

MAYOR HAS PLAN TO ADVERTISE CITY

Executive Would Have All of Yards Launch Ship Day Mr. Schwab Visits Portland.

SCHEME TO BE CONSIDERED

Proposal Will Be Presented Today to Heads of All of Shipbuilding Plants and Will Probably Be Adopted if It Is Feasible.

By a series of ship launchings, Portland will demonstrate to the world at large, and to the heads of the fleet in particular, its importance as a shipbuilding center if a programme to be outlined by Mayor Baker to the heads of all shipbuilding plants in Portland today is adopted. The Mayor's scheme leaked out yesterday with the calling of the meeting for 2:30 o'clock this afternoon.

Mr. Schwab, who now heads the shipbuilding work of the Government, will visit Portland the latter part of this month. The plan is to have every ship plant in the city launch a ship on that day as a means of impressing on Mr. Schwab and on the world the fact that Portland is going far ahead in the shipbuilding programme.

Meeting Is Arranged. Mayor Baker wrote to District Supervisor Wentworth of the United States Shipping Board Emergency Fleet Corporation, last week suggesting the plan and urging Mr. Wentworth to initiate it. Mr. Wentworth in a letter sent to the Mayor later put the stamp of approval on the plan and urged Mayor Baker to take charge. The Mayor forthwith arranged for the meeting scheduled for this afternoon.

Several of the shipbuilders already have expressed a willingness to cooperate in the plan and at the meeting this afternoon if there are no obstacles the definite programme will be worked out.

"It seems to me that it would be a wonderful thing all around for Portland to enter the eyes of Mr. Schwab by taking him from yard to yard according to a schedule and to have a launching in each yard," said the Mayor in his letter to Mr. Wentworth. "The launchings could be accompanied by ceremonies of various sorts."

"Such a programme not only would give Mr. Schwab an insight into Portland's shipbuilding plants, but no doubt would impress him and the world at large that Portland is doing a big part and therefore is entitled to serious consideration in the campaign for more ships. In arranging for such a plan I would suggest that you take charge of affairs either personally or as chairman of a committee."

Mayor Advised to Act. In his answer Mr. Wentworth says, in part: "I believe this would give Portland an unusual opportunity to present to the executive directors of the Emergency Fleet Corporation our wonderful shipbuilding industry. I should object to Mr. Schwab's coming to having the programme for this occasion placed in my hands, for, as you know, I am an employee of the Emergency Fleet Corporation. Furthermore I know of no one in our city who is more capable of handling this matter than your good self, and I sincerely hope that you will take the matter in hand and see that Portland realizes the greatest possible benefits from Mr. Schwab's visit." The date of Mr. Schwab's visit to Portland has not been fixed yet, so far as known, but he is expected the latter part of May.

CHICAGO PAPERS MERGE

HERALD ACQUIRED BY COMPANY THAT OWNS EXAMINER.

Hearst Interests Now Control One of Only Two English Morning Dailies Left in Illinois City.

CHICAGO, April 30.—The Chicago Herald, it was announced today, has been sold to the Illinois Printing & Publishing Company, and will be consolidated with the Examiner. The transfer will take place tomorrow night.

The name of the paper will be the Herald and Examiner, and Arthur Brisbane is to be editor.

The Illinois Printing & Publishing Company has published the Chicago Examiner, one of William R. Hearst's papers, for a number of years.

In announcing the consolidation of the papers the Herald says: "This amalgamation of two great newspapers, making for still greater efficiency in news and other departments, applies to both daily and Sunday editions."

Consolidation, in line with modern business and newspaper development, offers opportunity for greater service to the public, simplifies the work of the newspaper in its distribution and concentrates the power of the business man in his announcements.

The interests of the Examiner property will be represented in the new editorship by Arthur Brisbane.

James Keeley has been invited abroad by two European governments for war work; to make certain investigations and report to the American people.

Mr. Keeley will be absent from America approximately three months. He will serve the Herald and Examiner in an advisory capacity, and it is hoped and expected that upon his return to this country Mr. Keeley will resume his work as editor.

Mr. Keeley purchased the Record-Herald and the Intercean four years ago, after serving as editor of the Tribune for a number of years, and named the combined papers the Herald.

The Record-Herald was a combination of the Record and the Times and the Herald, while the latter was a union of the Times and the Herald, so that the new paper to be issued May 1 is a combination of five Chicago morning newspapers, some of them dating back to the early days of Chicago journalism.

The combination of the Herald and Examiner leaves but two English morning papers in Chicago.

CUT IN SERVICE IS DUE

PORTLAND-SEATTLE RUN IS TO BE CHANGED IN FEW DAYS.

New Schedule Provides for Six Trains Daily Each Way; Tickets Will Be Interchangeable.

Reductions in train service between Portland and Seattle in line with wartime traffic economies recommended under Government control will go into effect not later than May 12, according to advices received yesterday from Regional Director Ashton, of Chicago, to whom the railways submitted a modified plan two weeks ago.

In order that passengers may make any connections they may desire at Portland and Puget Sound points tickets on all trains will be interchangeable. This provision also includes all tickets to and from Grays Harbor and Willapa Harbor, where schedules will be changed to conform with main-line changes. The new schedule of Portland-Seattle trains will be as follows:

Leaving Seattle, southbound—Northern Pacific, 8 A. M. and 11:30 P. M.; Great Northern, 10 A. M. and 1 P. M.; O.-W. R. & N., 4 and 11 P. M. Leaving Seattle, northbound—Northern Pacific, 8 A. M. and 11:30 P. M.; O.-W. R. & N., 10 A. M. and 1:15 P. M.; Great Northern, 1 and 4 P. M.

It is anticipated that some changes may have to be made in Southern Pacific and O.-W. R. & N. schedules at Portland to conform to the new Portland-Seattle schedule. Seven hours is fixed as the minimum running time between the two cities, allowing for delays in handling Camp Lewis passenger traffic.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Young manhood or womanhood is the time to start saving, when you are fresh, vigorous, able to sacrifice a little.
