. When the present war broke out he was a pronounced pacifist. He is a laborer, and he is a democrat, and he is a pacifist of the fighting type.
Never was an issue so clearly cut as this one, he declared, with freedom facing tyranny, and the rights of democracy imperiled in the contest. Six of his family sleep under French soil, dead on the field of honor; two of his

brothers are with Haig on the Picardy battle line.

He characterized the war as one in which the principles for which organized labor stands are at stake, and declared it to be the duty of all loyal workmen to defend the freedom that is an American heritage. For those who came to America penniless, who sought her bounty and prospered as they had no hope to prosper in the lands of their birth, and who seek now to retard the Nation's progress in the world war, he expressed contempt and loathing.

Shipworkers Cheer Speaker.

"When the war is over," he declared, "if I had my way I would say to such men—'Pack up your grip and go back to whence you came!'"
Mr. Barker addressed a meeting of shipbuilders at the Northwest Steel plant yesterday afternoon, and departed for Portland on May 13, to fill speaking engagements to local shipyards.

GOVERNORS ASKED TO ACT

McAdoo Suggests That Next Friday Be Declared Legal Holiday in States—Daniels Calls on Navy All Over World.

WASHINGTON, April 22.—All Governors were asked today by Secretary McAdoo to declare next Friday a state legal holiday, as President Wilson has proclaimed it a National holiday, to aid the Liberty day celebrations by which it is hoped to boost sales of Liberty bonds well along toward the three billion dollar minimum.

Just as the Nation's offerings of Liberty dollars passed \$1,500,000,000 today, the St. Louis and Minneapolis Federal Reserve district managers sent word that they had exceeded their subscriptions of \$10,000,000 and \$102,000,000 respectively.

The Minneapolis district record is considered particularly remarkable, considering that it started its canvass just a week ago today. By official reports tonight the St. Louis district had subscribed only 25 per cent of its quota and Minneapolis 59 per cent.

"If April 26 cannot be made a legal holiday," Mr. McAdoo asked the Governors, "will you not urge that stores and all public places be closed on the afternoon of that day and that the people in the cities, towns and country districts join in appropriate ceremonies?"

Wide Co-operation Sought.
"I have requested the organizations co-operating in the Liberty loan campaign to do everything in their power to encourage patriotic demonstrations on that day and to promote the success of the Liberty loan."
"May I not also suggest that in your proclamation you request the Mayors and other local governing authorities to make it a special point to co-operate in their several localities to celebrate Liberty day?"

To promote Liberty day Secretary Daniels today abandoned plans for making Wednesday a special Navy Liberty Loan day. He sent a radio message to all ships, shore stations and naval camps all over the world, suggesting rallies and the gathering of subscriptions Friday.

His message said:
"Let us all join together and by our subscriptions on that day indicate to the world that we are solidly behind our Commander-in-Chief, and that in neither life nor fortune do we ever place any limit upon its support of the Nation's cause."

Nearly Half Subscribed.
Official reports tonight to the Treasury, covering business up to this morning, gave the total of loan subscriptions as \$1,490,555,500, but officials said it was certain that reports to be filed later tonight, representing today's work, would send the amount far beyond \$1,500,000,000.

Subscriptions by districts were announced as follows:
District Subscriptions Per.
St. Louis \$122,154,400 29
Kansas City 25,838,750 84
Minneapolis 61,988,400 59
Chicago 127,816,600 49
Dallas 45,161,450 56
San Francisco 114,270,000 54
Boston 127,816,600 49
Cleveland 139,012,450 44
Philadelphia 139,012,450 44
New York 380,812,900 43
Richmond 43,925,300 35
Atlanta 12,640,750 14

Although on the face of the reports to the Treasury, the New York district was tenth in the percentage standing, advice tonight indicated that today's subscriptions had been heavy.

The claim of Utah of having passed the 100 per cent mark was officially recognized by the Treasury today, and official reports are awaited in support of similar claims of the state of Washington.

1600 Honor Flags Awarded.
Chicago district headquarters reported today that 1600 honor flags had been awarded communities, giving this district the record.

In the Cleveland district 438 communities have won flags and in the Philadelphia district 85.
Pennsylvania, outside of Philadelphia, has subscribed \$4,556,000; Philadelphia \$4,571,000; Lower New Jersey, \$3,293,000; and Delaware, \$4,838,000.

Women of the Atlanta district have started an intensive six-day soliciting campaign, canvassing for subscriptions.
