Snappy ties—50c, 75c, \$1, \$1.50 and up.

Socks—leading brands of course. Caps? Sure.

Straws and Panamas, too.

Last, but by no means least, or all, Suits. See our array of Kuppenheimer Suits—\$25, \$30, \$35 and up.

Items charged balance of month billed July 1.

Store closed all day tomorrow, Decoration Day.

Legs Clothing Co.

The Kuppenheimer House in Portland.

MORRISON AT FOURTH ST.

national self-respect. We made our choice in May, 1918, and are not sorry.

Lieutenant Roselli stated that the stories of German atrocities are true and could not be exaggerated.

One of the instruments was a heavy metal club about two feet long, with a lot of pegs projecting from the larger end.

"German mentality yields only to force," he said, "and it is only by force that we will finally conquer it."

TRANIENTS TO PAY BOND

Council to Vote on Measure to Regulate Itinerant Vendors.

Legislation to control and curb the "transient vendor" evil will be introduced to the City Council by Commissioner Kelliher at the request of the Greater Portland Plans Association.

Provision is made in the proposed ordinance that in cases where such merchants claim to be establishing permanent business in the city, a bond of \$1000 may be deposited in the Municipal Court to secure the payment of a license fee in the event that the merchants fail to carry out their promise.

At a meeting of the Republican central committee here yesterday, E. H. Barrett, Congressional committeeman...

Barrett, of Athens, son of State Senator Barrett, Congressional committeeman.

Japan has built at Tokio an astronomical observatory that for size and completeness will equal anything in the United States or Europe.

HAS GAINED FIFTEEN POUNDS ON TANLAC

William Carrick Says He Is Now Ready to Go Back to Work Again. "Before I began taking this Tanlac I scarcely weighed one hundred pounds, so today when I got on the scales and the beam went up to one hundred and fifteen, giving me a gain of fifteen pounds or more. I was one of the most surprised persons you ever saw."

The above statement was made by William Carrick, a well-known carpenter living at 702 1/2 Pacific ave., Tacoma, Wash., while in the French Drug Company's store recently.

"Several months ago I contracted a very hard, dry cough, which I could get nothing to relieve me of. There was a slight stuff-up feeling in my chest, and the strain from coughing at times would almost overcome my strength.

Then I commenced to cough up mucus and phlegm so much that it would not leave me. My appetite left me, my stomach got in a bad condition and I became very weak. I finally got in such a bad shape that I was forced to give up my work entirely.

For two months I was up and down, just hardly able to get around and for three weeks I was unable to leave my room. I was badly constipated and so nervous that I couldn't get to sleep at night. I got so I couldn't eat a thing except a small piece of toast and a little sweet milk, and even this failed to agree with me. I fell off until barely one hundred pounds, and was so weak and weak I couldn't even go down stairs.

"Then I decided to try Tanlac, as I had read so much about it in the papers, and my improvement has been a surprise to me. I am now 42 years old and a medicine is bound to be good that will do so much for one of my age in so short a time. I have just finished my second bottle and am feeling entirely well, and my appetite has improved until I can eat most anything without the least discomfort afterwards. My nerves are getting better all the time. I sleep well at night and feel so much stronger that I'm going right back to work. I have been so much benefited that I have written my sister, who has stomach trouble, sending her a clipping from the newspaper about Tanlac, and telling her whatever she does to try it as it certainly has done me a world of good."

Neglected coughs and colds result in catarrh and lung troubles. Catarrh of the stomach is the most frequent cause of dyspepsia, and catarrh of the nose and throat lead to inevitable death.

In the treatment of these troubles Tanlac is unquestionably the best and most satisfactory preparation known. Not only does Tanlac seem to remove the catarrhal secretions and allay the lung pain, but it is blood improving, appetite stimulating, nerve strengthening and uplifting. Tanlac will convince anyone who tries it that it is the most helpful and the most rational method for treating catarrh and its distressing consequences, and hundreds of testimonials are being received daily from people who have been benefited by its use.

Tanlac is sold in Portland by the Owl Drug Co., and in Vancouver by the A. C. Chamaero.
