R. A. Leiter Speaks on War Service

of Public Utilities.

Data bearing on the relation of public utilities to the war programme were given yesterday in an address by R. A. Leiter before the weekly luncheon of the Ad Club.

Mr. Leiter declared, in speaking of the Portland Railway, Light & Power Company, that 50 per cent of that company's equipment is now engaged in serving industries in this city which 155 are essential to the progress of the

streets there bobbed the rainproof and the perennial derby, but the merry month of May opened with scarce a tribute in the way of "straw lida."

Nobody could blame the weather, for yesterday was well behaved and extended a genial reception to such straw hats as did appar, with neither wind nor rain to mar their advent. At long intervals, if one watched the passersby, a straw hat of last year's weaving sersby, a straw hat of last year's weaving eame hurrying by. But of the bright, new styles there was a dearth that amounted to almost utter absence.

PARTICIPATION IN OREGON'S FIRST CONFERENCE IS URGED.

Governor Withycombe Expects General Plan for Handling Wartime Emergencies Can Be Arranged

A call to war workers in the state to participate in Oregon's first war conference to be held in the Auditorium May 22 and 23 has been issued by Governor Withycombe. The plan of the conference has received the hearty support of the Governor, who declares that through such a meeting a general plan for holding various wartime emer-

gencies can be arranged.
"So many of the wartime emergen-cies arising in the various local communities are of a similar nature," says the Governor, "that it would be both helpful and wise to exchange views looking toward a uniform or co-opera-tive treatment of the different situa-tions insofar as a general plan could be worked out feasibly and compre-

hensively.

"The success of the coming conference depends largely, of course, upon the measure of support given by the war workers of Oregon, who have thus far enthusiastically and whole-heartedly promoted the general patriotic programme. May I not, therefore, rely upon the loyal people of Oregon assist the State Council of Defense accomplishing constructive results?
