

OREGON TROOPS ARE SCATTERED

Many of Them Now in Advance Zone and Some May Be in Front Ranks.

ALL ARE ANXIOUS TO GO

There May Be American Soldiers in France Seeking Bomb-Proof Jobs, But Correspondent MacRae Says They Are Mighty Few.

OF ANY FRENCH VILLAGE OR TOWN, IS OF

greatly more importance than a United States Senator or even a perfectly useless Vice-President.

For example, when the regiment first moved into billets in this village the band gave a public concert. His honor was not notified, and the big, good-natured regimental adjutant, who in private life doubles in selling automobiles and catching salmon under the falls at Oregon City, used up several...

The Mayor explained his dear people came running to him, and not knowing why he could not explain. Hence, a Mayor being a person who must know all that is going on within his village, must in the future be notified, then by the aid of the village crier, with kettle drum, the proclamation should be read.

In order to make up for the oversight, the Colonel decided to hold a review in honor of the Mayor. This was done. All the line officers not on duty, all the medical officers, the chief billing officer, a French Colonel visiting the home folks, were detailed upon the Mayor's staff.

BEST PART OF STORY HELD BACK

It was a "bang up" review, held with the most improved military pomp and ceremony. The little Mayor, in his best of form, in a magnificent blue uniform, stride, was there with bells. Everybody, both young and old, had a chance to read the letter which the regimental adjutant composed and sent to his honor.

The French interpreter took the best part of two days to put the entire story in French. It was a great day for this village. The best part of the story will not be told here. The grand and glorious review will be reported in a future issue. Heed assured the grand wind-up could not have happened anywhere but in France, where the manners of its people are delightful, even if they do sometimes shock Mrs. Grundy.

EASTERN STAR ELEGTS

OREGON GRAND CHAPTER HOLDS 29TH ANNUAL SESSION. Flag Ceremony Takes Place at Opening Meeting; Installation to Be Tomorrow Evening.

With delegates from all over the state in attendance, the 29th annual session of the Oregon Grand Chapter, Order of the Eastern Star of Oregon held its first meeting in the Masonic Temple yesterday at 8 o'clock.

Routine business of the order occupied the morning session and the afternoon was devoted to election of the state officers as follows: Worthy Grand Warrant, Mrs. Mabel Young; assistant grand patron, Mrs. Albin McMurry; grand secretary, Miss Nellie McKinley; grand treasurer, Mrs. Mary E. Johnson; grand conductress, Mrs. Ida Umbach; assistant grand conductress, Mrs. Minnie Lettau; assistant grand patron, Ed A. Kilder.

The morning session opened with a flag ceremony and a speech of tribute by Miss Ethel Gaylord, worthy matron, Silver Wave Chapter No. 18. The address of welcome was given by Mrs. Lydia J. Campbell, worthy matron, Chapter No. 19. A response was made by Mrs. Mabel Young, associate grand matron. Following this response, there was a reception for the distinguished guest, Mrs. Elizabeth Wheeler, worthy grand marshal.

The opening social event of the session was the Eastern Star Board of Grand Officers, which met at the Hotel Monday evening. The meeting of the grand chapter will continue today with a memorial service for submarine victims, which will be held at 8 o'clock.

U-BOAT BELIEVED SENT TO BOTTOM

British Ship Said to Have Made Clean Hit at Distance of 150 Yards.

SEA STREWED WITH MINES

Sixteen Floating Explosives Picked Up Off Delaware Capes; Mysterious Sailors Land on Atlantic Coast.

AN ATLANTIC PORT, June 11.—A German submarine was attacked and apparently sunk by a British steamship a week ago Sunday morning off a British port, according to passengers on the vessel, which arrived here today.

A United States Army officer who saw the single shot fired at the U-boat, which was only 150 yards away, expressed the opinion that a clean hit was made.

CAPE MAY, N. J., June 11.—An incoming steamer reports having picked up a floating mine about four miles off Ship Shoal Island, Va. This is believed to be one of many mines set afloat by the German U-boats during their raid last week.

Sixteen mines have been found off the Delaware Capes. AN ATLANTIC PORT, June 11.—Soldiers searched a wood near here today for three sailors who appeared at the home of a woman here and asked for food. The woman said they wore a strange uniform and that only one of them could speak English. The men, she said, indicated that they landed in a small boat or on wreckage. Officials want to locate them to ascertain if they are Germans.

AN ATLANTIC PORT, June 11.—The Swedish steamship New Haven, a passenger and freight vessel operating off gross register, owned by the Swedish American Steamship Company, was sunk by a submarine May 20 in Mediterranean waters. It was learned here today from 12 members of the crew, who arrived as passengers on a French vessel.

AN ATLANTIC PORT, June 11.—A German submarine was sighted 250 miles off the New Jersey coast early last night by a British steamer, according to the officers of the vessel, which arrived here tonight. According to the officers, the submarine, which was not more than 100 yards from the steamer, was not in a position to launch a torpedo, nor did the U-boat open fire with its guns. The ship dashed for shore at full speed, zig-zagging, and saw no more of the submarine.

NORFOLK, Va., June 11.—To prevent information or supplies from reaching the German submarine, the committee of the middle Atlantic coast, port officials today issued orders placing coastwise shipping under the same regulations as are now enforced in trans-Atlantic commerce.

STAR OF CHILE FREE FROM ICE

Roosevelt Tows Alaskan Fishing Craft to Safety. WASHINGTON, June 11.—The Star of Chile, another of the Alaskan fleet which got stuck in the ice in Behring Sea, has been towed to safety by the Government steamer Roosevelt, according to word received today by the Bureau of Fisheries.

Survivors of the Tacoma, which was sunk, will be landed at the salmon cannerie on Bristol Bay. Apparently there has been no loss of life.

NEW WAR TAXES DISCUSSED

Installment Plan of Payment Will Be Provided. WASHINGTON, June 11.—Installment payment of war taxes will be provided for in the new revenue bill which the House ways and means committee is preparing to draft.

Chairman Kitchin disclosed this fact during today's hearing before the committee when Albert R. Palmer, of New York, representing a large number of corporations, urged that such provision be made. Details of the scheme are yet to be worked out.

Mr. Palmer advocated tax on gross sales, which he said would be less felt than the tax on war profits. He opposed a tax on stock dividends, contending that exemption from taxes should not be based on capital because of the widely varying revenues of companies operating along the same lines. He argued for a tax on gross income, which could be passed along easily to the consumer.

Foulois Assigned to First Army.

WASHINGTON, June 11.—Brigadier-General Benjamin D. Foulois has been detached from his post as chief of the air service of the American expeditionary forces and appointed by General Pershing as head of the air service of the "First Army." This information was received here today from Colonel Robert N. French, who will succeed General Foulois probably with early promotion to the rank of Brigadier-General.

FOR WEAK, PALE CHILDREN

Close confinement in school during the past winter, overstudy perhaps, an attack of the grip or tonsillitis, some one of these things is doubtless responsible for the condition of the child who shows a decline in health now. What are the symptoms? Pallor and languor, a fickle appetite, dark rings under the eyes, bronchial colds. Very often the best efforts of the family physician fail in such cases, and the condition of the child causes the most intense anxiety. Cod liver oil, so often prescribed, generally fails because the weak stomach is unable to digest fats.
