

VIENNA AT MERCY OF HUNGRY RIOTERS

Hoffburg Palace Attacked. Palace of Premier Stoned by Starving Mob.

TROOPS RUSH TO CAPITAL

Revolt Follows Reduction of Bread Ration—Germany Fails to Keep Promise to Feed Her War Ally.

LONDON, June 20.—More than 100,000 persons have gone on strike in the Vienna Arsenal and the Warschawski airplane works in Vienna, according to a dispatch from Zurich to the Exchange Telegraph.

The dispatch adds that riots have occurred at Favoriten, Margarethen, Ottakring and Brigittenau, suburbs of Vienna.

LONDON, June 20.—Serious rioting broke out in Vienna yesterday, says an Exchange Telegraph dispatch from Amsterdam. The mob broke into a number of bakeries, stoned the residence of the premier and also one of the wings of the Hofburg Palace, the message adds.

Cavalry is being rushed to the capital to restore order. It is probable, it is said, that martial law will be proclaimed. The rioting was in protest against the reductions of the bread ration.

Burgomaster Warns Premier. Burgomaster Weiss-Kirchner, of Vienna, has informed Premier von Seitzler, according to a dispatch from the Austrian capital transmitted by the correspondent at Amsterdam of the Exchange Telegraph Company, in view of the reduction of the bread ration he declines to guarantee order in the capital.

AMSTERDAM, June 20.—A Vienna dispatch to Berlin newspapers says that reduction of the bread ration in Austria-Hungary caused immense excitement throughout the dual monarchy.

All Austrian newspapers without distinction of party protest against the measure, demand its removal and ask immediate help from Germany and Hungary.

AMSTERDAM, June 19.—A Vienna dispatch published in the Berlin Zeitung Am Mittag gives an official statement of the Vienna City Council on the food situation in that city. The statement reads:

Food Agreement Broken. "Germany promised some weeks ago in a state treaty to undertake responsibility for the food supply for both the civilian population and the army, whether the supplies were drawn from Ukraine, Roumania or Germany's own reserve stock.

"Deliveries at first proceeded smoothly. For the last eight days, however, Germany has been in arrears of her quota.

"The statement adds that urgent appeals have been sent to the German officials saying that the situation is acute, particularly in munition centers.

COPENHAGEN, June 20.—According to the Vossische Zeitung, the Mayor of Vienna in a statement explaining the food situation has said that last month a proclamation was issued to farmers requesting them to deliver a certain amount to large towns.

The council had hoped to receive 10,000 carloads of grain, but as a matter of fact had received only 2500.

The Mayor also reported that after the last lot of potatoes is distributed this week the supply will be exhausted. The Mayor of Budapest, replying to a telegram requesting assistance, said conditions there were so bad that the people had not sufficient food for months.

AMSTERDAM, June 17.—For at least six weeks, says the Vienna Neue Presse, the people of Austria will have to exist on little more than salads and certain vegetables.

The bread allotment to each individual in the city of Vienna is now less than one and one-half pounds weekly. It was stated in a dispatch from Copenhagen on Tuesday. Protests against this rationing have been vehement from various quarters.

General Strike Feared. Strikes in Vienna and elsewhere have been one outgrowth of the situation, according to reports from Switzerland, and fears have been expressed in Austrian quarters that what would virtually amount to a general strike was imminent.

In one recent labor demonstration in Vienna the police had to be called upon to disperse the rioters, it was said.

Austria, it appears, is entering the new harvest year without any reserve stocks and is dependent upon Germany for such scanty supplies as she is receiving. Germany herself, however, is reported so short of stocks that she is able to extend little help. Seemingly there are still supplies in Hungary from which Austria might derive some small assistance, but appeals to the Hungarian authorities do not appear to have brought results.

Americans Take German Positions Before Cantigny.

U. S. BOYS ALSO GAIN SOUTH

Americans Northwest of Chateau Thierry Smash Germans and Push Ahead Five-eighths of Mile in Belleu Wood Region.

WITH THE AMERICAN ARMY IN FRANCE, June 20.—(By the Associated Press.)—At dawn today American troops stormed German trenches and machine gun nests in front of Cantigny, in the Montdidier sector. Those of the German garrison who remained to fight and carry out their orders to hold the positions at any cost were killed by rifle and machine-gun fire and bayonet.

The Americans also took prisoners. The German artillery put down a heavy box barrage on the rear of the enemy positions. A few minutes later the infantry swarmed over the top and rushed the trenches. Some of the Germans had tried to escape through the barrage, crashing to their rear, but few of them got through, for numerous German dead were found later.

Prisoners captured declare that they had orders to hold on at all costs, and this was apparent by the desperate manner in which they fought. The battle was short, but deadly, for the enemy positions were swept clean of the Germans. The official report says this a great many Germans were killed.

One machine gun nest containing eight men, which had been sprinkling Cantigny for some days, was blown up by a direct hit from a trench mortar bomb.

WITH THE AMERICAN FORCES ON THE MARNE, June 20.—(By the Associated Press.)—The enemy artillery has been more active on the Toul sector, since the heavy gassing to which the Americans subjected them yesterday. The infantry action has been confined, however, to an attempted raid, in which only 60 men participated, in spite of the German official statement which said that they had penetrated the American lines at Seicheprey.

Huns Use Many Shells. The Germans have thrown about 6000 shells along the American front in the Woivre.

BERLIN, via London, June 20.—German troops have penetrated deeply into American positions at Seicheprey, which lies to the east of St. Mihiel, and inflicted heavy losses on the defenders, according to the German official communication issued today.

The communication adds that attacks north of Chateau Thierry, where American troops also are fighting, failed.

the food administration will be used. Rules and regulations being formulated by the Bureau of Markets will be given out within a few weeks. Penalties for those who fail to obtain licenses are provided in the President's proclamation.

Officers of the Portland Union Stockyards Company approve of the action of the President in ordering all stockyards put under Federal license. As soon as officially advised, they will make application to the food administration for a license.

Operations at the local yard are conducted in an open manner to the satisfaction of shippers, and it is not believed that the new regulations will cause any change in the way of doing business here.

The recommendations of the livestock investigating committee have already been acted on in part by the United States Bureau of Markets, which issues a daily report on the distribution and destination of shipments, and in the larger markets of the East has begun the reporting of actual transactions.

FORESTS STILL ABLAZE

Fresh Fires Reported in Coeur d'Alene District.

Men Are Hushed to Scene of Latest Outbreak—Elsewhere Conditions More Favorable.

MISSOULA, Mont., June 20.—Continued dry weather, together with a stiff breeze blowing in the region of the north fork of the Coeur d'Alene River, was given as the cause today of fresh outbreaks of fire in the forests of the Coeur d'Alene. Twenty-five additional men were rushed to the scene to help in the work of stopping the flames.

Elsewhere reports were more encouraging, as the Coeur d'Alene forest being virtually under control. There is danger, however, in the Blackfoot Forest, where seven fires are burning near Fortine, north of Kalispell. These fires are not large, it is reported, and 25 men thus far have succeeded in keeping them under control.

Aeroplane Heard on Coos Bay

MARSHFIELD, Or., June 20.—(Special.)—Residents in several sections of the city and others at Englewood declare an airplane passed over this section at 2 o'clock this morning. Many people report hearing the sound of the engine and declare it could have been no other agency save a plane because "revvers" would be opened and the water, soaking in, would carry the sound.

He testified that of 115,117 pounds which had been "reprocessed" last Winter only 775 pounds were condemned.
