The complications result from the unexpected appearance of a young lady who is identified with the name and address on the wedding announcements.

Willamette Woman Says Way Tanlac Relieved Her Is Nothing Less Than Wonderful.

Another wonderful indorsement for Tanlac that will be read with interest throughout this section was given by Mrs. Alice Allen, of Willamette, Oregon, while in the Owl Drug Store at Portland for more of the medicine re-

"I consider what Tanlac has done for me is nothing less than wonderful," said Mrs. Allen. "I have only taken one bottle, but have actually gained eight pounds and am feeling better than I have in ten years. I had suffered with my stomach so long that the trouble had become chronic. Ever since childhood, I might say, I have suffered in my right side, so a little less than two years ago it became necessary for my appendix to be removed. I had hopes that this operation would free me of all my trouble, but I have suffered ever since with pastricis I had no fered ever since with gastritis. I had no sppetite and everything I ate disagreed with me, causing gas, fermentation and shortness of breath. There was such a shortness of breath. There was such a pressure on my heart at times that I became uneasy for fear I might have heart trouble, and my stomach would swell and hurt me so I could hardly bear the pressure of my clothes. All my energy seemed to be gone, I felt tired and worn out all the time and just had to drag myself around I was so very drag myself around. I was so very ervous that I could hardly sleep and elt too weak and no account for any-

thing.

"Why, up to the time my aunt got me to taking Tanlac I was barely able to do my housework, but now I'm just like a different person and have strength to manage most any duties that come to hand.

My improvement began with my first for dozen of Tanlac Really I haven't

few doses of Taniac. Really, I haven't had any trouble with the gas forming on my stomach since I began taking it, and at, why, my appetite is so big I can hardly eat enough to satisfy me, and nothing hurts me in the least. It cornothing hurts me in the least. It certainly is a blessing to be able to eathearty, sleep good and feel well, like I do since I began using Taniac, and I can thoroughly appreciate it because I had suffered and been denied these privileges so long. But, the way Taniac has relieved me and is building me up tells the story of its value in my case better than I can tell it myself, and I think suffering people are fortunate to be able to get such a medicine."
