

NOW IN PREPARATION THE MEIER & FRANK ROSE AND PEONY SHOW—BEGINS MONDAY, JUNE 10

STATE IS ASKED TO RAISE \$17,500,000

War Savings Stamp Drive in Oregon Scheduled to Take Place June 28.

COUNTY'S QUOTA \$6,000,000

Hard Work, With Everybody Helping, Will Mean Triumph in Great Crusade—All Expected to Buy to Limit.

Hard work and every one helping will enable Oregon to go over the top in the war savings stamp drive June 28. The allotment for Oregon is \$17,500,000. If everyone in the state would buy \$22 worth of stamps the drive would be done, but to make the drive a success, because there will be slackers and other people who will not come up to the mark, it will be necessary for those who will buy to pledge themselves to the limit and others must buy to limit.

The third liberty loan has affected the war savings stamps campaign, because the bulk of the liberty bonds of the third issue was absorbed by the people of moderate means.

If 17,000,000 people of the \$60,000 in Oregon will each pledge themselves to take \$100 maturity value, of the stamps, the quota will be completed. The "Limit Club" is looked to for material assistance in putting Oregon across in the war savings stamps drive. The Limit Club will consist of individuals who have taken the limit of stamps, this limit being \$1000 maturity value, and if bought in June, membership in the Limit Club will be taken by those 14,000 men and women in Oregon who join the Limit Club who can insure the success of the drive.

Clubs Everywhere Plan.

Formation of Limit Clubs will be carried out in each county in the state by the local committees and most of these committees will arrange to have the names of the Limit Club members published in their local papers. Members of the Limit Club will be supplied with special buttons which they will have to pay for themselves, the cost of the button being about 15 or 20 cents.

While the rule is that one person should not possess more than \$1000 of matured value of stamps, there is nothing to prevent wealthy men and women from buying the limit for each member of the family. This is expected of the well-to-do people of Oregon, for otherwise the bulk of the stamps will have to be taken by those who can less afford heavy investments and it would be a reflection on the wealthy.

Six Million County's Quota.

More than \$6,000,000 will have to be raised in Multnomah County. It is possible, for \$2,000,000 or \$3,000,000 will be obtained through membership in the Limit Club. A special organization will probably be organized to express object of signing up members in the Limit Club for this city, this organization being something on the order of the flying squadrons which have distinguished themselves in obtaining large contributions and subscriptions in other drives.

Reports from up-state indicate that the Limit Club will be well patronized when the war savings stamp drive gets under way and there will not be a school district in Oregon but will endeavor to have representatives in the club.

ARMY PLAN CONSIDERED

CITY TO STUDY TYPE OF HOSPITALS AND BARRACKS.

Extension to Woman's Detention Home Near Troutdale Greatly Needed. State to Be Asked to Help.

Extensions to the woman's detention home, now under construction, near Troutdale will be on the Army plan of hospitals and barracks, if the opinion expressed by the City Commissioners yesterday is fully acted on.

City Health Officer Parrish, Chief of Police N. F. Johnson and Building Inspector Plummer will visit Vancouver Barracks and Army cantonment today to study the type of buildings erected to care for the sick soldiers. If it is possible, the plans used in the construction of the buildings will be procured for use in future extensions to the Cedars.

The woman's detention home is built in three units, one building to be used as the administration building and two others for the exclusive housing of patients. Under the present plans 43 patients can be cared for, but this is inadequate, as there are now 57 girls under treatment at Kelly Butte.

A plan has been suggested by Chief of Police Johnson for the building of ten additional rooms in the administration building, but the cost of this extension is \$100,000. He held its approval until the Army plan of buildings can be thoroughly investigated.

The City Council has agreed to care for all girls sent to Portland from outside points throughout the state, and the State Board of Health is to pay for the treatment. Inasmuch as the buildings now under erection are inadequate to care for the woman afflicted with social diseases and arrested in Portland, the Commissioners have suggested that the state furnish the money to build additional barracks to house all women received from outside points.

Officials of the Oregon Hygiene Society will be asked by the council to go before the State Board of Health with such a proposition. The city has no funds with which to make extensive additions to the present plans.

FUEL CONSUMER WARNED

Buy Now, Is Advice of Oregon Fuel Administrator's Office.

"If you want to keep warm next winter, buy immediately," advises Miss Margaret E. Burns, executive secretary of the Oregon Fuel Administration, who returned Sunday from Chicago, where she represented the Oregon Administration at a meeting of the International Railway Fuel Association, held under the auspices of the United States Fuel Administration and the United States Railroad Administration on May 23 and 24.

Miss Burns says that, from what she heard at the meeting, there is very grave danger of the fuel situation becoming even more serious this winter than it was last unless the people purchase their coal while there are enough cars to take care of the transportation of it.

"Some Shirt Sale"!

That was what we said—that was what we expected, what we KNEW—would be the verdict of Portland men. But even though we knew the values in this shirt sale to be of the most phenomenal, the most sensational character, we did not look for such a tremendous attendance as the sale has brought from its opening at 9 A. M. Tuesday until the time of this writing. The big thing for you to remember—if you have not shared and shared liberally in this sale's savings to date—is that it continues today with plenty of

Fine New Shirts Less Than Cost

By "less than cost" we mean less than present wholesale cost—less than it would cost us to go into the market and buy these shirts in quantities today. Six great sale groups at

98c-\$1.39-\$1.59-\$2.59-\$3.19-\$3.98

All the famous "Salisbury" make. All high-grade shirts, full cut, well made, guaranteed to fit. Negligee styles with soft turnback French cuffs—the ideal Summer shirts. —Blouse Shop, Fourth Floor.

SUMMER CAMP IS PLANNED

CONVENTION OF CHRISTIAN ENDEAVOURERS AUGUST 15 TO 19.

Newly Elected Officers of Multnomah County Union Installed at Sunnyside Congregational Church.

Miss Edna Whipple, the state Christian Endeavor president, installed the newly elected officers of the Multnomah County Union at their bi-monthly meeting Tuesday night at the Sunnyside Congregational Church. President, J. Everett Dotson; vice-president, LeRoy Robinson; secretary, Miss Emma Rehwalt; treasurer, E. G. See. Reports given by the chairman indi-

cate a successful year's work under the leadership of Miss Faye Steinmetz. The Sunnyside Congregational Society is reported the most efficient in the county, being the only one that has attained 100 per cent in the missionary department. The First Presbyterian Society is most efficient in social service.

June 23 a moonlight excursion has been planned. All arrangements for this is in charge of Frank Forrester, of the First Christian Society. Plans are made for the county convention at Jennings Lodge—a regular Summer camp. Everything is to be carried out in military style. J. Everett Dotson, chairman in charge, is to be given the title of "general." It is to be called "Camp Multnomah" and will be held from August 15 to 19.

Beautiful Katharine MacDonnell will be Charles Ray's leading woman in his next Paramount picture, "His Own Home Town."

U-BOATS STIR PEOPLE

DESCHUTES COUNTY INCREASES SAVINGS STAMP QUOTA.

New Self-Imposed Total of \$125,000, It Is Declared, Will Be Subscribed to the Last Cent.

Jumping its quota from \$70,720 to \$125,000 the war savings stamps committee of Deschutes County gives the first concrete evidence of the effect U-boats on the Atlantic Coast have had on the people of Oregon.

Upon the heels of the news that the Huns were sinking American steamers near American ports, the committee of Deschutes County met at Bend and unanimously decided to raise the quota

of the county \$55,000 more than the county had been requested to subscribe. People in Deschutes have bought about \$22,720 stamps and \$48,000 of its quota remains, but when the submarines began shooting up American ships in home waters it aroused the spirit of the committee and the voluntary increase was made. Furthermore, Robert W. Sawyer, writing to the state headquarters from Bend, declares the new quota of \$125,000 will be subscribed to the last cent.

When the word goes out of what Deschutes has done, it is probable the example will be emulated by other counties. One thing appears certain—the U-boats are proving the best publicity for the war savings stamps campaign that could be imagined, for they are impressing the public with the fact that the war is close at hand.

Eugene Man Aboard Cole.

EUGENE, Or., June 5.—(Special.)—Hollis W. Libby, Surveyor of Lane County, was aboard the schooner Ed-onion fields with excellent success, Su-

STATE CHARGES TO HELP Boys and Girls Will Be Sent Into Rural Districts.

SALEM, Or., June 5.—(Special.)—Boys and girls at the State Training School will be sent into the country to the berry patches and for other light work, as far as possible, this year.

State Treasurer Kay suggested such a move at a meeting of the Board of Control today, and the heads of the institutions said they would fall in line with the idea, as far as possible. Some of the boys have been working in the onion fields with excellent success, Su-

perintendent Gilbert reported, and many more could be sent out.

Governor Withcombe also asked Superintendent Stiner to make arrangements for the use of as many patients at the hospital as possible to pull flax when the time comes.
