CAMPUS CLEARED FOR ACTION
Colonel Leader Estimates That 1200 Men Will Seek Training.
UNIVERSITY OF OREGON, Eugene, June 14.—(Special.)—With 80 men already selected from among the 300 who have made application for admission to the university Summer training camp, which will open on the campus June 24, Colonel John Leader, commanding officer, today announced that the enrollment would be kept below the 200 mark and limited to 200 if possible, in order to give the men benefit of as much individual instruction as possible.
All of the requirements for admission into the camp are being strictly enforced and only those applicants showing exceptional qualifications for the work are being admitted at the present time. At the rate applications are coming in now Colonel Leader estimates that there will be 1200 on file before the full number is selected. A large percentage of the men already selected, as well as the greater portion of those making application, are from Portland and, while the names are being withheld until the enrollment is completed, it is understood that several prominent young business and professional men of Portland are included in the number.
Besides the United States Army officer to be detailed to the encampment by the War Department, Colonel Leader has announced the following: Major Charles Comfort, head of officers' school and drill instructor of engineering; Lieutenant W. D. Smith, instructor of topography; Lieutenant A. E. Caswell, quartermaster.
