## **MILLION YOUTHS** ENROLL FOR WAR

Calls for 200,000.

ARMY NOW OVER 2 MILLION

Provost Marshal-General's Latest Order to Mobilize Is Simultaneous With Registration of 1918.

WASHINGTON, June 5.—While a million young Americans just turned 21 were registered today for service in the war for world freedom, orders went out from the office of Provost Marshal-General Crowder to the Governors of all states, except /rizona, for mobilization between June 24 and 28 of 200,000 more registrants. This was in addition to 40,000 negro

men requisitioned today from 20 states and brings the total number of selective service men called to the colors to 1,595.704, and when they are in camp the Nation's Army will num-ber over 2,000,000 men.

The registration today apparently was attended by the perfect order that marked the enrolling a year ago of

marked the enrolling a year ago of 10,000,000 men.

The men who registered today have become of age since the first registration day, June 5, 1917. Military authorities estimate that from their number there will be had 750,000 men fit for active duty.

While an act of Congress requires that the new registrants has pleased at number there will be had 750,000 mon fit for active duty.

While an act of Congress requires that the new registrants be placed at the bottom of the class to which they June 18 and July 5.

are assigned, many of them may soon be called to the colors, as today's requisition upon Governors probably will exhaust the first class in some states. While no formal explanation was made, this was believed to have been the reason why Arizona was not included in today's call.

Four Euroliments Yearly Probable. Registration days for men become 21 years of age probably will be fixed every three months hereafter. It is estimated that 1,000,000 men become of age yearly, and the new registrants are expected to go far toward keeping up the first class in each state from which thus far all men for the National Army have been drawn

tional Army have been drawn.

Assignments for the men called to the colors under today's order indicate the rapidity with which troops now are moving overseas. In nearly every instance the registrants under today's requisition are assigned to National Army cantonwents whereas refional Army cantonments, whereas re-cently when calls were made it was necessary to send the men to National Guard, regular Army and other camps because the cantonments were filled.
Illinois is directed to furnish 28,500
men under the latest call, more than
double the number called from New York, which is second on the list, Pennsylvania is to furnish 12,000 and Minnesota 10,000.

Russian Agitators Find in Conviction of Alleged Bomb Murderer Argument Against Democracy.

WASHINGTON, June 5.—President Wilson has written a second letter to Governor Stephens, of California, urgins the pardon of Thomas J. Mooney.

The President asked for clemency for Mooney in March, but Governor Stephens replied that he could not act until an appeal for the convicted man had been passed upon by the courts. The courts have refused the plea.

Mooney was convicted of murder in connection with the bomb explosion that killed ten persons during San Francisco's preparedness parade July 22, 1916.
