Indications Are That at Least \$5000 Will Be Raised Through Sale of Two New Chevrolet Automobiles Given for Auction.

A large cheese, a sample of Tillamook's choicest dairy products, will be one of the offerings at the Red Cross auction in front of the Liberty Temple next Thursday. The auction will begin at noon and will continue throughout the day. It will end late in the evening when it is expected that an immense crowd will be attracted by the numerous and novel offerings.

The cheese to be sold comes as a donation from the Tillamook Rifle Club, the home guard organisation of that city. R. C. Jones, president of the club, in a letter received Saturday, tells how it came to be sent.

Oriental Rug Another Gift.

A handsome Oriental rug is another donation for the auction that has just been received. It is the gift of Atiyeh Bros., rug dealers. The rug is very valuable and should attract a large number of citizens who will not only have an opportunity to bid on a handsome and rare rug, but to know that the money will all go to the Red Cross. Indications are that at least \$5000 will be raised through the sale of the two Chevrolet automobiles which were donated to the Red Cross and are betwo Chevrolet automobiles which were donated to the Red Cross and are being disposed of by the auction committee. Friday and Saturday nights young women in Red Cross costumes conducted a street sale of tickets on these automobiles with the result that in the neighborhood of \$2000 has already been raised. RESIDENCE CAPTAINS MUST ATTEND LIBERTY TEMPLE MEETING, 8 o'CLOCK.

Every captain in both the East Side and the West Side divisions must attend the official "kick-off" meeting in Liberty Temple at 8 o'clock tonight. This meeting is of vital interest to the campaign. A matter of the utmost importance which affects the drive, will be disclosed to every captain. Captains who have not communicated with their colonels. mmunicated with their colonels communicated with their colonels, or obtained their supplies, should do so during the day. They will be found at Liberty Temple. This is our appeal, but an order of the American Red Cross. RUFUS C. HOLMAN,

FRED W. BURGARD, FRANK McCRILLIS, W. J. HOFMANN, Lieutenant-Colonel.

Perhaps the most remarkable organzation known in any campaign has mpleted in the residence sections of Portland and in the balance of Multnomah County, outside the down-town section of Portland.

While the more spectacular downtown efforts for the American Red Cross second war fund naturally at-Cross second war fund naturally attract attention, in the residence divisions 325 square miles of territory have to be covered, and there each captain will canvass one square mile. While Henry E. Reed is manager of this immense district, he lays special stress on the work to be done by Dr. H. C. Fixott, for the county; Rufus C. Holman, colonel, and Fred W. Burgard, lieutenant-colonel, on the West Side, and Frank McCrillis and W. J. Hofmann, colonel and lieutenant-colonel on the East Side.

Holman Organizes Forces.

Mr. McCrillis and Mr. Hofmann have practically completed their organization, yet Sunday they scoured the entire East Side, holding a series of conferences with precinct leaders, finding weak spots and personally enlisting friends in different sections to aid captains needing assistance.

Dr. H. C. Fixott reported to headquarters that all the country districts were ready with supplies in the hands of every captain.

of every captain.

Kick-off Meeting Called.

Both Mr. Holman and Mr. McCrillis

Both Mr. Holman and Mr. McCrillis lay special stress on the urgent need for every captain, no matter where he is located in the residence section district, to attend the kick-off meeting in Liberty Temple at 8 o'clock tonight. This meeting will not only be addressed by the campaign leaders but by one or more of the wounded Canadiaus here to speak for the Red Cross.

Some idea of the effort required in the organization of the downtown district may be gained from the fact that an entire week has been occupied in completing the 20 downtown teams, while in the residence sections there were just 15 times as many teams, each of the same size, to be completed. That this work has been practically completed, despite the exigencies of political campaigns and business needs, speaks for the organizing abilities of the leaders.

OAKS

Next Saturday Portland's most beautiful playground, the Oaks, will open its 1918 season, after months of preparation and building. And, oh the surprises that are in store for you! There are any number of entirely new attractions - but one stands out above all the rest, and that is "Hilarity Hall"; just the craziest house you have ever been in. There are stairways that rock and stairways that roll, floors that sink and seats that twirl-in fact, everything to make you laugh, whether you're ten or forty. Then we have engaged a splendid band under the direction of Eugene Cloffi, and the first concert will be given Saturday. The Oaks Park Band will feature programmes of a semi classical nature, at least one fine apectacular number will be played along with the popular and patriotic airs at each concert. A number of new little Summer houses have been built, for it was found last season that more people wanted to have picnic luncheons or suppers in the park than could be accommodated. All the little girls and boys will be interested to know that a little baby monkey has just arrived in time for the opening. He is the funniest little thing you have ever seen and causes all kinds of excitement among his relatives.

Plan to be at the Oaks next Saturday. The opening day will be the biggest day of the entire season.
