GUILTY, SAYS JURY IN SHAFFER CASE

Russellite Who Used Mails to Circulate Seditious Matter Convicted.

JURORS DEBATE 17 HOURS

Attorneys for Defense of Washington Man Expected to Ask for New Trial-Shaffer Is Undisturbed by Verdict.

SEATTLE, Wash., June 28 .- (Special.)-A verdict of guilty was returned this morning in the District Federal Court by the jury in the Frank Shaf-fer espionage case, after the jury had Interstate Commission Meets and Inbeen locked up 17 hours before it re-ported an agreement.

The trial, the second of its kind in the Federal Courts of the country, lasted the best part of Tuesday and all of Wednesday and Thursday, when the jury began its deliberations, at 4:30 o'clock in the afternoon.

the International Bible Students' As-sociation, was indicted on three counts, distributing "The Finished Mystery," a work that, while it bore the name of Pastor Russell, founder of the L. B. S. A., is said to have been compiled by Socialists for propaganda work over the world, even to Germany.

Second Count Is Proved. The first count accused Shaffer of distributing the book, the second of sending it through the mails, the third of having made false statements against

After a bitterly fought legal battle between counsel for the defense and the Government prosecutors; Judge Neterer ruled that the only count borne out by the testimony was the second, which charged Shaffer with using the mails to distribute seditious matter. The first and third counts were ruled out by the court, who instructed the jury to forget all about them and the testimony on those two counts and judge the defendant only on the second.

Case Bitterly Debated.

Just what happened in the jury room is not known, but it is understood

After a bitterly Debated.

Ad not been made to the bridge commission of the Captain's suggestion of boycott was not well received.

To meet the suggestion of competing lumber-producing districts that the firm anufacturers might not be able to make deliveries on time, the meeting decided to make up solid train loads every day for fast dispatch across the continent.

In addition every operator pledged himself to give personal attention to the forwarding of airplane stock from his mill. At the rate of delivery promised by the manufacturers the Vancouver and transformers for the operations of the draw span was awarded to Parker & Banfield, who submitted the only bid.

Demands Will Be Met.

Just what happened in the jury room is not known, but it is understood that the jury debated hotly and bitterly, many being against Shaffer and a minority in favor of the defendant. After the long night under lock and key, when court reconvened at 10 o'clock this morning, the jury had not reached an agreement and asked for further instructions from the court. Shortly after this the jury returned its

verdict of guilty against Shaffer on the second count. The defendant, who was under \$5000 he derendant, who was under \$50000 ball, heard the verdict without emotion. It is expected that the attorneys for the defense, E. D. Dailey and Judge W. R. Bell, of Everett, will ask for a new trial. The maximum punishment for the violation of the act is 20 years in jail and a \$10,000 fine. in jail and a \$10,000 fine. W. S. S.—BUY THE LIMIT—

THREE PROMINENT CITIZENS AR-RESTED FOR GAMBLING.

Oregon Military Police Takes Further Steps Toward Cleaning Up Moral Conditions at Senside City.

Arrests of three prominent citizens of Newport, Or., on a charge of gambling, were reported yesterday by Major Richard Deich, commander of the Oregon Military Police, on his return from a trip to Newport. Operations of two dauntless members of the state police brought this sensation and are turning the little city into a turnoil of excitement.

Just the lines which they are in school serves the time and study of every operator. The loggers will be asked to co-operate. As the fir logs are delivered they will be inspected and those that are capable of producing the state police brought this sensation and are turning the little city into a turnoil of excitement.

PORTLAND'S PROTEST BRINGS OUT LETTER OF MILD CENSURE.

Reply to Commissioners Says New Freight Rate From Washington is Increase of Only 45 Per Cent.

Mild censure against the City Commissioners of Portland was directed by F. W. Robinson, chairman of the Port-

F. W. Robinson, chairman of the Portland district, freight traffic committee, because of the recent protest made by the City Council against the Government's increase in coal freight rates.

The letter in part reads as follows:

"There is only one coal-producing section, on Coos Bay, and the production there is so limited that it is an unimportant market. The present rate to Portland is \$1.75 a ton, and this rate will, under the order, be advanced to \$2.30, because the present rate has not been increased since June 1, last.

From nearby points in Waspington all rates to Portland were advanced 15

coupled with the previous advance of 15 cents a ton, is a substantial increase and most likely will occasion an increase in the cost of coal to the consumer in Portland, but the previous rate of \$1 a ton referred to is one established saveral years are.

"It will be seen that as to the item of transportation cost alone the increase in 1918 over 1917 is 39 per cent and over 1915 161 per cent. The new rate of June 25 on coal from Washington points referred to Portland, represents an advance of only 45 per cent. resents an advance of only 45 per cent over the very low rate prior to 1915 under competitive conditions men-tioned." The protest against the advance of

the coal rates was made by the city upon recommendation of Edward M. ousin, traffic expert in the employ of

Vancouver Cut-Up Plant Will Get Minimum of 600 Carloads Monthly.

LUMBER TO SPEED EAST

Oregon and Washington Manufacturers to Give Personal Attention to Orders for U. S. and Allied Powers.

TACOMA, Wash., June 28 .- Fir lumber manufacturers of Oregon and Washington, in convention here today, oledged themselves to furnish at least 500 cars of airplane fir per month to the Government cut-up plant at Vancouver, Wash., and to speed solid train-loads of cantonment stock to Eastern destinations in record time.

While the meeting was in session telegrams were received from Washington, D. C., advising that the Government requirements for the next few months, exclusive of the airplane requirements, would aggregate 170,000,-000 feet of fir.

Large Orders Placed. Of this quantity, orders for 60,000,at Battle Creek, Mich., at Rockford, Ill., and at Des Moines, Ia., already have been placed with the fir produc-

tion board. Additional orders to be placed with-in the next few weeks will call for 80,000,000 feet for refrigerator cars, 25,000,000 for the Navy and 25,000,000 for construction of Daugherty type vessels in Eastern shipyards.
To meet the suggestion of competing

Major Everett G. Griggs, in charge of fir airplane production for the Sig-al Corps, assured the meeting that at this rate the demands of the United States and allied governments would

met.
The fir producers established a notable record for prompt and efficient delivery to Eastern cantonments a year ago and are pledged to excel

that record this year.

In addition to this every operator, in response to an appeal from Major Everett G. Griggs, in charge of fir airplane production for the Signal Corps, pledged himself to go home and give personal attention to the detail of formanding displace to the control of the second of of th warding sirplane stock from his re-spective mill.

"We need every log that contains airplane material," declared Major Griggs, "and want it coming so fast that it will flood our mill. Our Goverement is crying for fir airplane stock. The allied governments are crying for it. I know the industry is capable of producing it. I know you men want to produce it. Now go beme and see what you can do to meet this situation."

Personal Attention Solicited. At the suggestion of W. H. Boner, manager of the Weyerhauser mill at Everett, the presidents and managers storage room until the war is over.
The expense would be practically asked to give the production of airnothing except for materials, and it
would give the men training along
just the lines which they are in school

to go the various fir operations were
asked to give the production of airplane fir their personal attention. It
is a detail, he pointed out, that deserves the time and study of every
to go.

The meeting was one of the most important ever conducted by the association. Much time was devoted to reports from members of the organization who had attended the recent convention of the National Lumber still development or fermentation, it is waid.
